SUPPLEMENTARY INFORMATION:

Title: Reporting and Recording Requirements for 7 CFR part 29.

OMB Number: 0581-0056.

Expiration Date of Approval: December 30, 2010.

Type of Request: Extension and revision of a currently approved information collection.

Abstract: The Tobacco Inspection Act (7 U.S.C. 511-511s) requires that all tobacco sold at designated auction markets in the U.S. be inspected and graded. The Appropriations Act (7 U.S.C. 511s note) requires that all tobacco eligible for price support in the U.S. be inspected and graded. The Fair and Equitable Tobacco Reform Act of 2004 (7 U.S.C. 518-519a) eliminated price supports and marketing quotas for all tobacco beginning with the 2005 crop year. Mandatory inspection and grading of domestic and imported tobacco was eliminated as well as the mandatory pesticide testing of imported tobacco and the tobacco market news program. The Tobacco Inspection Act also provides for interested parties to request inspection, pesticide testing, and grading services on a permissive basis. The information collection requirements authorized for the programs under the Tobacco Inspection Act and the Appropriations Act include: application for inspection of tobacco, application and other information used in the approval of new auction markets or the extension of services to designated tobacco markets, and the information required to be provided in connection with auction and nonauction sales.

Estimated Number of Respondents: 50.

Estimated Number of Responses per Respondent: 48.
