

*A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change*

1. Purpose

The purpose of this filing is to eliminate the guaranteed allocation for Lead Market Makers ("LMM"s) and Directed Order Market Makers ("DOMM"s) under certain circumstances.

Currently, under Rule 6.76A, a LMM (or DOMM) will receive a guaranteed allocation of 40% of an incoming marketable order, including 40% of the balance of an order after any customer orders ranked ahead of the LMM (or DOMM) are filled, provided the LMM (or DOMM) is quoting at the National Best Bid/Offer ("NBBO").

The Exchange proposes to amend Rule 6.76A to provide that LMMs (or DOMMs) will only receive the 40% guaranteed allocation if there are no resting Customer orders ranked ahead of the LMM (or DOMM).

At the time of the introduction of the OX system, the market structure rewarded LMMs for providing competitive quotes by giving them a 40% guarantee ahead of higher ranked non-Customers when Customer orders were ahead of the LMM in time ranking. This encouraged the LMM to join the customer price and augment the customer price with the LMM's added size.

As market participants have evolved, however, the Exchange has found that the guarantee after satisfying Customer trading interest ahead of the LMM in priority has discouraged other non-customer trading interests that wish to aggressively price orders to set the NBBO. NYSE Arca clients have submitted orders that set a new price, only to find themselves receiving a small portion of an incoming order after it fills Customers and 40% of the balance is allocated to the LMM.

The Exchange still views as necessary granting the LMM (or DOMM) 40% of incoming orders when no Customer orders are present, in return for the enhanced quoting obligations of LMMs and DOMMs.

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with Section 6(b)<sup>4</sup> of the Securities Exchange Act of 1934 (the "Act"), in general, and furthers the objectives of Section 6(b)(5)<sup>5</sup> in particular in that it is designed to promote just and equitable principles of

trade, to prevent fraudulent and manipulative acts, to remove impediments to and to perfect the mechanism for a free and open market and a national market system and, in general, to protect investors and the public interest. The Exchange believes that eliminating the LMM or DOMM 40% guarantee when Customers are ahead in the Consolidated Book will enhance competition amongst non-Customers.

*B. Self-Regulatory Organization's Statement on Burden on Competition*

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

*C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others*

No written comments were solicited or received with respect to the proposed rule change.

*Medicare Part B Income-Related Premium—Life-Changing Event Form—0960-0735.* Per the Medicare Modernization Act of 2003, selected recipients of Medicare Part B insurance pay an income-related monthly adjustment amount (IRMAA). The Internal Revenue Service (IRS) transmits income tax return data to SSA in order for SSA to determine the amount of IRMAA. SSA uses Form SSA-44 to determine if a recipient qualifies for a reduction in IRMAA. If affected Medicare Part B recipients believe SSA should use more recent tax data because a life-changing event occurred that significantly reduces their income, they can report these changes to SSA and ask for a new initial determination of their IRMAA.
