BILLING CODE 9110-04-P

DEPARTMENT OF HOMELAND SECURITY

U.S. Customs and Border Protection

Agency Information Collection Activities: Regulations Relating to Recordation and Enforcement of Trademarks and Copyrights

AGENCY: U.S. Customs and Border Protection, Department of Homeland Security.

ACTION: 30-Day notice and request for comments; Extension of an existing information collection: 1651-0123.

SUMMARY: U.S. Customs and Border Protection (CBP) of the Department of Homeland Security will be submitting the following information collection request to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act: Regulations Relating to Recordation and Enforcement of Trademarks and Copyrights (Part 133 of the Customs Regulations). This is a proposed extension of an information collection that was previously approved. CBP is proposing that this information collection be extended with no change to the burden hours. This document is published to obtain comments from the public and affected agencies. This proposed information collection was previously published in the **Federal Register** (75 FR 24731) on May 5, 2010, allowing for a 60-day comment period. One comment was received. This notice allows for an additional 30 days for public comments. This process is conducted in accordance with 5 CFR 1320.10.

DATES: Written comments should be received on or before August 11, 2010.

ADDRESSES: Interested persons are invited to submit written comments on this proposed information collection to the Office of Information and Regulatory Affairs, Office of Management and Budget. Comments should be addressed to the OMB Desk Officer for Customs

and Border Protection, Department of Homeland Security, and sent via electronic mail to oir_submission@omb.eop.gov or faxed to (202) 395-5806.

SUPPLEMENTARY INFORMATION: U.S. Customs and Border Protection (CBP) encourages the general public and affected Federal agencies to submit written comments and suggestions on proposed and/or continuing information collection requests pursuant to the Paperwork Reduction Act (Pub. L. 104-13). Your comments should address one of the following four points:

(1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency/component, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agencies/components estimate of the burden of The proposed collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collections of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological techniques or other forms of information.

Title: Regulations Relating to Recordation and Enforcement of Trademark and Copyrights (Part 133 of the Customs Regulations).

OMB Number: 1651-0123.

Form Number: None.

Abstract: In accordance with 19 CFR part 133, trademark and trade name owners and those claiming copyright protection may submit information to CBP to enable CBP officers to identify violating articles at the borders. In addition, parties seeking to have merchandise excluded from entry must provide proof to CBP of the validity of the rights they seek to protect. The information collected by CBP is used to identify infringing goods at the borders and determine if such goods infringe on intellectual property rights for which federal law provides import protection. Respondents may submit their information to CBP electronically at <https://apps.cbp.gov/e-recordations/>, or they may submit their information on paper in accordance with 19 CFR 133.2 and 133.3 for trademarks, or 19 CFR 133.32 and 133.33 for copyrights.

Current Actions: This submission is being made to extend the expiration date.

Type of Review: Extension (without change).

Affected Public: Businesses and Individuals.

Estimated Number of Respondents: 2,000.

Estimated Time per Respondent: 2 hours.

Estimated Total Annual Burden Hours: 4,000.

If additional information is required contact: Tracey Denning, U.S. Customs and Border Protection, Office of Regulations and Rulings, 799 9th Street, NW., 7th Floor, Washington, DC 20229-1177, at 202-325-0265.

Dated: July 6, 2010 .

Tracey Denning,

Agency Clearance Officer, U.S. Customs and Border Protection.

BILLING CODE 9111-14-P

DEPARTMENT OF THE INTERIOR

U.S. Geological Survey

Revision of a Currently Approved Collection: Users, Uses, and Benefits of Landsat Satellite Imagery

AGENCY: United States Geological Survey (USGS), Interior.

ACTION: Notice; request for comments of a currently approved collection (1028-0091).

SUMMARY: We (U.S. Geological Survey) will ask the Office of Management and Budget (OMB) to approve the information collection (IC) described below. As required by the Paperwork Reduction Act of 1995 (PRA), and as a part of our continuing efforts to reduce paperwork and respondent burden, we invite the general public and other Federal agencies to take this opportunity to comment on this IC. As a federal agency, we may not conduct or sponsor and you are not required to respond to, a collection of information unless it displays a currently valid OMB control number.

DATES: You must submit comment on or before September 10, 2010.

ADDRESSES: Please send your comments concerning the IC to Phadrea Ponds, Information Collection Clearance Officer, U.S. Geological Survey, 2150-C Centre Avenue, Fort Collins, CO 80526 (mail); (970) 226-9230 (fax); or pponds@usgs.gov (e-mail). Please reference Information Collection 1028-0091.

FOR FURTHER INFORMATION CONTACT: Holly Miller by mail at U.S. Geological Survey, 2150-C Centre Avenue, Fort Collins, CO 80526, or by telephone at (970) 226-9133.

SUPPLEMENTARY INFORMATION:**I. Abstract**

In 2008, the USGS's Land Remote Sensing (LRS) Program initiated a study to determine the users, uses, and benefits of Landsat imagery. Before that study, there had been very limited assessments of the users of this imagery to better understand the uses and benefits; the last comprehensive evaluation of the benefits of Landsat was completed over 30 years ago. The current information collection (1028-0091) provided up-to-date information about the current users and uses of Landsat imagery, as well as the benefits derived from the availability of the imagery. We are proposing revisions to the existing collection that will allow us to focus specifically on Landsat users where the last collection provided general information from a broader population of moderate resolution imagery users. This revised collection will allow the LRS Program to examine the changes in users, uses and benefits resulting from Landsat imagery now being offered at no cost to the users. This recent policy change has resulted in a dramatic increase in the amount of imagery being requested and distributed directly from USGS. Because of the influx of new users, the LRS Program would like to know if the needs of the new users are similar or different when compared to the current roster of established users. The Program will use the information from this collection to understand if they are currently meeting the needs of their user community. Questions will be asked to determine user characteristics, uses and benefits of Landsat imagery.

II. Data

OMB Control Number: 1028-0091.

Title: Users, Uses, and Benefits of Landsat Satellite Imagery.

Type of Request: Revision of a currently approved collection.

Respondent's Obligation: Voluntary.

Frequency of Collection: One time only.

Estimated Number and Description of Respondents: 2500 domestic and international state and local land management officials, and university scientists and researchers.

Estimated Total Annual Responses: 2500.

Estimated Time per Response: 30 minutes.

Estimated Total Annual Burden Hours: 1250.

III. Request for Comments

We invite comment concerning this IC on: (1) Whether or not the collection of

information is necessary, including whether or not the information will have practical utility; (2) the accuracy of our estimate of the burden for this collection of information; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on respondents. Please note that the comments you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this IC. Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment, including your personal identifying information, may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that it will be done.

Dated July 2, 2010.

Bryant Cramer,

Associate Director for Geography.

BILLING CODE P

DEPARTMENT OF THE INTERIOR**Fish and Wildlife Service**

[FWS-R8-R-2010-N104; 81640-1265-0000-S3]

San Pablo Bay National Wildlife Refuge, Sonoma, Napa, and Solano Counties, CA

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability; request for comments; draft comprehensive conservation plan/environmental assessment.

SUMMARY: We, the U.S. Fish and Wildlife Service (Service), announce the availability of a Draft Comprehensive Conservation Plan/Environmental Assessment (CCP/EA) for the San Pablo Bay National Wildlife Refuge for public review and comment. The CCP/EA, prepared under the National Wildlife Refuge System Improvement Act of 1997, and in accordance with the National Environmental Policy Act of 1969, describes how the Service will manage the Refuge for the next 15 years. Draft compatibility determinations for several existing and proposed public uses are also available for review and public comment with the Draft CCP/EA.

DATES: Written comments must be received at the address below on or before August 11, 2010.

ADDRESSES: For more information on obtaining documents and submitting comments, see "Review and Comment" under **SUPPLEMENTARY INFORMATION**.

FOR FURTHER INFORMATION CONTACT: Winnie Chan, Refuge Planner, 9500 Thornton Avenue, Newark, CA 94560, phone (510) 792-0222.

SUPPLEMENTARY INFORMATION: The National Wildlife Refuge System Improvement Act of 1997 (16 U.S.C. 668dd-668ee), which amended the National Wildlife Refuge System Administration Act of 1966, requires us to develop a CCP for each national wildlife refuge. The purpose in developing a CCP is to provide refuge managers with a 15-year plan for achieving refuge purposes and contributing toward the mission of the National Wildlife Refuge System, consistent with sound principles of fish and wildlife management, conservation, legal mandates, and our policies. In addition to outlining broad management direction on conserving wildlife and their habitats, CCPs identify wildlife-dependent recreational opportunities available to the public, including opportunities for hunting, fishing, wildlife observation and photography, environmental education, and interpretation.

We initiated the CCP/EA for the San Pablo Bay National Wildlife Refuge in July 2006. At that time and throughout the process, we requested, considered, and incorporated public scoping comments in numerous ways. Our public outreach has included a **Federal Register** notice of intent published on July 26, 2006 (71 FR 42413), one stakeholder meeting, one public meeting, planning updates, and a CCP Web page. We received approximately six scoping comments during the 45-day public comment period.

Background

The Refuge lies on the northernmost end of the San Francisco Bay Estuary and was formally established in 1970, but lands were not acquired until 1974. The Service owns 1,990 acres and manages 11,200 leased acres within the 23,700-acre acquisition boundary. The Refuge provides large expanses of tidal marsh that protects endangered species, and conserves migratory birds and other wildlife.

Alternatives

The Draft CCP/EA identifies and evaluates three alternatives for managing San Pablo Bay National
