

Secretary has not already established an electronic docket.

Information about applying for a digital ID certificate is available on NRC's public Web site at <http://www.nrc.gov/site-help/e-submittals/apply-certificates.html>. System requirements for accessing the E-Submittal server are detailed in NRC's "Guidance for Electronic Submission," which is available on the agency's public Web site at <http://www.nrc.gov/site-help/e-submittals.html>. Participants may attempt to use other software not listed on the Web site, but should note that the NRC's E-Filing system does not support unlisted software, and the NRC Meta System Help Desk will not be able to offer assistance in using unlisted software.

If a participant is electronically submitting a document to the NRC in accordance with the E-Filing rule, the participant must file the document using the NRC's online, Web-based submission form. In order to serve documents through Electronic Information Exchange, users will be required to install a Web browser plug-in from the NRC Web site. Further information on the Web-based submission form, including the installation of the Web browser plug-in, is available on the NRC's public Web site at <http://www.nrc.gov/site-help/e-submittals.html>.

Once a participant has obtained a digital ID certificate and a docket has been created, the participant can then submit a request for hearing or petition for leave to intervene. Submissions should be in Portable Document Format (PDF) in accordance with NRC guidance available on the NRC public Web site at <http://www.nrc.gov/site-help/e-submittals.html>. A filing is considered complete at the time the documents are submitted through the NRC's E-Filing system. To be timely, an electronic filing must be submitted to the E-Filing system no later than 11:59 p.m. Eastern Time on the due date. Upon receipt of a transmission, the E-Filing system time-stamps the document and sends the submitter an e-mail notice confirming receipt of the document. The E-Filing system also distributes an e-mail notice that provides access to the document to the NRC Office of the General Counsel and any others who have advised the Office of the Secretary that they wish to participate in the proceeding, so that the filer need not serve the documents on those participants separately. Therefore, applicants and other participants (or their counsel or representative) must apply for and receive a digital ID certificate before a hearing request/

petition to intervene is filed so that they can obtain access to the document via the E-Filing system.

A person filing electronically using the agency's adjudicatory E-Filing system may seek assistance by contacting the NRC Meta System Help Desk through the "Contact Us" link located on the NRC Web site at <http://www.nrc.gov/site-help/e-submittals.html>, by e-mail at MSHD.Resource@nrc.gov, or by a toll-free call at (866) 672-7640. The NRC Meta System Help Desk is available between 8 a.m. and 8 p.m., Eastern Time, Monday through Friday, excluding government holidays.

Participants who believe that they have a good cause for not submitting documents electronically must file an exemption request, in accordance with 10 CFR 2.302(g), with their initial paper filing requesting authorization to continue to submit documents in paper format. Such filings must be submitted by: (1) First-class mail addressed to the Office of the Secretary of the Commission, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001, Attention: Rulemaking and Adjudications Staff; or (2) courier, express mail, or expedited delivery service to the Office of the Secretary, Sixteenth Floor, One White Flint North, 11555 Rockville Pike, Rockville, Maryland 20852, Attention: Rulemaking and Adjudications Staff. Participants filing a document in this manner are responsible for serving the document on all other participants. Filing is considered complete by first-class mail as of the time of deposit in the mail, or by courier, express mail, or expedited delivery service upon depositing the document with the provider of the service. A presiding officer, having granted an exemption request from using E-Filing, may require a participant or party to use E-Filing if the presiding officer subsequently determines that the reason for granting the exemption from use of E-Filing no longer exists.

Documents submitted in adjudicatory proceedings will appear in NRC's electronic hearing docket which is available to the public at http://ehd.nrc.gov/EHD_Proceeding/home.asp, unless excluded pursuant to an order of the Commission, or the presiding officer. Participants are requested not to include personal privacy information, such as Social Security numbers, home addresses, or home phone numbers in their filings, unless an NRC regulation or other law requires submission of such information. With respect to copyrighted works, except for limited excerpts that serve the purpose of the adjudicatory filings and would

constitute a Fair Use application, participants are requested not to include copyrighted materials in their submission.

Petitions for leave to intervene must be filed no later than 60 days from June 18, 2010. Non-timely filings will not be entertained absent a determination by the presiding officer that the petition or request should be granted or the contentions should be admitted, based on a balancing of the factors specified in 10 CFR 2.309(c)(1)(i)-(viii).

Dated at Rockville, Maryland, this 4th day of June 2010.

June 14, 2010.

proposal⁴ to amend the Second Restatement of the CTA Plan and Restated CQ Plan (collectively, the “Plans”).⁵ The proposal represents the fifteenth substantive amendment to the CTA Plan (“Fifteenth Amendment to the CTA Plan”) and the eleventh substantive amendment to the CQ Plan (“Eleventh Amendment to the CQ Plan”), and reflects changes unanimously adopted by the Participants. The Fifteenth Amendment to the CTA Plan and the Eleventh Amendment to the CQ Plan (“Amendments”) would amend the Plans to provide that the Participants pay the Network B Administrator a fixed annual fee in exchange for its performance of Network B administrator functions under the Plans. In addition, the Amendments seek to accommodate recent changes in names and addresses of certain Participants. The proposed Amendments were published for comment in the **Federal Register** on February 8, 2010.⁶ No comment letters were received in response to the Notice. This order approves the proposed amendments to the Plans.

II. Description of the Proposal

Section XII (“Financial Matters”) of the CTA Plan and Section IX (“Financial Matters”) of the CQ Plan each provide that a network’s Operating Expenses are to be deducted from the network’s Gross Income to determine the amounts that the network’s administrator distributes to the Participants. Section XII(c)(i) (“Determination of Operating Expenses”) of the CTA Plan currently provides that a CTA network’s Operating Expenses include all costs and expenses “associated with, relating to, or resulting from, the generation, consolidation or dissemination of the CTA’s network’s last sale price information.” Likewise, Section IX(c)(i) (“Determination of

⁴ On January 13, 2010, the CTA filed a revised transmittal letter indicating, among other technical changes, that the Participants also proposed to make changes in the names and addresses of certain Participants (“Transmittal Letter”).

⁵ See Securities Exchange Act Release Nos. 10787 (May 10, 1974), 39 FR 17799 (declaring the CTA Plan effective); 15009 (July 28, 1978), 43 FR 34851 (August 7, 1978) (temporarily authorizing the CQ Plan); and 16518 (January 22, 1980), 45 FR 6521 (January 28, 1980) (permanently authorizing the CQ Plan). The most recent restatement of both Plans was in 1995. The CTA Plan, pursuant to which markets collect and disseminate last sale price information for non-NASDAQ listed securities, is a “transaction reporting plan” under Rule 601 under the Act, 17 CFR 242.601, and a “national market system plan” under Rule 608 under the Act, 17 CFR 242.608. The CQ Plan, pursuant to which markets collect and disseminate bid/ask quotation information for listed securities, is a “national market system plan” under Rule 608 under the Act, 17 CFR 242.608.

⁶ See Securities Exchange Act Release No. 61457 (February 1, 2010), 75 FR 6229 (“Notice”).

Operating Expenses”) of the CQ Plan currently provides that a network’s Operating Expenses include all costs and expenses that the network’s administrator incurs in “collecting, processing and making available that CQ network’s quotation information.” The Network B Administrator stated that accounting for operating costs is administratively burdensome, especially the allocation of organization overhead costs to the Network B Administrator function. As a result, the Network B Participants proposed to pay the Network B Administrator a fixed fee in exchange for the services the Network B administrator performs on behalf of the Plans. Therefore, the Participants proposed to replace their payment to the Network B Administrator of Operating Costs with their payment to the Network B Administrator of a fixed fee.⁷

For calendar year 2009, the Network B Participants proposed to set the fixed fee at \$3,000,000. The Participants concluded that this amount would compensate the Network B Administrator for its Network B Administrative services during 2009 under both the CTA Plan and the CQ Plan. For each subsequent calendar year, the Network B Participants proposed to increase (but not decrease) the amount of the payment by the percentage increase (if any) in the annual cost-of-living adjustment that the U.S. Social Security Administration applies to Supplemental Security Income for the preceding calendar year, subject to a maximum annual increase of five percent.⁸ The Participants’ payment of the fixed fee will compensate the Network B Administrator for all ordinary and customary operating expenses that it incurs in performing the network administrator functions under the CTA and CQ Plans. However, it does not compensate the Network B Administrator for extraordinary expenses that the Network B Administrator may incur on behalf of the Network B Participants.

Extraordinary expenses include such things as that portion of legal and audit expenses and marketing and consulting

⁷ The Participants noted that the Network A Administrator similarly receives a fixed fee for its performance of administrative functions under the CTA and CQ Plans and the Participants understand that Nasdaq receives a fixed fee for its performance of administrative functions under the “Joint Self-Regulatory Organization Plan Governing the Collection, Consolidation and Dissemination of Quotation and Transaction Information for Nasdaq-Listed Securities Traded on Exchanges on an Unlisted Trading Privileges Basis” (“Nasdaq UTP Plan”).

⁸ See Notice, *supra* note 6 at 6230 for a more detailed description of how the fee will be assessed.
