Agency Forms Undergoing Paperwork Reduction Act Review

The Centers for Disease Control and Prevention (CDC) publishes a list of information collection requests under review by the Office of Management and Budget (OMB) in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these requests, call the CDC Reports Clearance Officer at (404) 639–5960 or send an e-mail to omb@cdc.gov. Send written comments to CDC Desk Officer, Office of Management and Budget, Washington, DC, or by fax to (202) 395–5806. Written comments should be received within 30 days of this notice.

Proposed Project

Promoting HIV Testing among Low Income Heterosexual Young Adult Black Men—New—National Center for HIV/AIDS, Viral Hepatitis, STD, and TB Prevention (NCHHSTP), Centers for Disease Control and Prevention (CDC).

Background and Brief Description

The lifetime risk of acquiring HIV infection for black men is 1 in 16. Heterosexual transmission is the second highest category for HIV infection among black men, yet we know little about how to successfully access heterosexual black men with HIV prevention and testing messages. CDC is requesting OMB approval for 2 years to collect data for this 3-phase study. The data collection will take place in Queens and Brooklyn, New York.

The purpose of the proposed study is to elicit attitudes about HIV testing among a community-based sample of non-Hispanic black, heterosexual men, ages 18–25, who were recently arrested or who were recently released from jail/prison. The study will develop culturally-tailored and gender-specific educational materials that promote HIV testing among this population. The data collection process will take approximately 2 years.

There will be a screening for each phase, 30 respondents for the one-on-one, 300 respondents for the survey, and 40 for the focus group. In Phase 1, local investigators will conduct qualitative

interviews with 20 non-Hispanic black, heterosexual men, ages 18–25, who were recently arrested or who were recently released from jail/prison and meet screening criteria. The interviews will identify their attitudes towards HIV testing, socio-cultural norms, and perceived behavioral control factors that influence HIV testing. The interviews will also elicit their opinions of how to promote HIV testing among their peers. Each interview will last approximately 1.5 hours. During Phase 2, the results from Phase I will be used to identify variables for a survey that will examine attitudes towards HIV testing, socio-cultural norms, and perceived behavioral control factors to HIV testing intentions and behaviors. The survey will include 250 non-Hispanic black heterosexual men, ages 18–25, who meet screening criteria. Each survey will last approximately 30 minutes.

During Phase 3, using Phase 1 and 2 results, educational materials promoting HIV testing among 24 non-Hispanic black heterosexual men will be developed and pilot tested in focus groups of young black men who meet screening criteria to evaluate the acceptability of the materials.

This study will provide important epidemiologic information useful for the development of HIV prevention interventions for young black men.

There is no cost to respondents except for their time. The estimated annualized burden hours are 265.

ESTIMATE OF ANNUALIZED BURDEN HOURS

Type of respondents	Form name	Number of respondents	Number of responses per respondents	Average burden per responses (hours)
General public	Screener for one-on-one interviews	30	1	10/60
General public	One-on-one interviews	20	1	1.5
General public	Screener for surveys	300	1	10/60
General public	Surveys	250	1	30/60
General public	Screener for focus groups	40	1	10/60
General public	Focus groups	24	1	2

Dated: June 17, 2010.

Maryam I. Daneshvar,

Reports Clearance Officer, Centers for Disease Control and Prevention.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Substance Abuse and Mental Health Services Administration

Agency Information Collection Activities: Proposed Collection; Comment Request

In compliance with Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 concerning opportunity for public comment on proposed collections of information, the Substance Abuse and Mental Health

Services Administration will publish periodic summaries of proposed projects. To request more information on the proposed projects or to obtain a copy of the information collection plans, call the SAMHSA Reports Clearance Officer on (240) 276–1243.

Comments are invited on: (a) Whether the proposed collections of information are necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection
