

collection, including the validity of the methodology and assumptions used.

- Enhance the quality, utility, and clarity of the information to be collected.
- Minimize the reporting burden on those who are to respond, including the use of automated collection techniques or other forms of technology.

Abstract of proposed collection: The information collected on the DS-5504 is used to facilitate the re-issuance of passports to U.S. citizens and nationals when (a) the passport holder's name has changed within the first year of the issuance of the passport; (b) the passport holder needs correction of descriptive information on the data page of the passport; or (c) the passport holder wishes to obtain a fully valid passport after obtaining a full-fee passport with a limited validity of two years or less. The primary purpose of soliciting the information is to establish citizenship, identity, and entitlement of the applicant to the U.S. passport or related service, and to properly administer and enforce the laws pertaining to the issuance thereof.

Methodology: Passport Services collects information from U.S. citizens and non-citizen nationals when they complete and submit the Application for a U.S. Passport: Name Change, Data Correction, and Limited Passport Book Replacement. Passport applicants can either download the DS-5504 from the internet or obtain one from an Acceptance Facility/Passport Agency. The form must be completed, signed, and submitted along with the applicant's valid U.S. passport and supporting documents for corrective action.
