OERM owns 66 rail cars that are older than 50 years, and are restricted by the provision of 49 CFR 215.203(a). OERM is seeking special approval to continue to use these cars under proceeding according to 49 CFR 215.203(b).

OERM states that the cars subject to this waiver are used for educational, historical and interpretive purposes as part of the ongoing museum activities of Southern California Railway Museum, Inc., d.b.a. Orange Empire Railway Museum, a California non-profit education corporation. OERM is a historical museum tourist railroad operation located in the City of Perris, California. Continued operation of these cars is central to the education mission and economic survival of the museum.

OERM further states that applying the required stenciling and reflective material would destroy the historical appearance of the cars. The cars will be operated in captive service and will never be interchanged. These cars are rarely, if at all, operated at times other than daylight hours. On the rare occasions when the cars are operated at night and across a public grade crossing, the crossings in question are fully equipped with automatic crossing protection and, by virtue of their locations within an urban area, there is adequate light at the grade crossing to illuminate the cars.

The crossing at 7th street on the Jacinto Industrial Spur is not protected by gates and flashers; however, on the rare occurrence, if ever, when such equipment is moved across said crossing, the museum provides a flagman and speeds will not exceed 5 miles per hour. The 7th Street crossing is scheduled to receive gates, flashers and islands with the introduction of Metrolink service. There have never been any train/vehicle accidents at these grade crossings involving OERM trains.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. FRA does not anticipate scheduling a public hearing in connection with these proceedings since the facts do not appear to warrant a hearing. If any interested party desires an opportunity for oral comment, they should notify FRA, in writing, before the end of the comment period and specify the basis for their request.

All communications concerning these proceedings should identify the appropriate docket number (e.g., Waiver Petition Docket Number FRA–2010–0102) and may be submitted by any of the following methods:

- Hand Delivery: 1200 New Jersey Avenue, SE., Room W12–140, Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

Communications received within 45 days of the date of this notice will be considered by FRA before final action is taken. Comments received after that date will be considered as far as practicable. All written communications concerning these proceedings are available for examination during regular business hours (9 a.m.–5 p.m.) at the docket facility’s Web site at http://www.regulations.gov.

Anyone is able to search the electronic form of any written communications and comments received into any of our dockets by the name of the individual submitting the document (or signing the document, if submitted on behalf of an association, business, labor union, etc.). You may review DOT’s complete Privacy Act Statement in the Federal Register published on April 11, 2000 (65 FR 19477) or at http://www.dot.gov/privacy.html.

Issued in Washington, DC, on July 2, 2010.

Robert C. Lauby,
Deputy Associate Administrator for Regulatory and Legislative Operations.

BILLING CODE 4910–06–P

DEPARTMENT OF TRANSPORTATION
Federal Railroad Administration

Petition for Waiver of Compliance

In accordance with part 211 of title 49 Code of Federal Regulations (CFR), notice is hereby given that the Federal Railroad Administration (FRA) has received a request for a waiver of compliance from certain requirements of its safety standards. The individual petition is described below, including the party seeking relief, the regulatory provisions involved, the nature of the relief being requested, and the petitioner’s arguments in favor of relief.

Pan Am Railways

[Waiver Petition Docket Number FRA–2010–0107] The Pan Am Railways (Pan Am) seeks a waiver of compliance with the

Lomotive Safety Standards, 49 CFR 229.129(b)(2), which requires that the sound level of horns of locomotives manufactured before September 18, 2006, be tested before June 24, 2010. Pan Am states in their request that difficulties in meeting the horn requirements for tests made at the rear of their locomotives, even after reconfiguring the existing horns, has created a need to replace horns on the majority of their locomotives, which cannot be done by June 24, 2010. Pan Am requests that the requirement to complete testing of horns on locomotives built prior to September 18, 2006, be extended 30 days, to November 1, 2010.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. FRA does not anticipate scheduling a public hearing in connection with these proceedings since the facts do not appear to warrant a hearing. If any interested party desires an opportunity for oral comment, they should notify FRA, in writing, before the end of the comment period and specify the basis for their request.

All communications concerning these proceedings should identify the appropriate docket number (e.g., Waiver Petition Docket Number FRA–2010–0107) and may be submitted by any of the following methods:

- Web site: http://www.regulations.gov. Follow the online instructions for submitting comments.
- Hand Delivery: 1200 New Jersey Avenue, SE., Room W12–140, Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

Communications received within 30 days of the date of this notice will be considered by FRA. FRA reserves the right to grant relief in response to this request prior to the expiration of the comment period. Any relief provided will be contingent upon FRA’s consideration of any relevant comments submitted to the docket before the close of the comment period. Comments received after that date will be considered as far as practicable. All written communications concerning these proceedings are available for examination during regular business hours (9 a.m.–5 p.m.) at the above facility. All documents in the public docket are also available for inspection and copying on the Internet at the
docket facility’s Web site at http://

DEPARTMENT OF TRANSPORTATION
Federal Railroad Administration
Petition for Waiver of Compliance

In accordance with part 211 of title 49
Code of Federal Regulations (CFR),
notice is hereby given that the Federal
Railroad Administration (FRA) has
received a request for a waiver of
compliance from certain requirements
of its safety standards. The individual
petition is described below, including
the party seeking relief, the regulatory
provisions involved, the nature of the
relief being requested, and the
petitioner’s arguments in favor of relief.

Middletown & Hummelstown Railroad

[Waiver Petition Docket Number FRA–2010–
0105]
The Middletown & Hummelstown
Railroad (MIDH) has petitioned FRA for
a waiver of compliance with the
requirements of 49 CFR 215.203(a)(1)
“Restricted Cars” (more than 50 years
old) for 2 cars, RPCX 1987 and
CNJ91537. Both of these cars are
 cabooses built in 1956, and 1942,
respectively. MIDH is also requesting a
waiver of compliance with 49 CFR
223.13, “Glazing requirements for
existing cabooses” because of the high
costs of FRA Type I and Type II Glazing,
as opposed to the very low incidences
of vandalism. MIDH operates its own
rail line between Middletown and
Hummelstown, Pennsylvania, a distance
of approximately 7 miles. The
maximum passenger train speed is 15
mph, and these cabooses will be used
on this trackage.

Interested parties are invited to
participate in these proceedings by
submitting written views, data, or
comments. FRA does not anticipate
scheduling a public hearing in
connection with these proceedings since
the facts do not appear to warrant a
hearing. If any interested party desires
an opportunity for oral comment, they
should notify FRA, in writing, before
the end of the comment period and
specify the basis for their request.

All communications concerning these
proceedings should identify the
appropriate docket number (e.g., Waiver
Petition Docket Number FRA–2010–

Southeastern Pennsylvania
Transportation Authority

[Waiver Petition Docket Number FRA–2010–
0113]
The Southeastern Pennsylvania
Transportation Authority (SEPTA) seeks
a waiver of compliance with the
Locomotive Safety Standards, 49 CFR
229.129(b)(2), which requires that the
sound level of horns of locomotives
manufactured before September 18,
2006, be tested before June 24, 2010.
SEPTA operates approximately 332
pieces of equipment (locomotives) with
train horns that were manufactured
before the September 18, 2006, date.
SEPTA states in their request that lack
of a site meeting the requirements of
the horn test regulation has caused SEPTA
to be unable to perform any of the
required horn tests. SEPTA has recently
realized that removal of trees at their
Frazier Facility will allow the horn
testing to be performed there. SEPTA
requests that the requirement to
complete testing of horns on
locomotives built prior to September 18,
2006, be extended 6 months, to
December 24, 2010.

Interested parties are invited to
participate in these proceedings by
submitting written views, data, or
comments. FRA does not anticipate
scheduling a public hearing in
connection with these proceedings since
the facts do not appear to warrant a
hearing. If any interested party desires
an opportunity for oral comment, they
should notify FRA, in writing, before
the end of the comment period and
specify the basis for their request.
