SUPPLEMENTARY INFORMATION:
Summary: Pursuant to section 10(d) of the Federal Advisory Committee Act (FACA), 5 U.S.C. app.2, and section (c)(6) of the Government in the Sunshine Act, 5 U.S.C. 552b(c)(6), EPA has determined that the meeting and teleconference will be closed to the public. The purpose of the meeting and teleconference is for the Committee to discuss recommendations for the SAB regarding the recipients of the Agency’s 2010 Scientific and Technological Achievement Awards. These awards are established to honor and recognize EPA employees who have made outstanding contributions in the advancement of science and technology through their research and development activities, as exhibited in publication of their results in peer reviewed journals. I have determined that the SAB meeting and teleconference will be closed to the public because it is concerned with selecting employees deserving of awards. In making these recommendations, the Agency requires full and frank advice from the EPA Science Advisory Board. This advice will involve professional judgments on the relative merits of various employees and their respective work. Such personnel matters involve the discussion of information that is of a personal nature and the disclosure of which would be a clearly unwarranted invasion of personal privacy and, therefore, are protected from disclosure by section (c)(6) of the Government in the Sunshine Act, 5 U.S.C. 552b(c)(6).

Minutes of the meeting and teleconference will be kept and certified by the Chair.
