#### SUPPLEMENTARY INFORMATION:

##### Background

- On March 11, 2010, President Obama issued Executive Order 13534 to enhance and coordinate Federal efforts to facilitate the creation of jobs in the United States through the promotion of exports, and to ensure the effective use of Federal resources in support of these goals. The Executive Order can be found

online at <http://www.whitehouse.gov/the-press-office/executive-order-national-export-initiative>. The Executive Order instructs the Export Promotion Cabinet, through the TPCC, to provide a report to the President within 180 days on a comprehensive plan to carry out the goals of the NEI.

- The TPCC, established by the Export Enhancement Act of 1992 (Pub. L. 102-429), is an interagency committee that coordinates the development of U.S. Government trade promotion policies and programs. The TPCC is composed of representatives from 20 Federal agencies. The Secretary of Commerce chairs the TPCC. Other agencies and offices represented are the Export-Import Bank, the Overseas Private Investment Corporation, the U.S. Trade and Development Agency, the Small Business Administration, the Departments of Agriculture, State, Defense, Energy, Homeland Security, Interior, Labor, Transportation and the Treasury, the Office of the U.S. Trade Representative, the U.S. Agency for International Development, the U.S. Environmental Protection Agency, the Office of Management and Budget, the National Security Council, the National Economic Council, and the Council of Economic Advisors.

- The NEI is President Obama's initiative to improve conditions that directly affect the private sector's ability to export. The NEI will help meet the Administration's goal of doubling exports over the next 5 years by working to remove trade barriers, by helping firms—especially small businesses—overcome the hurdles to entering new export markets, by assisting with financing, and in general by pursuing a government-wide approach to export advocacy abroad, among other steps.

General information concerning the NEI and government programs that help U.S. businesses export is available at <http://www.export.gov>.

#### Public Comments

The TPCC is seeking information from exporters, other private businesses, trade associations, academia, labor organizations, non-governmental organizations, and other interested parties regarding:

- (1) Identification of Federal government programs or regulations that impede the ability of U.S. companies to export;

- (2) Effective foreign trade promotion programs and activities that could inform U.S. Federal government program development;

- (3) Identification of the most (or least) effective Federal government programs that support U.S. exports, including

specific experiences with such Federal government programs;

(4) Steps that the Federal government could take to improve its programs to support U.S. exports; and

(5) More generally, how the Federal government could better help U.S. businesses export.

In particular, we are seeking comments with respect to the following eight priority areas set forth by the President in Executive Order 13534:

- (a) Exports by Small and Medium-Sized Enterprises (SMEs);
- (b) Federal Export Assistance;
- (c) Trade Missions;
- (d) Commercial Advocacy;
- (e) Increasing Export Credit;
- (f) Macroeconomic Rebalancing;
- (g) Reducing Barriers to Trade; and
- (h) Export Promotion of Services.

In responding, please indicate your experience with exporting and the type of organization you are affiliated with, if any, i.e., small business, large company, trade association, academia, labor organization, or other non-governmental organization. For organizations submitting comments to the **Federal Register** (FR) notice on the TPCCE Renewable Energy and Energy Efficiency Export Strategy to Support the NEI (FR Doc. 2010-12982), comments received in response to that notice will be considered and do not need to be resubmitted. The information received will help the Administration develop the NEI plan called for by the President in Executive Order 13534.

With regard to the priority area involving "Reducing Barriers to Trade," the Administration will take into account public comments previously received by the Office of the U.S. Trade Representative with regard to the development and implementation of U.S. trade policy. See FR notices at <http://www.ustr.gov/federal-register-notices> and <http://www.regulations.gov> for a complete enumeration of those notices and comments received.

Dated: June 24, 2010.

#### Frozen Warmwater Shrimp from the Socialist Republic of Vietnam: Notice of Extension of Time Limit for the Final Results of the 2008-2009 Administrative Review

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**EFFECTIVE DATE:** June 30, 2010.

**FOR FURTHER INFORMATION CONTACT:** Susan Pulongbarit or Paul Walker, AD/CVD Operations, Office 9, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone (202) 482-4031 or (202) 482-0413, respectively.

#### SUPPLEMENTARY INFORMATION:

##### Background

On March 15, 2010, the Department of Commerce ("Department") published in the **Federal Register** the preliminary results of the 2008 2009 administrative review of the antidumping duty order on frozen warmwater shrimp from the Socialist Republic of Vietnam ("Vietnam") covering the period February 1, 2008, through January 31, 2009. See *Certain Frozen Warmwater Shrimp from the Socialist Republic of Vietnam: Preliminary Results, Partial Rescission, and Request for Revocation, in Part, of the Fourth Administrative Review*, 75 FR 12206 (March 15, 2010). The final results are currently due no later than July 13, 2010.

##### Extension of the Time for the Final Results

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended ("Act"), requires that the Department issue the final results of an administrative review within 120 days after the date on which the preliminary results are published. If it is not practicable to complete the review within that time period, section 751(a)(3)(A) of the Act allows the Department to extend the deadline for the final results to a maximum of 180 days after the date on which the preliminary results are published.

The Department requires additional time in order to consider the new surrogate values placed on the record after the preliminary results and to provide interested parties an opportunity to comment on the Department's surrogate wage rate methodology. Thus, it is not practicable

to complete this review by July 13, 2010. Therefore, the Department is extending the time limit for completion of the final results of this review by 17 days, in accordance with section 751(a)(3)(A) of the Act. The final results are now due no later than July 30, 2010.

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: June 23, 2010.

Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.
