**OPM/GOVT-10
System Name:**

Employee Medical File System Records

SYSTEM LOCATION:

a. For current employees, records are located in agency medical, personnel, dispensary, health, safety, or other designated offices within the agency, or contractors performing a medical function for the agency.

b. For former employees, most records will be located in an Employee Medical Folder (EMF) stored at the National Personnel Records Center operated by the National Archives and Records Administration (NARA). In some cases, agencies may retain for a limited time (*e.g.*, up to 3 years) some records on former employees.

Note 1: The records in this system of records are "owned" by the Office of Personnel Management (OPM) and should be provided to those OPM employees who have an official need or use for those records. Therefore, if an employing agency is asked by an OPM employee to access the records within this system, such a request should be honored.

CATEGORIES OF INDIVIDUALS COVERED BY THE SYSTEM:

Current and former Federal civilian employees as defined in 5 U.S.C. 2105.

CATEGORIES OF RECORDS IN THE SYSTEM:

Records maintained in this system include:

a. Medical records, forms, and reports completed or obtained when an individual applies for a Federal job and is subsequently employed;

b. Medical records, forms, and reports completed during employment as a condition of employment, either by the employing agency or by another agency, State or local government entity, or a private sector entity under contract to the employing agency;

c. Records pertaining and resulting from the testing of the employee for use of illegal drugs under Executive Order 12564. Such records may be retained by the agency (*e.g.*, by the agency Medical Review Official) or by a contractor laboratory. This includes records of negative results, confirmed or unconfirmed positive test results, and

documents related to the reasons for testing or other aspects of test results.

d. Reports of on-the-job injuries and medical records, forms, and reports generated as a result of the filing of a claim for Workers' Compensation, whether the claim is accepted or not. (The official compensation claim file is not covered by this system; rather, it is part of the Department of Labor's Office of Workers' Compensation Program (OWCP) system of records.)

e. All other medical records, forms, and reports created on an employee during his/her period of employment, including any retained on a temporary basis (*e.g.*, those designated to be retained only during the period of service with a given agency) and those designated for long-term retention (*i.e.*, those retained for the entire duration of Federal service and for some period of time after).

f. Records resulting from participation in agency-sponsored health promotion and wellness activities, including health risk appraisals, biometric testing, health coaching, disease management, behavioral management, preventive services, fitness programs, and any other activities that could be considered part of a comprehensive worksite health and wellness program.

Note 2: Records maintained by an agency dispensary are included in this system only when they are the result of a condition of employment or related to an on-the-job occurrence or result from participation in an agency-sponsored health and wellness program.

Note 3: Records pertaining to employee drug or alcohol abuse counseling or treatment, and those pertaining to other employee counseling programs conducted under the Health Service Program established pursuant to 5 U.S.C. chapter 79, are not part of this system of records.

Note 4: Only Routine Use "u" identified for this system of records is applicable to records relating to drug testing under Executive Order 12564. Further, such records shall be disclosed only to a very limited number of officials within the agency, generally only to the agency Medical Review Official (MRO), the administrator of the agency Employee Assistance Program, and any supervisory or management official within the employee's agency having authority to take the adverse personnel action against the employee.

b. To provide data necessary for proper medical evaluations and diagnoses, to ensure that proper treatment is administered, and to maintain continuity of medical care.

c. To provide an accurate medical history of the total health care and medical treatment received by the individual as well as job and/or hazard exposure documentation and health monitoring in relation to health status and claims of the individual.

i. To document claims filed with and the decisions reached by the OWCP and the individual's possible reemployment rights under statutes governing that program.

j. To document employee's reporting of on-the-job injuries or unhealthy or unsafe working conditions, including the reporting of such conditions to OSHA and actions taken by that agency or by the employing agency.

k. To ensure proper and accurate operation of the agency's employee drug testing program under Executive Order 12564.

l. To facilitate communication among members of an on-site health and wellness program and to the individual employee participating in the program.

ROUTINE USES OF RECORDS MAINTAINED IN THE SYSTEM, INCLUDING CATEGORIES OF USERS AND THE PURPOSE OF SUCH USES:

POLICIES AND PRACTICES FOR STORING, RETRIEVING, SAFEGUARDING, AND RETAINING AND DISPOSING OF RECORDS IN THE SYSTEM:

STORAGE:

Records are stored in file folders, on microfiche, in electronic record systems, and on file cards, x-rays, or other medical reports and forms.

RETRIEVABILITY:

Records are retrieved by the employee's name, date of birth, social security number, or any combination of those identifiers.

SAFEGUARDS:

Records are stored in locked file cabinets or locked rooms. Electronic records are protected by restricted

access procedures and audit trails. Access to records is strictly limited to agency or contractor officials with a bona fide need for the records.

RETENTION AND DISPOSAL:

The EMF is maintained for the period of the employee's service in the agency and is then transferred to the National Personnel Records Center for storage, or as appropriate, to the next employing Federal agency. Other medical records are either retained at the agency for various lengths of time in accordance with the National Archives and Records Administration's records schedules or destroyed when they have served their purpose or when the employee leaves the agency. Within 90 days after the individual separates from the Federal service, the EMF is sent to the National Personnel Records Center for storage. Destruction of the EMF is in accordance with General Records Schedule-1(21). Records arising in connection with employee drug testing under Executive Order 12564 are generally retained for up to 3 years. Records are destroyed by shredding, burning, or by erasing the disk.

SYSTEM MANAGER(S) AND ADDRESS:

a. Group Manager, Employee Services, Resources Management Group, 1900 E Street, NW., Room 7305, Washington, DC 20415.

b. For current Federal employees, OPM has delegated to the employing agency the Privacy Act responsibilities concerning access, amendment, and disclosure of the records within this system notice.

NOTIFICATION PROCEDURE:

Individuals wishing to inquire whether this system of records contains records on them should follow the appropriate procedure listed below.

a. *Current Employees.* Current employees should contact their employing agency's personnel, dispensary, health, safety, medical, or other designated office responsible for maintaining the records, as identified in the agency's internal issuance covering this system. b. For a former employee, contact the appropriate agency office identified in the Notification Procedure section and furnish such identifying information as required by the agency to locate and identify the record to be amended. - III. Ordering Paragraphs

I. Introduction

On June 14, 2010, the Postal Service filed a notice announcing that it has

entered into four additional Global Expedited Package Services 2 (GEPS 2) contracts.¹ The Postal Service believes the instant contracts are functionally equivalent to previously submitted GEPS 2 contracts, and are supported by Governors' Decision No. 08-7, attached to the Notice and originally filed in Docket No. CP2008-4. *Id.* at 1-2, Attachment 3. The Notice also explains that Order No. 86, which established GEPS 1 as a product, also authorized functionally equivalent agreements to be included within the product, provided that they meet the requirements of 39 U.S.C. 3633. *Id.* at 1. In Order No. 290, the Commission approved the GEPS 2 product.²

The instant contracts. The Postal Service filed the instant contracts pursuant to 39 CFR 3015.5. In addition, the Postal Service contends that each contract is in accordance with Order No. 86. The term of each contract is one year from the date the Postal Service notifies the customer that all necessary regulatory approvals have been received. Notice at 2-3.

In support of its Notice, the Postal Service filed four attachments as follows:

- Attachments 1A, 1B, 1C and 1D—redacted copies of the four contracts and applicable annexes;
- Attachments 2A, 2B, 2C and 2D—a certified statement required by 39 CFR 3015.5(c)(2) for each of the four contracts;
- Attachment 3—a redacted copy of Governors' Decision No. 08-7 which establishes prices and classifications for GEPS contracts, a description of applicable GEPS contracts, formulas for prices, an analysis and certification of the formulas and certification of the Governors' vote; and
- Attachment 4—an application for non-public treatment of materials to maintain redacted portions of the contracts and supporting documents under seal.

The Notice advances reasons why the instant GEPS 2 contracts fit within the Mail Classification Schedule language for GEPS 2. The Postal Service identifies customer-specific information, general contract terms, and other differences that distinguish the instant contracts from the baseline GEPS 2 agreement, all of which are highlighted in the Notice.

¹ Notice of United States Postal Service Filing of Four Functionally Equivalent Global Expedited Package Services 2 Negotiated Service Agreements and Application for Non-Public Treatment of Materials Filed Under Seal, June 14, 2010 (Notice).

² Docket No. CP2009-50, Order Granting Clarification and Adding Global Expedited Package Services 2 to the Competitive Product List, August 28, 2009 (Order No. 290).

Id. at 3-6. These modifications as described in the Postal Service's Notice apply to each of the instant contracts.

The Postal Service contends that the instant contracts are functionally equivalent to previously filed GEPS 2 contracts and are substantially similar to that in Docket No. CP2009-50 in terms of the product being offered, the market in which it is offered, and its cost characteristics. *Id.* at 2-3. The Postal Service states that "the relevant cost and market characteristics are similar, if not the same for these four contracts and the baseline GEPS contract." *Id.* at 6.

The Postal Service also contends that its filing demonstrates that each of the new GEPS 2 contracts complies with the requirements of 39 U.S.C. 3633. It requests that the contracts be included within the GEPS 2 product. *Id.* at 7.

II. Notice of Filing

The Commission establishes Docket Nos. CP2010-60, CP2010-61, CP2010-62 and CP2010-63 for consideration of matters related to the contracts identified in the Postal Service's Notice.

These dockets are addressed on a consolidated basis for purposes of this order. Filings with respect to a particular contract should be filed in that docket.

Interested persons may submit comments on whether the Postal Service's contracts are consistent with the policies of 39 U.S.C. 3632, 3633 or 3642. Comments are due no later than June 22, 2010. The public portions of these filings can be accessed via the Commission's Web site (<http://www.prc.gov>).

The Commission appoints Paul L. Harrington to serve as Public Representative in the captioned proceedings.

III. Ordering Paragraphs

It is ordered:

1. The Commission establishes Docket Nos. CP2010-60, CP2010-61, CP2010-62 and CP2010-63 for consideration of matters raised by the Postal Service's Notice.

2. Comments by interested persons in these proceedings are due no later than June 22, 2010.

3. Pursuant to 39 U.S.C. 505, Paul L. Harrington is appointed to serve as officer of the Commission (Public Representative) to represent the interests of the general public in these proceedings.
