The closest station on the line is at Greenfield, Massachusetts, mileage 385.36. The territory is the responsibility of PAS General Manager and is under the direct control of the Dispatching District Four Train Operations Manager located at ST's North Billerica, Massachusetts, Operations Center. The modification consist of the discontinuance and removal of CPF–389, all associated appliances, and the installation of an automatic block signal at mile 391.20.
