Abstract: On December 10, 2009, the U.S. Department of Education (Department) published final requirements and a State educational agency (SEA) application for School Improvement Grants (SIG) authorized under section 1003(g) of Title I of the Elementary and Secondary Education Act of 1965 (ESEA), as amended, and funded through the Department of Education Appropriations Act, 2009 (FY 2009) and the American Recovery and Reinvestment Act of 2009 (ARRA). On January 21, 2010, the Department published interim final requirements and a revised SEA application, which amended the final requirements and application issued in December. Together, these requirements are referred to in this document as "final requirements."

The final requirements define the criteria that an SEA must use to award ARRA and FY 2009 SIG funds to local educational agencies (LEAs). In awarding these funds, an SEA must give priority to the LEAs with the lowest-achieving schools that demonstrate the greatest need for the funds and the strongest commitment to using the funds to provide adequate resources to their lowest-achieving schools eligible to receive services provided through SIG funds in order to raise substantially the achievement of the students attending those schools.

The final requirements also include information collection activities covered under the Paperwork Reduction Act (PRA). The activities consist of: (1) A new application for an SEA to submit to the Department to apply for FY 2009 and ARRA SIG funds; (2) the reporting of specific school-level data on the use of SIG funds and specific interventions implemented in LEAs receiving SIG funds that the Department currently does not collect through ED Facts; (3) an application for an LEA to submit to its SEA to receive SIG funds; and (4) the SEA posting its LEAs' applications.

The Department received emergency approval of the information collection activities through June 30, 2010 at the same time it issued the final requirements. The Office of Management and Budget (OMB) also approved a change to the collection at the time the Department issued the interim requirements in January. These approvals permitted the SEA application process to begin so that students in the lowest-achieving schools will begin receiving the assistance they need as soon as possible. The information collection activities in the final requirements will continue past June 30th, however. Therefore, the Department is requesting regular approval of the information collection activities.
