the Department generally will not accept business proprietary information in either the surrogate value submissions or the rebuttals thereto, as the regulation regarding the submission of surrogate values allows only for the submission of publicly available information. See 19 CFR 351.301(c)(3).

Assessment Rates

Upon issuance of the final results, the Department will determine, and CBP shall assess, antidumping duties on all appropriate entries covered by these reviews. The Department intends to issue assessment instructions to CBP 15 days after the publication date of the final results of these reviews. In accordance with 19 CFR 351.212(b)(1), we calculated exporter/importer (or customer)-specific ad valorem rates by aggregating the dumping margins calculated for all U.S. sales to each importer (or customer) and dividing this amount by the total entered value of the sales to each importer (or customer). See 19 CFR 351.212(b)(1). Where an importer (or customer)-specific ad valorem rate is greater than de minimis, we will apply the assessment rate to the entered value of the imports/ customers’ entries during the POR. See 19 CFR 351.212(b)(1). Where we do not have entered values for all U.S. sales, we calculate a per-unit assessment rate by aggregating the antidumping duties due for all U.S. sales to each importer (or customer) and dividing this amount by the total quantity sold to that importer (or customer).

To determine whether the duty assessment rates are de minimis, in accordance with the requirement set forth in 19 CFR 351.106(c)(2), we calculated importer (or customer)-specific ad valorem rates based on the estimated entered value. Where an importer (or customer)-specific ad valorem rate is zero or de minimis, we will instruct CBP to liquidate appropriate entries without regard to antidumping duties. See 19 CFR 351.106(c)(2).

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of these administrative reviews for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided for by section 751(a)(2)(C) of the Act: (1) For New-Tec and Feili, the cash deposit rate will be the company-specific rate established in the final results of the 2008–2009 review (except, if the rate is zero or de minimis, no cash deposit will be required); (2) for previously investigated or reviewed PRC and non-PRC exporters not listed above that have separate rates, the cash deposit rate will continue to be the exporter-specific rate published for the most recent period; (3) for all PRC exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be the PRC-wide rate of 70.71 percent; and (4) for all non-PRC exporters of subject merchandise that have not received their own rate, the cash deposit rate will be the rate applicable to the PRC exporters that supplied that non-PRC exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This determination is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Ronald K. Lorentzen,
Deputy Assistant Secretary for Import Administration.

Foreign-Trade Zones Board

[Docket 44–2010]

Pursuant to the regulations of the Foreign–Trade Zones (FTZ) Board (the Board), a review has been initiated (under 15 CFR Sec. 400.28(a)(3)(iii)(A)) of changes in sourcing related to inhalation anesthetics at Foreign–Trade Subzone 61H, at the facility of Baxter Healthcare of Puerto Rico (Baxter) in Guayama, Puerto Rico.

Subzone 61H was approved by the FTZ Board on February 25, 1997 (Board Order 875, 62 FR 10521, 3/7/1997) at the Baxter Healthcare of Puerto Rico (Baxter) (formerly Ohmeda Caribe Inc./Ohmeda Pharmaceutical Manufacturing Inc.) facility in Guayama, Puerto Rico, for the manufacturing and distribution of pharmaceutical products, primarily inhalation anesthetics for hospital and critical care therapy. The subzone was initially approved for a period of five years. On August 25, 2003 (Board Order 1293, 68 FR 53346, 9/10/2003), the subzone was extended indefinitely and the scope of approved authority was expanded.

On products shipped to the U.S. market, the company is able to choose the duty rate during customs entry procedures that applies to the finished products (duty–free) for the otherwise dutiable foreign components (duty rates range from duty–free to 20%).

Baxter has now notified the Board of additional sourcing of two chemical inputs. The new foreign–sourced chemical ingredients—sevomethylether (HTSUS 2909.19.1800 5.5%) and N,N–diisopropylethylamine (HTSUS 2921.19.6090 – 6.5%). The use of zone procedures for the additional inputs could exempt Baxter from customs duty payments on the foreign components used in export production. The company estimates that some 40 percent of the plant’s shipments are exported. On the domestic sales, Baxter would be able to choose the duty rate during customs entry procedures that applies to the finished inhalation anesthetics (duty–free) for the foreign inputs noted above. The finished products remain unchanged and were included in the scope of manufacturing authority approved by the Board.

In accordance with the Board’s regulations, Diane Finver of the FTZ Staff is designated examiner to investigate the sourcing change, including its potential to cause “significant adverse effects” (15 CFR 400.28(a)(3)(iii)(A)), and report to the Board. Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board’s Executive Secretary at the address below. The closing period for their receipt is August 13, 2010. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to August 30, 2010.

A copy of the application will be available for public inspection at the Office of the Executive Secretary, Foreign–Trade Zones Board, Room 2111, U.S. Department of Commerce, 1401 Constitution Avenue, NW, Washington, DC 20230–0002, and in the
