Federal Acquisition Regulation; FAR Case 2008–035, Registry of Disaster Response Contractors

AGENCIES: Department of Defense (DoD), General Services Administration (GSA), and National Aeronautics and Space Administration (NASA).

ACTION: Final rule.

SUMMARY: The Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) have adopted, as final without change, the interim rule amending the Federal Acquisition Regulation (FAR) to implement the Department of Homeland Security Appropriations Act, 2007, section 697, which requires the establishment and maintenance of a registry of disaster response contractors.

DATES: Effective Date: August 2, 2010.

SUPPLEMENTARY INFORMATION:

A. Background

Public Law 109–295, the Department of Homeland Security Appropriations Act, 2007, section 697, requires the establishment and maintenance of a registry of contractors willing to perform debris removal, distribution of supplies, reconstruction, and other disaster or emergency relief activities. In addition, contracting officers are required to consult the registry during market research and acquisition planning.

The interim rule was published in the Federal Register on October 14, 2009 (74 FR 52847). The public comment period closed on December 14, 2009. No comments were received in response to the interim rule.

In the interim rule, the Councils amended the language at FAR 2.101 to add a definition of “Disaster Response Registry,” and at FAR 4.1104, 18.102, and 26.205 to require contracting officers to consult the registry at http://www.ccr.gov. In addition, a requirement was added to FAR 10.001 to require contracting officers to take advantage of commercially available market research methods to identify capabilities to meet agency requirements for disaster relief.

This is a significant regulatory action and, therefore, was subject to review under Section 6(b) of Executive Order 12866, Regulatory Planning and Review, dated September 30, 1993. This rule is not a major rule under 5 U.S.C. 804.

B. Regulatory Flexibility Act

The Department of Defense, the General Services Administration, and the National Aeronautics and Space Administration certify that this final rule will not have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601, et seq., because this rule does not revise or change existing regulations pertaining to small business concerns seeking Government contracts. In addition, the Councils sought comments from small businesses on the affected FAR parts at the publication of the interim rule. No comments were received.

C. Paperwork Reduction Act

The Paperwork Reduction Act does not apply because the changes to the FAR do not impose information collection requirements that require the approval of the Office of Management and Budget under 44 U.S.C. Chapter 35, et seq.

Federal Acquisition Regulation; FAR Case 2010–008, Recovery Act Subcontract Reporting Procedures

AGENCIES: Department of Defense (DoD), General Services Administration (GSA), and National Aeronautics and Space Administration (NASA).

ACTION: Interim rule with request for comments.

SUMMARY: The Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Counsils) have agreed on an interim rule amending the Federal Acquisition Regulation (FAR) to revise the clause at FAR 52.204–11. This interim rule does not require renegotiation of existing Recovery Act contracts that include the clause dated March 2009. This change will require first-tier subcontractors with Recovery Act funded awards of $25,000 or more, to report jobs information to the prime contractor for reporting into http://FederalReporting.gov. It also will require the prime contractor to submit its first report on or before the 10th day after the end of the calendar quarter in which the prime contractor received the award, and quarterly thereafter.

DATES: Effective Date: July 2, 2010.
Applicability Date: The changes to the original clause will be used for all new solicitations and contracts issued on or after the effective date of this interim rule. This change is not required for task and delivery orders where the original clause dated March 2009 is already in the underlying task and delivery order contract. This change is not required when modifying existing contracts that contain the clause dated March 2009. Therefore, this interim rule does not require renegotiation of existing Recovery Act contracts that include the clause dated March 2009.

Comment Date: Interested parties should submit written comments to the Regulatory Secretariat on or before August 31, 2010 to be considered in the formulation of a final rule.

ADDRESSES: Submit comments identified by FAC 2005–43, FAR case 2010–008, by any of the following methods:

SUPPLEMENTARY INFORMATION:

A. Background

On February 17, 2009, the President signed Public Law 111–5, the American Recovery and Reinvestment Act of 2009 (the “Recovery Act”), including a number of provisions to be implemented in Federal Government contracts. On March 31, 2009, the Councils published FAR Case 2009–009 in the Federal Register (74 FR 14639) as an interim rule amending the FAR to implement section 1512 of the Recovery Act, which requires contractors to report on their use of Recovery Act funds. A correction was published May 14, 2009 (74 FR 22810). The FAR interim rule added a new subpart 4.15, and a new clause, 52.204–11, requiring contracting officers to include the clause in solicitations and contracts funded in whole or in part with Recovery Act funds, except classified solicitations and contracts.

This new interim rule revises the clause and instructs contracting officers to include the clause in all new solicitations and contracts issued on or after the effective date of this interim rule. This revised clause is not required for any existing contracts, or task and delivery orders issued under a contract, that contain the original clause FAR clause 52.204–11 dated March 2009. Therefore, no renegotiation is required. However, the revised clause will be required for any new Recovery Act funded task or delivery orders if the underlying task or delivery order contract does not contain FAR clause 52.204–11, dated March 2009.

The revised clause requires first-tier subcontractors to report jobs information to the prime contractor for reporting into http://FederalReporting.gov. It also requires prime contractors to submit their first quarterly report into http://FederalReporting.gov on or before the 10th day following the end of the calendar quarter in which the prime contractor received its award and submit quarterly thereafter. The revised clause also refers contractors and their first-tier subcontractors to a set of Frequently Asked Questions (FAQs) available online. Contractors subject to 52.204–11 were initially notified of the FAQs through a Federal Register notice (74 FR 48971), published on September 25, 2009.

This is a significant regulatory action and, therefore, was subject to review under Section 6(b) of Executive Order 12866, Regulatory Planning and Review, dated September 30, 1993. This rule is not a major rule under 5 U.S.C. 804.

B. Regulatory Flexibility Act

This interim rule may have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601 et seq., because it requires quarterly reporting on subcontractor jobs under newly awarded Recovery Act funded contracts.

An Initial Regulatory Flexibility Analysis (IRFA) has been prepared. The analysis is summarized as follows:

1. Reasons for the action.
