DEPARTMENT OF HOMELAND SECURITY

[FR Doc. 2010–17040 Filed 7–12–10; 8:45 am]
BILLING CODE 9110–9F–P

At this meeting, the Committee will receive sensitive and classified (Secret-level) briefings and presentations regarding Infrastructure Protection programs in Science & Technology and updates on homeland security sensitive Federally Funded Research and Development Centers (FFRDCs) projects.

Basis for Closure: In accordance with Section 10(d) of the Federal Advisory Committee Act, it has been determined that the aspects of the Homeland Security Science and Technology Advisory Committee meeting concerns sensitive homeland security information and classified matters within the meaning of 5 U.S.C. 552b(c)(1), (c)(7)(E) & (F) and (c)(9)(B) which, if prematurely disclosed, would significantly jeopardize national security, not be in the public interest, could reveal investigative techniques and procedures, and the information could be expected to be used to circumvent the law, thereby endangering the life or physical safety of law enforcement personnel and frustrate implementation of proposed agency actions. Specifically, the Committee intends to discuss the applicability of foreign infrastructure protection techniques, technologies, and countermeasures for implementation in the United States. Accordingly, this meeting will be partially closed to the public.

The Federal Advisory Committee Act requires that notices of meetings of advisory committees be announced in the Federal Register 15 days prior to the meeting date. The meeting notice is being published late due to unavoidable delays in finalizing the agenda because of the classified material which is to be considered by the committee.

Tara O’Toole,
Under Secretary for Science and Technology.

[FR Doc. No. USC–2010–0553]

Certificate of Alternative Compliance for the Offshore Supply Vessel MONICA W CALLAIS

AGENCY: Coast Guard, DHS.

ACTION: Notice.

SUMMARY: The Coast Guard announces that a Certificate of Alternative Compliance was issued for the offshore supply vessel MONICA W CALLAIS as required by 33 U.S.C. 1605(c) and 33 CFR 81.18.

DATES: The Certificate of Alternate Compliance was issued on JUNE 8, 2010.

ADDRESSES: The docket for this notice is available for inspection or copying at the Docket Management Facility (M–30), U.S. Department of Transportation, West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue, SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. You may also find this docket on the Internet by going to http://www.regulations.gov, inserting USCG–2010–0553 in the “Keyword” box, and then clicking “Search.”

FOR FURTHER INFORMATION CONTACT: If you have questions on this notice, call LTJG Christine Dimitroff, District Eight, Prevention Branch, U.S. Coast Guard, telephone 504–671–2176. If you have questions on viewing or submitting material to the docket, call Renee V. Wright, Program Manager, Docket Operations, telephone 202–366–9826.

SUPPLEMENTARY INFORMATION:

Background and Purpose

A Certificate of Alternative Compliance, as allowed for under Title 33, Code of Federal Regulation, Parts 81 and 89, has been issued for the offshore supply vessel MONICA W CALLAIS, O.N. 1226851. The horizontal distance between the forward and aft masthead lights may be 24’4”. Placing the aft masthead light at the horizontal distance from the forward masthead light as required by Annex I, paragraph 3(a) of the 72 COLREGS, and Annex I, Section 84.05(a) of the Inland Rules Act, would result in an aft masthead light location directly over the cargo deck where it would interfere with loading and unloading operations.

The Certificate of Alternative Compliance allows for the horizontal separation of the forward and aft masthead lights to deviate from the

SUPPLEMENTARY INFORMATION:

Background and Purpose

A Certificate of Alternative Compliance, as allowed for under Title 33, Code of Federal Regulation, Parts 81 and 89, has been issued for the offshore supply vessel CALLAIS SEARCHER, O.N. 1226876. The horizontal distance between the forward and aft masthead lights may be 20′ 8″. Placing the aft masthead light at the horizontal distance from the forward masthead light as required by Annex I, paragraph 3(a) of the 72 COLREGS, and Annex I, Section 84.05(a) of the Inland Rules Act, would result in an aft masthead light location directly over the cargo deck where it would interfere with loading and unloading operations. The offset from centerline of the RAM/NUC lights may be 3′. Offsetting the RAM/NUC lights 2 meters from the centerline as required by Annex I paragraph 3(c) the 72 COLREGS and Annex I, Section 84.05(c) of the Inland Rules Act would place them in an exposed position beyond the width of the aft end of the pilot house.

A Certificate of Alternative Compliance, as allowed for under Title 33, Code of Federal Regulation, Parts 81 and 89, has been issued for the offshore supply vessel CALLAIS SEARCHER, O.N. 1226876. The Certificate of Alternative Compliance allows for the horizontal separation of the forward and aft masthead lights to deviate from the requirements of Annex I, paragraph 3(a) of 72 COLREGS, and Annex I, Section 84.05(a) of the Inland Rules Act as well as the offset of the RAM/NUC lights to deviate from the requirements of Annex I, paragraph 3(c) of 72 COLREGS and Annex I, Section 84.05(c) of the Inland Rules Act.

This notice is issued under authority of 33 U.S.C. 1605(c), and 33 CFR 81.18. Dated: June 22, 2010.

J.W. Johnson
Commander, U.S. Coast Guard, Chief, Inspections & Investigations Branch.

[Docket No. USCG–2010–0554]

Certificate of Alternative Compliance for the Offshore Supply Vessel MARIE ELISE

AGENCY: Coast Guard, DHS.

ACTION: Notice.

SUMMARY: The Coast Guard announces that a Certificate of Alternative Compliance was issued for the offshore supply vessel MARIE ELISE as required by 33 U.S.C. 1605(c) and 33 CFR 81.18.

DATES: The Certificate of Alternate Compliance was issued on June 8, 2010.

ADDRESSES: The docket for this notice is available for inspection or copying at the Docket Management Facility (M–30), U.S. Department of Transportation, West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue, SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. You may also find this docket on the Internet by going to http://www.regulations.gov, inserting USCG–2010–0554 in the “Keyword” box, and then clicking “Search.”

If you have questions on viewing or submitting material to the docket, call Renee V. Wright, Program Manager, Docket Operations, telephone 202–366–9826.

SUPPLEMENTARY INFORMATION:

Background and Purpose

A Certificate of Alternative Compliance, as allowed for under Title 33, Code of Federal Regulation, Parts 81 and 89, has been issued for the offshore supply vessel MARIE ELISE, O.N. 1223872. Full compliance with 72 COLREGS and the Inland Rules Act would hinder the vessel’s ability to conduct loading and unloading operations, and would hinder the vessel’s ability to maneuver within close proximity to offshore platforms. Placing the aft masthead light at the horizontal distance from the forward masthead light as required by Annex I, paragraph 3(a) of the 72 COLREGS, and Annex I, Section 84.05(a) of the Inland Rules Act, would result in an aft masthead light location directly over the aft cargo deck where it would interfere with loading and unloading operations and would make the mast highly susceptible to damage during such operations. The horizontal distance between the forward and aft masthead lights may be 19′ 11½″, placing the aft masthead light over the pilot house.

In addition, due to the design of the vessel it would be difficult and impractical to build a supporting structure that would put the side lights within 10% inboard from the greatest breadth of the vessel, as required by Annex I, paragraph 3(b) of the 72 COLREGS and Annex I, Section 84.05(b), of the Inland Rules Act. Compliance with the rule would cause the side lights to be in a location which will be highly susceptible to damage from offshore platforms. Locating the side lights 7′ 11⅛″ inboard from the greatest breadth of the vessel on the pilot house will provide a sheltered
