**DEPARTMENT OF HOUSING AND
URBAN DEVELOPMENT**

[Docket No. FR-5376-N-56]

**Mortgage Insurance Termination;
Application for Premium Refund or
Distributive Share Payment**

AGENCY: Office of the Chief Information Officer, HUD.

ACTION: Notice.

SUMMARY: The proposed information collection requirement described below has been submitted to the Office of Management and Budget (OMB) for review, as required by the Paperwork Reduction Act. The Department is soliciting public comments on the subject proposal.

Mortgage Insurance Termination is used by servicing mortgagees to comply with HUD requirements for reporting termination of FHA mortgage insurance. This information is used whenever FHA mortgage insurance is terminated and no claim for insurance benefits will be filed. This information is submitted via the Internet or EDI and is used to directly pay eligible homeowners. This condition occurs when the form passes the criteria of certain system edits. As the result the system generates a disbursement to the eligible homeowner

for the refund consisting of the unused portion of the paid premium. The collection information required is used to update HUD's Single Family Insurance System. The billing of mortgage insurance premiums are discontinued as a result of the transaction. Without this information the premium collection/monitoring function would be severely impeded and program data would be unreliable. Under streamline III when the form is processed but does not pass the series of edits, the system generates in these cases the Application for Premium Refund or Distributive Share Payment to the homeowner to be completed and returned to HUD for further processing for the refund. In general a Premium Refund is the difference between the amount of prepaid premium and the amount of the premium that has been earned by HUD up to the time the mortgage is terminated.
