
The full text of document FCC 10–88 and copies of any subsequently filed documents in this matter will be available for public inspection and copying during regular business hours at the FCC Reference Information Center, Portals II, 445 12th Street, SW., Room CY–A257, Washington, DC 20554. Document FCC 10–88 and copies of subsequently filed documents in this matter may also be purchased from the Commission’s duplicating contractor at the FCC’s Web site or call 1–800–378–3160. To request materials in accessible formats for people with disabilities (Braille, large print, electronic files, audio format), send an e-mail to fcc504@fcc.gov or call the Consumer and Governmental Affairs Bureau at (202) 418–0432 (TTY). Document FCC 10–88 can also be downloaded in Word or Portable Document Format (PDF) at: http://www.fcc.gov/cgb/dro/ trs.html#orders.

Synopsis

The TRS mandatory minimum standards expressly provide that the “Commission shall have the authority to audit providers and have access to all data, including carrier specific data, collected by the Fund administrator.” The Commission’s rules also state that the “[F]und administrator shall have authority to audit TRS providers reporting data to the administrator.” Further, the rules state that “the administrator shall establish procedures to verify payment claims, and may suspend or delay payments to a TRS provider if the TRS provider fails to provide adequate verification of payment upon reasonable request, or if directed by the Commission to do so.” Finally, the rules state that the “Fund administrator shall make payments only to eligible TRS providers operating pursuant to the mandatory minimum standards as required in § 64.604 (of the Commission’s rules).” These rules are intended to protect the integrity of the Fund and to deter and detect waste, fraud, and abuse.

The Commission and the TRS Fund administrator have conducted some audits, but not all providers have submitted to the auditing process. Therefore, the Commission reminds providers that the above-cited rules, which provide for the suspension or delay of payments to TRS providers who do not provide verification of payment upon reasonable request, authorize the Commission to withhold payment from providers who do not submit to audits, whether requested by the Commission or the Fund administrator.

Congressional Review Act

The Commission will send a copy of document FCC 10–88 in a report to be sent to Congress and the Government Accountability Office pursuant to the Congressional Review Act, see 5 U.S.C. 801(a)(1)(A).

Ordering Clauses

Pursuant to sections 1, 4(i) and (o), 225, 303(r), 403, 624(g), and 706 of the Communications Act of 1934, as amended, 47 U.S.C. 151, 154(i) and (o), 225, 303(r), 403, 554(g), and 606, document FCC 10–88 is adopted.

The Commission’s Consumer and Governmental Affairs Bureau, Reference Information Center, shall send a copy of document FCC 10–88 to the Chief Counsel for Advocacy of the Small Business Administration.

Federal Communications Commission.

Marlene H. Dortch, Secretary.

Formations of, Acquisitions by, and Mergers of Bank Holding Companies

The companies listed in this notice have applied to the Board for approval, pursuant to the Bank Holding Company Act of 1956 (12 U.S.C. 1841 et seq.) (BHC Act), Regulation Y (12 CFR Part 225), and all other applicable statutes and regulations to become a bank holding company and/or to acquire the assets or the ownership of, control of, or the power to vote shares of a bank or bank holding company and all of the banks and nonbanking companies owned by the bank holding company, including the companies listed below.

The applications listed below, as well as other related filings required by the Board, are available for immediate inspection at the Federal Reserve Bank indicated. The applications also will be available for inspection at the offices of the Board of Governors. Interested persons may express their views in writing on the standards enumerated in the BHC Act (12 U.S.C. 1842(c)). If the proposal also involves the acquisition of a nonbanking company, the review also includes whether the acquisition of the nonbanking company complies with the standards in section 4 of the BHC Act (12 U.S.C. 1843). Unless otherwise noted, nonbanking activities will be conducted throughout the United States. Additional information on all bank holding companies may be obtained from the National Information Center website at www.ffiec.gov/nic/.
Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency’s estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology. Written comments should be received within 60 days of this notice.

Proposed Project
National Ambulatory Medical Care Survey (NAMCS), (OMB No. 0920–0234 exp. 7/31/2012)—Revision—National Center for Health Statistics (NCHS), Centers for Disease Control and Prevention (CDC).

Background and Brief Description
Section 306 of the Public Health Service (PHS) Act (42 U.S.C. 242k), as amended, authorizes that the Secretary of Health and Human Services (DHHS), acting through NCHS, shall collect statistics on the utilization of health care provided by nonfederal office-based physicians in the United States. On February 26, 2010, the Office of Management and Budget (OMB) approved data collection for three years. This revision is to notify the public that the President’s fiscal year 2011 budget requests that Congress consider a budget increase for this survey for 2011. If the budget increase is approved by Congress, expanded data collection will begin in the first calendar quarter of 2011 or as soon thereafter as is possible. An increased sample size of approximately 6,800 physicians and 60,000 visit records (a doubling from 3,400 physicians and 30,000 visit records sampled in 2010) is requested. Currently the NAMCS produces national and regional estimates. If the full budget increase is approved by Congress, the survey will be able to produce the same estimates as it does currently as well as data on a limited number of states when data are combined across two years. This increase will greatly improve the ability to track providers’ practice patterns, including their adoption and meaningful use of health information technology (HIT).

Congress may approve all, some or none of the budget increase requested in the President’s budget. If approved, this notice would allow the proposed request for a sample increase to move forward to OMB for final review in sufficient time to implement the sample increase in the first quarter of 2011. This notice also covers increases in sample size that might result due to other budget allocations.

NAMCS was conducted annually from 1973 to 1981, again in 1985, and resumed as an annual survey in 1989. The purpose of NAMCS, a voluntary survey, is to meet the needs and demands for statistical information about the provision of ambulatory medical care services in the United States. Ambulatory services are rendered in a variety of settings, including physicians’ offices and hospital outpatient and emergency departments. The NAMCS target universe consists of all office visits made by ambulatory patients to non-Federal office-based physicians (excluding those in the specialties of anesthesiology, radiology, and pathology) who are engaged in direct patient care. In 2006, physicians and mid-level providers (i.e., nurse practitioners, physician assistants, and nurse midwives) practicing in community health centers (CHCs) were added to the NAMCS sample, and these data will continue to be collected. To complement NAMCS data, NCHS initiated the National Hospital Ambulatory Medical Care Survey (NHAMCS, OMB No. 0920–0278) in 1992 to provide data concerning patient visits to hospital outpatient and emergency departments. NAMCS and NHAMCS are the principal sources of data on ambulatory care provided in the United States. A three-year clearance is requested.

There is no cost to the respondents other than their time.
