Notice and Request for Comments

AGENCY: Surface Transportation Board.

ACTION: 60-day notice of intent to seek extension of approval.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act of 1995, 44 U.S.C. 3501–3519 (PRA), the Surface Transportation Board (Board) gives notice of its intent to request from the Office of Management and Budget (OMB) approval without change of the two existing collections described below concerning rail fuel surcharges and rail “waybills.”

Comments are requested concerning each collection as to (1) whether the particular collection of information is necessary for the proper performance of the functions of the Board, including whether the collection has practical utility; (2) the accuracy of the Board’s burden estimates; (3) ways to enhance the quality, utility, and clarity of the information collected; and (4) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology, when appropriate. Submitted comments will be included and/or summarized in the Board’s request for OMB approval.

DATES: Written comments are due on August 30, 2010.

ADDRESSES: Direct all comments to Marilyn Levitt, Surface Transportation Board, Suite 1260, 395 E Street, SW., Washington, DC 20423–0001, or to levittm@stb.dot.gov. Comments should be identified as “Paperwork Reduction Act Comments,” and should refer to the title and control number of the specific collection(s) commented upon.

The information in the Waybill Sample is used by the Federal agencies and industry stakeholders to monitor traffic flows and rate trends in the industry, and to develop testimony in Board proceedings. Under section 3506(c)(2)(A) of the PRA, Federal agencies are required, prior to submitting a collection to OMB for approval, to provide a 60-day notice and comment period through publication in the Federal Register concerning each proposed collection of information, including each proposed extension of an existing collection of information.
