Assessment

The Department will determine, and U.S. Customs and Border Protection ("CBP") shall assess, antidumping duties on all appropriate entries, pursuant to 19 CFR 351.212(b). We have calculated importer-specific duty assessment rates on a per-unit basis. Specifically, we divided the total dumping margins (calculated as the difference between normal value and export price or constructed export price) for each importer by the total quantity of subject merchandise sold to that importer during the POR to calculate a per-unit assessment amount. In this and any future review, we will direct CBP to assess importer-specific assessment rates based on the resulting per-unit (i.e., per-kilogram) rates by the weight in kilograms of each entry of the subject merchandise during the POR. The Department intends to issue appropriate assessment instructions directly to CBP 15 days after publication of the final results of this new shipper review.

Cash Deposit Requirements

Cash deposit requirements will be effective upon publication of this final results of this new shipper review for all shipments of subject merchandise. CBP, entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by section 751(a)(2)(C) of the Tariff Act of 1930, as amended ("Act"). (1) For subject merchandise produced and exported by NTSF, the cash deposit rate will be zero; (2) for subject merchandise exported by NTSF, but not manufactured by NTSF, the cash deposit rate will continue to be the Vietnam-wide rate of $2.11/Kilogram; and (3) for subject merchandise manufactured by NTSF, but exported by any party other than NTSF, the cash deposit rate will be the rate applicable to the exporter. These cash deposit requirements will remain in effect until further notice.

Reimbursement of Duties

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in the Department’s presumption that reimbursement of antidumping duties has occurred and the subsequent assessment of doubled antidumping duties.

Administrative Protective Orders

This notice also serves as a reminder to parties subject to administrative protective orders ("APO") of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

We are issuing and publishing this determination in accordance with sections 751(a)(2)(B) and 777(i) of the Act, and 19 CFR 351.214(h) and 351.221(b)(5).

Dated: June 27, 2010.

Acting Deputy Assistant Secretary for Import Administration.

Fresh Garlic From the People’s Republic of China: Initiation of New Shipper Reviews

AGENCY: Import Administration, International Trade Administration, Department of Commerce.
SUMMARY: The Department of Commerce (the Department) has determined that
three timely requests for a new shipper review of the antidumping duty order
on fresh garlic from the People’s Republic of China (PRC), meet the statutory and regulatory requirements
for initiation.
DATES: Effective Date: July 7, 2010.
FOR FURTHER INFORMATION CONTACT: Scott Lindsay, AD/CVD Operations,
Office 6, Import Administration, International Trade Administration,
U.S. Department of Commerce, 14th
Street and Constitution Avenue, NW.,
Washington, DC 20230; telephone: (202)
482–0780.
SUPPLEMENTARY INFORMATION:
Background
The notice announcing the
antidumping duty order on fresh garlic
from the PRC was published on
November 16, 1994. See Antidumping
Duty Order: Fresh Garlic from the
People’s Republic of China, 59 FR 59209
(November 16, 1994) (Order). On May
28, 2010, we received timely requests
for a new shipper review from
Shenzhen Bainong Co. Ltd. (Bainong),
Yantai Jinyan Trading Co. Ltd. (Jinyan),
and Jining Yifa Garlic Produce Co., Ltd.
(Yifa) in accordance with 19 CFR
351.214(c) and 351.214(d)(2). Jinyan and
Yifa have each certified that they are
both the producer and exporter of all of
the fresh garlic they exported to the
United States, which is the basis for
their requests for a new shipper review.
Bainong has certified that it is the
exporter of the fresh garlic it exported
to the United States, while Mingkai
Garlic Industry Co. Ltd. (Mingkai) is the
producer of the fresh garlic exported by
Bainong.

Pursuant to the requirements set forth in 19 CFR 351.214(b)(2), in their
requests for a new shipper review, Bainong, Jinyan, and Yifa each certified
that (1) they did not export fresh garlic to the United States during the period
of investigation (POI); (2) since the initiation of the investigation, they have
never been affiliated with any company that exported subject merchandise to the
United States during the POI, including any exporter or producer not
individually examined during the investigation; and (3) their export activities are not controlled by the
central government of the PRC. In addition, Mingkai, the producer of the
subject merchandise for Bainong, certified that it did not export the
subject merchandise to the United States during the POI. In accordance
with 19 CFR 351.214(b)(2)(iv), Bainong, Jinyan, and Yifa submitted
documentation establishing the following: (1) The date on which each company first shipped fresh garlic for
export to the United States and the date on which fresh garlic was first entered,
or withdrawn from warehouse, for consumption; (2) the volume of the first
shipment; and (3) the date of the first sale to an unaffiliated customer in the
United States.

Periods of Review
In accordance with 19 CFR
351.214(g)(1)(ii)(B), the period of review (POR) for new shipper reviews initiated
in the month immediately following the semi-annual anniversary month will be
the six-month period immediately preceding the semiannual anniversary
month. Therefore, under this order, the POR is November 1, 2009 through April
30, 2010. The sales and entries into the
United States of subject merchandise exported by Bainong and Yifa occurred
during this six-month POR. Therefore, the POR for these new shippers is
November 1, 2009 through April 30, 2010.

When the sale of the subject merchandise occurs within the POR
specified by the Department’s regulations but the entry occurs after the
POR, the specified POR may be extended unless it would be likely to
prevent the completion of the review within the time limits set by the
Department’s regulations. See 19 CFR
351.214(f)(2)(ii). Additionally, the
preamble to the Department’s
regulations states that both the entry
and the sale should occur during the
POR, but that under “appropriate”
circumstances the Department has the
flexibility to extend the POR. See
Antidumping Duties: Countervailing Duties; Final Rule, 62 FR 27296, 27319–
27320 (May 19, 1997). In this instance, Jinyan’s sale of subject merchandise was
made during the POR specified by the
Department’s regulations but the
shipment entered almost a month after
the end of that POR. In its request for a
new shipper review, Jinyan requested that the Department extend the POR for
Jinyan’s NSR to capture its entry. The
Department finds that extending the
POR to capture this entry would not
prevent the completion of the review
within the time limits set by the
Department’s regulations. Therefore, the
Department has extended the POR for
Jinyan’s new shipper review by one
month, making the POR for Jinyan
November 1, 2009 through May 31,
2010.

Initiation of New Shipper Reviews
Pursuant to section 751(a)(2)(B) of the
Tariff Act of 1930, as amended (the Act)
and 19 CFR 351.214(d)(1), we find that
the requests submitted by Bainong,
Jinyan, and Yifa meet the threshold
requirements for initiation of a new
shipper review for shipments of fresh
garlic from the PRC. See Memoranda to
the File through Barbara E. Tillman,
Director, AD/CVD Operations, Office 6,
Fresh Garlic from the People’s Republic
of China: Initiation of Antidumping New
Shipper Review—Bainong, Fresh Garlic
from the People’s Republic of China:
Initiation of Antidumping New Shipper
Review—Jinyan, and Fresh Garlic from
the People’s Republic of China:
Initiation of Antidumping New Shipper
Review—Yifa, each dated concurrently
with this notice. See 19 CFR
351.214(g)(1)(ii)(A).

The Department will conduct these
reviews according to the deadlines set
forth in section 751(a)(2)(B)(iv) of the
Act. It is the Department’s usual
practice, in cases involving non-market
economies, to require that a company
seeking to establish eligibility for an
antidumping duty rate separate from the
country-wide rate provide evidence of
de jure and de facto absence of
government control over the company’s
export activities. Accordingly, we will
issue questionnaires to Bainong, Jinyan,
and Yifa, which will include a separate
rate section. The review will proceed if
the response provides sufficient
indication that Bainong, Jinyan, and
Yifa are each not subject to either de
jure or de facto government control with
respect to the export of fresh garlic.

We will instruct U.S. Customs and
Border Protection to allow, at the option
of the importer, the posting, until the
completion of the review, of a bond or
security in lieu of a cash deposit for
each entry of the subject merchandise
from Bainong, Jinyan, and Yifa in
accordance with section 751(a)(2)(B)(iii)
of the Act and 19 CFR 351.214(e).

Because Jinyan and Yifa each certified
that it both produced and exported the
subject merchandise, the sale of which
is the basis for this new shipper review
request, we will apply the bonding
privilege to Jinyan and Yifa only for
subject merchandise which Jinyan and
Yifa each both produced and exported.
Because Bainong certified that its
subject merchandise was produced by
Mingkai, we will apply the bonding
privilege to Bainong only for subject
merchandise produced by Mingkai.

Interested parties requiring access to
proprietary information in this new
shipper review should submit
applications for disclosure under
administrative protective order in
accordance with 19 CFR 351.305 and
351.306.
This initiation and notice are in accordance with section 751(a)(2)(B) of the Act and 19 CFR 351.214 and 351.221(c)(1)(i).

Dated: June 30, 2010.
John M. Andersen,
Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.
