SUPPLEMENTARY INFORMATION:

I. Background

Pursuant to section 408 of ERISA, the Department has authority to grant an exemption from the prohibitions of sections 406 and 407(a) if it can determine that the exemption is administratively feasible, in the interest of participants and beneficiaries, and protective of the rights of participants and beneficiaries of the plan. Prohibited Transaction Class Exemption 85–68 describes the conditions under which a plan is permitted to acquire customer notes accepted by an employer of employees covered by the plan in the ordinary course of the employer’s primary business activity. The exemption covers sales as well as contributions of customer notes by an employer to its plan. Specifically, the exemption requires that the employer provide a written guarantee to repurchase a note which becomes more than 60 days delinquent, that such notes be secured by a perfected security interest in the property financed by the note, and that the collateral be insured. The exemption requires records pertaining to the transaction to be maintained for a period of six years for the purpose of ensuring that the transactions are protective of the rights of participants and beneficiaries. This recordkeeping requirement constitutes an information collection within the meaning of the PRA, for which the Department has obtained approval from the Office of Management and Budget (OMB) under OMB Control No. 1210–0094. The OMB approval is currently scheduled to expire on August 31, 2010.

SUPPLEMENTARY INFORMATION:

I. Background

The Employee Retirement Income Security Act of 1974 (ERISA) contains three separate sets of provisions—in Title I (Labor provisions), Title II (Internal Revenue Code provisions), and Title IV (PBGC provisions)—requiring administrators of employee benefit plans who maintain a plan to submit quarterly or annual reports to the respective Department of Labor, Internal Revenue Service, and Pension Benefit Guaranty Corporation, respectively. Form 5500, Annual Return/Report of Employee Benefit Plan (Form 5500), is designed to provide the information useful in the administration of participant and beneficiaries' rights under the Employee Retirement Income Security Act of 1974 (ERISA) as amended, and is the collective single document for the reporting and recordkeeping requirements and provide the requested data in the desired format.
pension and welfare plans (collectively referred to as employee benefit plans) to file returns or reports annually with the federal government.

Since enactment of ERISA, PBGC, the Department of Labor (DOL), and the Internal Revenue Service (IRS) (collectively, the Agencies), have worked collaboratively to produce the Form 5500 Annual Return/Report (Form 5500), through which the regulated public can satisfy the combined reporting/filing requirements applicable to employee benefit plans.

The Form 5500 is the primary source of information concerning the operation, funding, assets and investments of pension and other employee benefit plans. In addition to being an important disclosure document for plan participants and beneficiaries, the Form 5500 is a compliance and research tool for the Agencies, and a source of information for use by other federal agencies, Congress, and the private sector in assessing employee benefit, tax, and economic trends and policies.

On November 16, 2007, the Agencies adopted revisions to the Form 5500 in order to update and streamline the annual reporting process in conjunction with establishing a wholly electronic processing system for the receipt of the Form 5500 Annual Return/Reports and to conform the forms and instructions to the provisions of the Pension Protection Act of 2006 (PPA).

The Form 5500 constitutes an information collection within the meaning of the PRA, for which the Department has obtained approval from the Office of Management and Budget (OMB) under OMB Control No. 1210–0110. The OMB approval is currently scheduled to expire on September 30, 2010. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number.
