National Appeals Division

Title: National Appeals Division Customer Service Survey.

OMB Control Number: 0503-0007.

Summary of Collection: The Secretary of Agriculture established the National Appeals Division (NAD) on October 20, 1994, by Secretary's Memorandum 1010-1, pursuant to the Federal Crop Insurance Reform and Department of Agriculture Reorganization Act of 1994. The Act consolidated the appellate functions and staff of several USDA agencies and provided for independent hearings and reviews of adverse decisions of Agencies within USDA. Hearing Officers conduct evidentiary hearings on adverse decisions or, when the appellant requests they review the Agency's record of the adverse decision without a hearing. Although NAD maintains a database to track appeal requests, the database contains only information necessary to process the appeal request, such as the name, address, filing results etc. NAD will collect information using a survey.

Need and Use of the Information: NAD plans to use the information collected in the survey to determine who is and who is not aware of its services. NAD also wants to know of the groups who are aware of its services, just exactly how complete this awareness is. NAD also wants to gather current data to measure the appellant's perception of the quality of how easy the determination was to read; how intently the Hearing Officer listened to the appellant; and if the appellant would be willing to have the same Hearing Officer hear a future appeal. This data will be used to either alter current or establish new training for Hearing and Appeals Officers.

Description of Respondents:

Individuals or households.

Number of Respondents: 2,000.

Frequency of Responses: Reporting: Annually.

Total Burden Hours: 429.

Departmental Information Collection Clearance Officer.
