The Social Security Administration (SSA) publishes a list of information collection packages requiring clearance by the Office of Management and Budget (OMB) in compliance with Public Law 104-13, the Paperwork Reduction Act of 1995, effective October 1, 1995. This notice includes revisions of OMB-approved information collections.

SSA is soliciting comments on the accuracy of the agency's burden estimate; the need for the information; its practical utility; ways to enhance its quality, utility, and clarity; and ways to minimize burden on respondents, including the use of automated collection techniques or other forms of information technology. Mail, e-mail, or fax your comments and recommendations on the information collection(s) to the OMB Desk Officer and SSA Reports Clearance Officer to the following addresses or fax numbers.

1. Medical Report (General)—20 CFR 404.1512-404.1515, 416.912-416.915—0960-0052. Using the state Disability Determination Services (DDS) as agents,

SSA uses Form SSA-3826-F4 to make accurate determinations in disability claims cases. SSA uses the information from this form to determine the claimant's physical and mental status prior to making a disability determination, and to document the disability claims folder with the medical evidence. The form provides disability adjudicators and reviewers with a narrative record and history of the alleged disability and with the objective medical findings necessary to make a disability determination. SSA uses the medical evidence from this form to determine if an individual's impairment meets the severity and duration requirements for disability benefits. The respondents are members of the medical community, including individual physicians, hospital doctors, medical records librarians, and other medical sources.

Type of Request: Revision of an OMB-approved information collection.

Number of Respondents: 150,000.
