B. Self-Regulatory Organization's Statement on Burden on Competition

CBOE does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

The Exchange neither solicited nor received comments on the proposal.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the proposed rule change: (i) Does not significantly affect the protection of investors or the public interest; (ii) Does not impose any significant burden on competition; and (iii) does not become operative for 30 days after the date of the filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest, provided that the self-regulatory organization has given the Commission written notice of its intent to file the proposed rule change at least five business days prior to the date of filing of the proposed rule change or such shorter time as designated by the Commission, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act⁹ and Rule 19b-4(f)(6) thereunder.¹⁰

A proposed rule change filed under Rule 19b-4(f)(6) normally does not become operative for 30 days after the date of filing.¹¹ However, Rule 19b-4(f)(6)(iii) permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange requested that the Commission waive the 30-day operative delay, as specified in Rule 19b-4(f)(6)(iii),¹² which would make the rule change effective and operative upon filing. The Commission approved filings from the exchanges and the Financial Industry Regulatory Authority to institute a single stock trading pause for equity securities that experience a 10% change in price during a five minute period.¹³ The Commission believes that

waiving the 30-day operative delay is consistent with the protection of investors and the public interest because it will allow CBOE to halt trading for individual equity options at the same time that the primary listing market implements the pilot for eligible underlying stocks.¹⁴

At any time within 60 days of the filing of such proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The NASDAQ Stock Market LLC proposes to modify NASDAQ Options Market ("NOM") Rule Chapter V, Section 3 by adopting new subparagraph (3)(a)vi to state that Trading on the Exchange in any option contract shall be halted whenever trading in the underlying security has been paused by the primary listing market. Trading in such options contracts may be resumed upon a determination by the Exchange that the conditions that led to the pause are no longer present and that the interests of a fair and orderly market are best served by a resumption of trading, which in no circumstances will be before the Exchange has received notification that the underlying security has resumed trading on at least one exchange.

The text of the proposed rule change is available on the Exchange's Web site at <http://www.nasdaq.cchwallstreet.com>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to ensure that the Exchange maintains fair and orderly markets in options upon the imposition of a single stock pause ("trading pause")⁴ by the listing market for the underlying security. Accordingly, as proposed, if such a trading pause is imposed, it will be considered a halt or suspension on the primary market for the underlying

⁴ For an example of the use of the term "trading pause," see Securities Exchange Act Release No. 62129 (May 19, 2010), 75 FR 28839 (May 24, 2010) (SR-NASDAQ-2010-061); and Securities Exchange Act Release No. 62124 (May 19, 2010), 75 FR 28828 (May 24, 2010) (SR-BX-2010-037).

security and a trading halt in the overlying option will be imposed.

Transactions that occur between the time the pause is imposed on the listing market and the halt is processed on NOM may be nullified pursuant to NOM Rules, Chapter V, Section 6.⁵

Trading in the affected option will resume upon a determination by Nasdaq that the conditions that led to the pause are no longer present and that the interests of a fair and orderly market are best served by a resumption of trading, which in no circumstances will be before the Exchange has received notification that the underlying security has resumed trading on at least one exchange.

Orders in the affected option that are received during the halt on NOM will be treated as pre-opening orders and will be re-opened upon resumption of trading on the listing market for the underlying security using the opening cross process described in NOM Rules, Chapter VI, Section 8.

2. Statutory Basis

NASDAQ believes that the proposed rule change is consistent with the provisions of Section 6(b) of the Act⁶ in general, and furthers the objectives of Section 6(b)(5) of the Act⁷ in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest. Specifically, NASDAQ believes that the proposal benefits customers by halting trading in options during times of uncertainty regarding the price of the underlying security due to a trading pause in such underlying security.

B. Self-Regulatory Organization's Statement on Burden on Competition

NASDAQ does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

⁵ Chapter V, Section 6 is the NOM rule governing Obvious Errors.

⁶ 15 U.S.C. 78f(b).

⁷ 15 U.S.C. 78f(b)(5).

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not:

(i) Significantly affect the protection of investors or the public interest;

(ii) impose any significant burden on competition; and

(iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest, it has become effective pursuant to Section 19(b)(3)(A) of the Act⁸ and Rule 19b-4(f)(6) thereunder.⁹

The Exchange requested that the Commission waive the 30-day operative delay. The Exchange notes that such a waiver will permit it to immediately implement the proposed rule change in order to benefit customers by halting trading in options during times of uncertainty regarding the price of the underlying security due to a trading pause in such underlying security. The Commission approved filings from the exchanges and the Financial Industry Regulatory Authority to institute a single stock trading pause for equity securities that experience a 10% change in price during a five minute period.¹⁰ The Commission hereby grants the Exchange's request and believes such waiver is consistent with the protection of investors and the public interest as it will allow the Exchange to honor pauses triggered on individual equity securities.¹¹ Accordingly, the Commission designates the proposed rule change operative upon filing with the Commission.

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

⁸ 15 U.S.C. 78s(b)(3)(A).

⁹ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6)(iii) requires the self-regulatory organization to submit to the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

¹⁰ See Securities Exchange Act Release Nos. 62251 and 62252 (June 10, 2010).

¹¹ For purposes only of waiving the 30-day operative delay of this proposal, the Commission has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Securities and Exchange Commission recently approved rules changes relating to trading pauses due to extraordinary market volatility ("trading pause").⁵ The purpose of the proposed rule change is to ensure that the Exchange maintains a fair and orderly market upon the imposition of a trading pause. Accordingly, as proposed, trading in any option contract shall be halted whenever trading in the underlying security has been paused by the primary listing market. Trading in such options contracts may be resumed upon a determination by the Exchange that the conditions that led to the pause are no longer present and that the interests of a fair and orderly market are best served by a resumption of trading, which in no circumstances will be before the Exchange has received notification that the underlying security has resumed trading on at least one exchange. The Exchange anticipates that all U.S. options exchanges will be submitting similar proposals.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act⁶ in general, and furthers the objectives of Section 6(b)(5) of the Act⁷ in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and
