Rule 3055.3 provides the Postal Service an opportunity to request that a product, or component of a product, be excluded from service performance measurement reporting upon demonstration that: (1) The cost of implementing a measurement system would be prohibitive in relation to the revenue generated by the product, or component of a product; (2) the product, or component of a product, defies meaningful measurement; or (3) the product, or component of a product, is in the form of a negotiated service
