SECURITIES AND EXCHANGE COMMISSION

Proposed Collection; Comment Request

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of Investor Education and Advocacy, Washington, DC 20549-0213.

Extension:

Rule 6h-1; SEC File No. 270-497; OMB Control No. 3235-0555.

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission ("Commission") is soliciting comments on the existing collection of information provided for in Rule 6h-1 (17 CFR 240.6h-1) under the Securities Exchange Act of 1934, as amended ("Act") (15 U.S.C. 78a *et seq.*). The Commission plans to submit this existing collection of information to the Office of Management and Budget for extension and approval.

Section 6(h) of the Act (15 U.S.C. 78f(h)) requires national securities exchanges and national securities associations that trade security futures products to establish listing standards that, among other things, require that: (i) Trading in such products not be readily susceptible to price manipulation; and (ii) the market on which the security futures product trades has in place procedures to coordinate trading halts with the listing market for the security or securities underlying the security futures product. Rule 6h-1 implements these statutory requirements and requires that (1) the final settlement price for each cash-settled security futures product fairly reflects the opening price of the underlying security or securities, and (2) the exchanges and associations trading security futures products halt trading in any security futures product for as long as trading in the underlying security, or trading in 50% of the underlying securities, is halted on the listing market.

It is estimated that approximately 18 respondents, consisting of 14 national securities exchanges and 4 national securities exchanges notice-registered pursuant to Section 6(g) of the Act (15 U.S.C. 78f(g)), will incur an average burden of 10 hours per year to comply with this rule, for a total burden of 180 hours. At an average cost per hour of approximately \$316, the resultant total cost of compliance for the respondents is \$56,880 per year (18 respondents × 10 hours/respondent × \$316/hour = \$56,880).

Written comments are invited on (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

Please direct your written comments to: Charles Boucher, Director/Chief Information Officer, Securities and Exchange Commission, c/o Shirley Martinson, 6432 General Green Way, Alexandria, VA 22312 or send an e-mail to: PRA_Mailbox@sec.gov.

Dated: July 8, 2010.

Deputy Secretary.

comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend its rules to enable the listing and trading on the Exchange of options on the Sprott Physical Gold Trust. The text of the proposed rule change is available on the Exchange's Web site <http://www.ise.com>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in Sections A, B and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Recently, the U.S. Securities and Exchange Commission ("SEC" or "Commission") authorized ISE to list and trade options on the SPDR Gold Trust,⁵ the iShares COMEX Gold Trust and the iShares Silver Trust,⁶ the ETFS Gold Trust and the ETFS Silver Trust,⁷ the ETFS Palladium Trust and the ETFS Platinum Trust.⁸ Now, the Exchange proposes to list and trade options on the Sprott Physical Gold Trust.

Under current Rule 502(h), only Exchange-Traded Fund Shares, or ETFs, that are traded on a national securities exchange and are defined as an "NMS" stock under Rule 600 of Regulation NMS, and that (i) represent interests in registered investment companies (or series thereof) organized as open-end

management investment companies, unit investment trusts or similar entities that hold portfolios of securities and/or financial instruments, including, but not limited to, stock index futures contracts, options on futures, options on securities and indices, equity caps, collars and floors, swap agreements, forward contracts, repurchase agreements and reverse repurchase agreements (the "Financial Instruments"), and money market instruments, including, but not limited to, U.S. government securities and repurchase agreements (the "Money Market Instruments") comprising or otherwise based on or representing investments in broad-based indexes or portfolios of securities and/or Financial Instruments and Money Market Instruments (or that hold securities in one or more other registered investment companies that themselves hold such portfolios of securities and/or Financial Instruments) or (ii) represent interests in a trust that holds a specified non-U.S. currency or currencies deposited with the trust when aggregated in some specified minimum number may be surrendered to the trust by the beneficial owner to receive the specified non-U.S. currency or currencies and pays the beneficial owner interest and other distributions on the deposited non-U.S. currency or currencies, if any, declared and paid by the trust ("Funds") or (iii) represent commodity pool interests principally engaged, directly or indirectly, in holding and/or managing portfolios or baskets of securities, commodity futures contracts, options on commodity futures contracts, swaps, forward contracts and/or options on physical commodities and/or non-U.S. currency ("Commodity Pool ETFs") or (iv) represent interests in the SPDR[®] Gold Trust, the iShares COMEX Gold Trust, the iShares Silver Trust, the ETFS Gold Trust, the ETFS Silver Trust, the ETFS Palladium Trust or the ETFS Platinum Trust or (v) represents an interest in a registered investment company ("Investment Company") organized as an open-end management company or similar entity, that invests in a portfolio of securities selected by the Investment Company's investment adviser consistent with the Investment Company's investment objectives and policies, which is issued in a specified aggregate minimum number in return for a deposit of a specified portfolio of securities and/or a cash amount with a value equal to the next determined net asset value ("NAV"), and when aggregated in the same specified minimum number, may be redeemed at a holder's request, which holder will be

paid a specified portfolio of securities and/or cash with a value equal to the next determined NAV ("Managed Fund Share") are eligible as underlying securities for options traded on the Exchange.⁹ This rule change proposes to expand the types of ETFs that may be approved for options trading on the Exchange to include the Sprott Physical Gold Trust.

Apart from allowing the Sprott Physical Gold Trust to be an underlying for options traded on the Exchange as described above, the listing standards for ETFs will remain unchanged from those that apply under current Exchange rules. ETFs on which options may be listed and traded must still be listed and traded on a national securities exchange and must satisfy the other listing standards set forth in ISE Rule 502(h).

Specifically, in addition to satisfying the aforementioned listing requirements, ETFs must meet either (1) the criteria and guidelines under ISE Rules 502(a) and (b) or (2) they must be available for creation or redemption each business day from or through the issuing trust, investment company, commodity pool or other entity in cash or in kind at a price related to net asset value, and the issuer must be obligated to issue Exchange-Traded Fund Shares in a specified aggregate number even if some or all of the investment assets and/or cash required to be deposited have not been received by the issuer, subject to the condition that the person obligated to deposit the investment assets has undertaken to deliver them as soon as possible and such undertaking is secured by the delivery and maintenance of collateral consisting of cash or cash equivalents satisfactory to the issuer, as provided in the respective prospectus.

The Exchange states that the current continued listing standards for options on ETFs will apply to options on the Sprott Physical Gold Trust. Specifically, under ISE Rule 503(h), options on Exchange-Traded Fund Shares may be subject to the suspension of opening transactions in any of the following circumstances: (1) In the case of options covering Exchange-Traded Fund Shares approved pursuant to Rule 502(h)(A)(i), in accordance with the terms of subparagraphs (b)(1), (2), (3) and (4) of Rule 503; (2) in the case of options covering Exchange-Traded Fund Shares approved pursuant to Rule 502(h)(A)(ii), following the initial twelve-month period beginning upon the commencement of trading of the Exchange-Traded Fund Shares, there are fewer than 50 record and/or beneficial

holders of the Exchange-Traded Fund Shares for 30 or more consecutive trading days; (3) the value of the underlying gold is no longer calculated or available; or (4) such other event occurs or condition exists that in the opinion of the Exchange makes further dealing on the Exchange inadvisable.

Additionally, the Sprott Physical Gold Trust shall not be deemed to meet the requirements for continued approval, and the Exchange shall not open for trading any additional series of option contracts of the class covering the Sprott Physical Gold Trust, if the Sprott Physical Gold Trust ceases to be an "NMS stock" as provided for in ISE Rule 503(b)(5) or the Sprott Physical Gold Trust is halted from trading on its primary market.

The addition of the Sprott Physical Gold Trust to ISE Rule 502(h) will not have any effect on the rules pertaining to position and exercise limits¹⁰ or margin.¹¹

The Exchange represents that its surveillance procedures applicable to trading in options on the Sprott Physical Gold Trust will be similar to those applicable to all other options on other ETFs currently traded on the Exchange. Also, the Exchange may obtain information from the New York Mercantile Exchange, Inc. ("NYMEX") (a member of the Intermarket Surveillance Group) related to any financial instrument that is based, in whole or in part, upon an interest in or performance of gold.

2. Statutory Basis

The proposed rule change is consistent with Section 6(b)¹² of the Securities Exchange Act of 1934 (the "Act"), in general, and furthers the objectives of Section 6(b)(5)¹³ in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, and to remove impediments to and perfect the mechanisms of a free and open market and a national market system in a manner consistent with the protection of investors and the public interest. In particular, the Exchange believes that amending its rules to accommodate the listing and trading of options on the Sprott Physical Gold Trust will benefit

investors by providing them with valuable risk management tools.

B. Self-Regulatory Organization's Statement on Burden on Competition

The proposed rule change does not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any unsolicited written comments from members or other interested parties.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not significantly affect the protection of investors or the public interest, does not impose any significant burden on competition, and, by its terms, does not become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A)¹⁴ of the Act and Rule 19b-4(f)(6)¹⁵ thereunder. The Exchange provided the Commission with written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing the proposed rule change.

A proposed rule change filed under Rule 19b-4(f)(6) normally does not become operative for 30 days after the date of filing. However, Rule 19b-4(f)(6)(iii) permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange requests that the Commission waive the 30-day operative delay so that the Exchange can list and trade options on the Sprott Physical Gold Trust immediately. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest to permit the Exchange to list and trade options on the Sprott Physical Gold Trust without delay.¹⁶ The Commission

notes the proposal is substantively identical to a proposal that was recently approved by the Commission, and does not raise any new regulatory issues.¹⁷ For these reasons, the Commission designates the proposed rule change as operative upon filing.

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-62472; File No. SR-Phlx-2010-94]

Self-Regulatory Organizations; NASDAQ OMX PHLX, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change Relating to the Fees and Rebates for Adding and Removing Liquidity

July 8, 2010.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on June 29, 2010, NASDAQ OMX PHLX, Inc. (“Phlx” or “Exchange”) filed with the Securities and Exchange Commission (“SEC” or “Commission”) the proposed

rule change as described in Items I, II, and III, below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend the fees and rebates for adding and removing liquidity for options overlying various select symbols.

While changes to the Fee Schedule pursuant to this proposal are effective upon filing, the Exchange has designated these changes to be operative for transactions settling on or after July 1, 2010.

The text of the proposed rule change is available on the Exchange’s Web site at <http://nasdaqtrader.com/micro.aspx?id=PHLXfilings>, at the principal office of the Exchange, at the Commission’s Public Reference Room, and on the Commission’s Web site at <http://www.sec.gov>.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend its current fees and rebates for adding and removing liquidity by implementing a fee for adding liquidity. Specifically, the Exchange proposes to assess a \$0.05 per contract fee for Firms and Broker-Dealers who add liquidity in select symbols.³ The Exchange is proposing these fees in order to support increased bandwidth usage.

The Exchange currently assesses a per-contract transaction charge in various select Symbols on six different categories of market participants that submit orders and/or quotes that remove, or “take,” liquidity from the Exchange: (i) Specialists,⁴ Registered Options Traders (“ROT”),⁵ Streaming Quote Traders (“SQTs”),⁶ and Remote Streaming Quote Traders (“RSQTs”);⁷ (ii) customers;⁸ (iii) specialists, SQTs and RSQTs that receive Directed Orders (“Directed Participants”⁹ or “Directed Specialists, RSQTs, or SQTs”¹⁰); (iv) Firms; (v) broker-dealers; and (vi) Professionals.¹¹ The current per-contract transaction charge depends on the category of market participant submitting an order or quote to the Exchange that removes liquidity.

The per-contract transaction charges that are currently assessed on participants who submit proprietary quotes and/or orders that remove liquidity in the applicable Symbols are, by category:

Category	Charge
Customer	\$0.25 per contract.
Directed Participants	\$0.30 per contract.

¹⁸ 17 CFR 200.30-3(a)(12).

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

³ The fees and rebates for adding and removing liquidity are applicable to executions in options overlying AA, AAPL, ABK, ABX, AIG, ALL, AMD, AMR, AMZN, ARIA, AXP, BAC, BRCD, C, CAT, CIEN, CIGX, GSCO, DELL, DIA, DNDN, DRYS, EBAY, EK, F, FAS, FAZ, GDX, GE, GLD, GLW, GS, HAL, IBM, INTC, IWM, IYR, JPM, LVS, MGM, MOT, MSFT, MU, NEM, NOK, NVDA, ONNN, ORCL, PALM, PFE, POT, QCOM, QID, QQQQ, RIG, RIMM, RMBS, SBUX, SDS, SIRI, SKF, SLV, SMH, SNDK, SPY, T, TBT, TZA, UAU, UNG, USO, UYG, V, VALE, VZ, WYNN, X, XHB, XLF, XRX and YHOO (“Symbols”).

⁴ A Specialist is an Exchange member who is registered as an options specialist pursuant to Rule 1020(a).

⁵ A Registered Option Trader is defined in Exchange Rule 1014(b) as a regular member or a foreign currency options participant of the

Exchange located on the trading floor who has received permission from the Exchange to trade in options for his own account. A ROT includes a SQT, a RSQT and a Non-SQT, which by definition is neither a SQT or a RSQT. See Exchange Rule 1014 (b)(i) and (ii).

⁶ An SQT is an Exchange Registered Options Trader (“ROT”) who has received permission from the Exchange to generate and submit option quotations electronically through an electronic interface with AUTOM via an Exchange approved proprietary electronic quoting device in eligible options to which such SQT is assigned. See Exchange Rule 1014(b)(ii)(A).

⁷ An RSQT is an ROT that is a member or member organization with no physical trading floor presence who has received permission from the Exchange to generate and submit option quotations electronically through AUTOM in eligible options to which such RSQT has been assigned. An RSQT may only submit such quotations electronically from off the floor of the Exchange. See Exchange Rule 1014(b)(ii)(B).

⁸ This applies to all customer orders, directed and non-directed.

⁹ For purposes of the fees and rebates related to adding and removing liquidity, A Directed Participant is a Specialist, SQT, or RSQT that executes a customer order that is directed to them by an Order Flow Provider and is executed electronically on PHLX XL II.

¹⁰ See Exchange Rule 1080(l), “* * * The term ‘Directed Specialist, RSQT, or SQT’ means a specialist, RSQT, or SQT that receives a Directed Order.” A Directed Participant has a higher quoting requirement as compared with a specialist, SQT or RSQT who is not acting as a Directed Participant. See Exchange Rule 1014.

¹¹ The Exchange defines a “professional” as any person or entity that (i) is not a broker or dealer in securities, and (ii) places more than 390 orders in listed options per day on average during a calendar month for its own beneficial account(s) (hereinafter “Professional”).
