

EFP. Therefore, NMFS announces that the Assistant Regional Administrator proposes to recommend that an EFP be issued.

Regulations under the Magnuson-Stevens Fishery Conservation and Management Act require publication of this notification to provide interested parties the opportunity to comment on applications for proposed EFPs.

DATES: Comments must be received on or before July 6, 2010.

ADDRESSES: You may submit written comments by any of the following methods:

- Email: DA10-098@noaa.gov.

Include in the subject line "Comments on CFarm flounder bycatch EFP."

- Mail: Patricia A. Kurkul, Regional Administrator, NMFS, NE Regional Office, 55 Great Republic Drive, Gloucester, MA 01930. Mark the outside of the envelope "Comments on CFarm flounder bycatch EFP."

- Fax: (978) 281-9135.

FOR FURTHER INFORMATION CONTACT: Christopher Biegel, Fisheries Management Specialist, 978-281-9112.

SUPPLEMENTARY INFORMATION: The Coonamessett Farm Foundation has been awarded a research grant through the Commercial Fisheries Research Foundation titled, "Testing of a Low Profile Excluder Dredge for Winter Flounder Bycatch Reduction." The primary objective of this testing is to begin to develop dredge modifications to reduce winter flounder bycatch in the Atlantic sea scallop fishery. A single vessel would conduct ten to twenty 60-minute tows at 4.5 knots with an experimental low profile excluder dredge over a three-day period. Coonamessett Farm would deploy dredge-mounted video cameras to document the interactions between the dredge and any encountered species. Collection of this video data is the only objective of these research tows and no species will be retained or landed. The vessel is expected to catch a minimal amount of scallops (100 lb), winter flounder (100 lb), yellowtail flounder (20 lb), monkfish (50 lb), and little skate (100 lb). All fish would be returned to the sea as quickly as possible to minimize discard mortality. The tows will be conducted in late June or early July 2010, between Montauk Point and Martha's Vineyard at a depth of 30 to 60 m, depending on concentrations of winter flounder.

Coonamessett Farm submitted a complete EFP application on May 14, 2010, requesting exemption allowing one commercial fishing vessel to fish outside of the limited access Atlantic sea scallop DAS regulations found at 50

CFR 648.53(b). Any fishing activity conducted outside the scope of the exempted fishing activity would be prohibited.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: June 15, 2010.

James P. Burgess,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

Wire Decking From the People's Republic of China: Correction to the Final Affirmative Countervailing Duty Determination

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

DATES: *Effective Date:* June 18, 2010.

FOR FURTHER INFORMATION CONTACT: Kristen Johnson or John Conniff at (202) 482-4793 or (202) 482-1009, respectively; AD/CVD Operations, Office 3, Operations, Import Administration, Room 4014, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230.

Background:

On June 10, 2010, the Department of Commerce (the Department) published in the **Federal Register** the final affirmative countervailing duty determination of wire decking from the People's Republic of China (PRC). *See Wire Decking from the People's Republic of China: Final Affirmative Countervailing Duty Determination*, 75 FR 32902 (June 10, 2010). The Department has discovered typographical errors in the table under the net subsidy *ad valorem* rate of the Suspension of Liquidation section.

The rates for two of the producers and exporters in the net subsidy *ad valorem* rate are incorrect. The correct rates of the producers and exporters should read as follows:

FINAL DETERMINATION MARGIN

Producer/exporter	Net subsidy <i>ad valorem</i> rate (percent)
Alida Wire Mesh & Wire Cloth Mfg.	437.11
Jiangdong Xinguang Metal Product Co.	437.11

Accordingly, we correct the final affirmative countervailing duty determination of wire decking from the PRC as noted above.

This amended determination is issued and published in accordance with sections 705(c)(1)(B)(i)(I) and 776 of the Act, as amended.

Dated: June 15, 2010.

Paul Piquado,

Acting Deputy Assistant Secretary for Import Administration.

Ball Bearings and Parts Thereof from France: Final Results of Changed-Circumstances Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (the Department) has determined, pursuant to section 751(b) of the Tariff Act of 1930, as amended (the Act), that, after acquisition of SNR Roulements S.A. by NTN Corporation, post-acquisition SNR Roulements S.A. is the successor-in-interest to pre-acquisition SNR Roulements S.A.

EFFECTIVE DATE: June 18, 2010.

FOR FURTHER INFORMATION CONTACT: Thomas Schauer or Richard Rimlinger, AD/CVD Operations, Office 5, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; (202) 482-0410 or (202) 482-4477, respectively.

SUPPLEMENTARY INFORMATION:

Background

On September 18, 2009, pursuant to a request from SNR Roulements S.A. (SNR), we initiated a changed-circumstances review of the antidumping duty order on ball bearings and parts thereof from France to determine whether post-acquisition SNR was a successor-in-interest to SNR following SNR's acquisition by NTN Corporation (NTN). *See Ball Bearings and Parts Thereof From France: Initiation of Antidumping Duty Changed-Circumstances Review*, 74 FR 47920 (September 18, 2009).

On November 20, 2009, we preliminarily found that post-acquisition SNR is the successor in interest to pre-acquisition SNR. *See Ball*
