SUMMARY: The NRC is soliciting public comment on NUREG–0800, “Standard Review Plan for the Review of Safety Analysis Reports for Nuclear Power Plants,” on a proposed Revision 1 to Standard Review Plan (SRP), Section 13.6.1 on “Physical Security—Combined License and Operating Reactors,” (Agencywide Documents Access and Management System (ADAMS) Accession No. ML100350158). The Office of Nuclear Security and Incident Response is revising SRP Section 13.6.1, which updates the initial issuance of this section, dated March 2007, to reflect the changes of the recently issued Title 10 of the Code of Federal Regulations, part 73, Power Reactor Security Rule (published in the Federal Register (FR) on March 27, 2009 (74 FR 13926). The previous version of this SRP section was published in March 2007 as initial issuance (ADAMS Accession No. ML070720094).

The NRC staff issues notices to facilitate timely implementation of the current staff guidance and to facilitate activities associated with the review of amendment applications and review of design certification and combined license applications for the Office of New Reactors. The NRC staff intends to incorporate the final approved guidance into the next revision of NUREG–0800, SRP Section 13.6.1, Revision 1 and Regulatory Guide 1.206, “Combined License Applications for Nuclear Power Plants (LWR Edition), June 2007.

DATES: Comments must be filed no later than 30 days from the date of publication of this notice in the FR. Comments received after this date will be considered, if it is practical to do so, but the Commission is able to ensure consideration only for comments received on or before this date.

ADDRESSES: You may submit comments by any one of the following methods. Please include Docket ID NRC–2010–0228 in the subject line of your comments. Comments submitted in writing or in electronic form will be posted on the NRC Web site and on the Federal rulemaking Web site at http://www.regulations.gov. Because your comments will not be edited to remove any identifying or contact information, the NRC cautions you against including any information in your submission that you do not want to be publicly disclosed.

The NRC requests that any party soliciting or aggregating comments received from other persons for submission to the NRC from those persons and not the NRC will not edit their comments to remove any identifying or contact information, and therefore, they should not include any information in their comments that they do not want publicly disclosed.

[FR Doc. 2010–15523 Filed 6–23–10; 8:45 am]
Act of 1974 (ERISA) contains three separate sets of provisions—in Title I (Labor provisions), Title II (Internal Revenue Code provisions), and Title IV (PBGC provisions)—requiring administrators of employee benefit pension and welfare plans (collectively referred to as employee benefit plans) to file returns or reports annually with the federal government.

Since enactment of ERISA, PBGC, the Department of Labor (DOL), and the Internal Revenue Service (IRS) (collectively, the Agencies), have worked together (under DOL’s leadership) to produce the Form 5500 Annual Return/Report, through which the regulated public can satisfy the combined reporting/filing requirements applicable to employee benefit plans.

The Form 5500 Series is the primary source of information concerning the operation, funding, assets and investments of pension and other employee benefit plans. In addition to being an important disclosure document for plan participants and beneficiaries, the Form 5500 is a compliance and research tool for the Agencies, and a source of information for use by other federal agencies, Congress, and the private sector in assessing employee benefit, tax, and economic trends and policies.

On November 16, 2007, the Agencies adopted revisions to the Form 5500 Annual Return/Report in order to update and streamline the annual reporting process in conjunction with establishing a wholly electronic processing system for the receipt of the Form 5500 Annual Return/Reports and to conform the forms and instructions to the provisions of the Pension Protection Act of 2006 (PPA).

OMB has approved PBGC’s annual reporting and disclosure collection of information (2008–2010 Forms and Instructions) under control number 1212–0057 (expires September 30, 2010). PBGC intends to request that OMB extend approval of this collection of information for three years, without change. An agency may not conduct or sponsor, and a person is not required to respond, to a collection of information unless it displays a currently valid OMB control number.

PBGC estimates that it will receive 30,300 Form 5500 and Form 5500–SF filings per year under this collection of information. PBGC further estimates that the total annual burden of this collection of information is 1,200 hours and $1,250,000.

PBGC is soliciting public comments to—

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodologies and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Issued in Washington, DC, this 21st day of June 2010.

John H. Hanley,
Director, Legislative and Regulatory Department, Pension Benefit Guaranty Corporation.

SECURITIES AND EXCHANGE COMMISSION

[File No. 500–1]

Green Energy Resources, Inc.; Order of Suspension of Trading

June 22, 2010.

It appears to the Securities and Exchange Commission that there is a lack of current and accurate information concerning the securities of Green Energy Resources, Inc. ("Green Energy") because of questions regarding the accuracy of statements by Green Energy in press releases concerning, among other things, the company’s involvement in the Gulf of Mexico oil spill cleanup effort.

The Commission is of the opinion that the public interest and the protection of investors require a suspension of trading in the securities of Green Energy.

Therefore, it is ordered, pursuant to Section 12(k) of the Securities Exchange Act of 1934, that trading in the securities of the above-listed company is suspended for the period from 9:30 a.m. EDT June 22, 2010 through 11:59 p.m. EDT, on July 6, 2010.

By the Commission.

Elizabeth M. Murphy,
Secretary.
