Lightweight Thermal Paper from Germany: Extension of Time Limits for the Preliminary Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

FOR FURTHER INFORMATION CONTACT: Stephanie Moore or George McMahon, AD/CVD Operations, Office 3, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Ave, NW, Washington, DC 20230; telephone: (202) 482-3692 or (202) 482-1167, respectively.

SUPPLEMENTARY INFORMATION:**Background**

On December 23, 2009, the U.S. Department of Commerce (the Department) published a notice of initiation of the administrative review of the antidumping duty order on lightweight thermal paper from Germany (LTWP), covering the period November 20, 2008, to October 31, 2009. See *Initiation of Antidumping and Countervailing Duty Administrative Reviews and Request for Revocation in Part*, 74 FR 68229 (December 23, 2009). The notice of the preliminary results is currently due no later than August 9, 2010.¹

Extension of Time Limit of Preliminary Results

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), requires that the Department make a preliminary determination within 245 days after the last day of the anniversary month of an order for which a review is requested. Section 751(a)(3)(A) of the Act further states that if it is not practicable to complete the review within the time period specified, the administering authority may extend the 245-day

¹ As explained in the memorandum from the Deputy Assistant Secretary for Import Administration, the Department has exercised its discretion to toll deadlines for the duration of the closure of the Federal Government from February 5, through February 12, 2010. Thus, all deadlines in this segment of the proceeding have been extended by seven days. The revised deadline for the preliminary results of this antidumping duty administrative review is now August 9, 2010. See Memorandum to the Record from Ronald Lorentzen, DAS for Import Administration, regarding "Tolling of Administrative Deadlines As a Result of the Government Closure During the Recent Snowstorm," dated February 12, 2010."

period to issue its preliminary results to up to 365 days. We determine that completion of the preliminary results of this review within the 245-day period is not practicable because of the allegations raised by petitioner. Specifically, petitioner alleges that during the period of review (POR) Papierfabrik August Koehler AG and Koehler America, Inc. (collectively, Koehler) made a substantial number of sales below the cost of production in the home market, and that Koehler's home market sales of a certain model constitute a fictitious market.

During the investigation, the Department did not find that Koehler's sales were at prices less than the cost of production. See *Lightweight Thermal Paper from Germany: Notice of Preliminary Determination of Sales at Less Than Fair Value and Postponement of Final Determination*, 73 FR 27498, 27502 (May 13, 2008), unchanged in the final results. However, based on an allegation submitted by petitioner on April 16, 2010, the Department determined that there are reasonable grounds to believe or suspect that Koehler made sales of the subject merchandise in Germany at prices below its cost of production, pursuant to section 773(b) of the Act and initiated a cost of production review.

Given the complexity of the issues in this case, the Department needs more time to gather and analyze additional information. In accordance with section 751(a)(3)(A) of the Act, we are fully extending the time period for issuing the preliminary results of this review by 120 days. Therefore, the preliminary results are now due no later than December 7, 2010. The final results continue to be due 120 days after publication of the preliminary results.

This notice is published pursuant to sections 751(a)(3)(A) and 777(i)(1) of the Act.

Dated: July 12, 2010.

Edward C. Yang,

Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

BILLING CODE 3510-DS-S

DEPARTMENT OF COMMERCE**Bureau of Industry and Security****Emerging Technology and Research Advisory Committee; Notice of Partially Closed Meeting**

The Emerging Technology and Research Advisory Committee (ETRAC) will meet on August 3 and 4, 2010, 8:30

a.m., Room 3884, at the Herbert C. Hoover Building, 14th Street between Pennsylvania and Constitution Avenues, NW., Washington, DC. The Committee advises the Office of the Assistant Secretary for Export Administration on emerging technology and research activities, including those related to deemed exports.

Agenda

Tuesday, August 3: 8:30 a.m.–10:45 a.m.

Open Session

1. Welcome and introductions.
2. Remarks from the Bureau of Industry and Security Management.
3. Committee business.
4. Public comments.

Closed Session

5. Discussion of matters determined to be exempt from the provisions relating to public meetings found in 5 U.S.C. app. 2 sec. 10(a)(1) and 10(a)(3).

Wednesday, August 4: 8:30 a.m.–10:45 a.m.

Open Session

1. Welcome and introductions.
2. Committee business.
3. Committee work plan.
4. Public comments.

Closed Session

5. Discussion of matters determined to be exempt from the provisions relating to public meetings found in 5 U.S.C. app. 2 §§ 10(a)(1) and 10(a)(3).

The open session will be accessible via teleconference to 20 participants on a first come, first serve basis. To join the conference, submit inquiries to Ms. Yvette Springer at Yspringer@bis.doc.gov no later than July 27, 2010.

A limited number of seats will be available for the public session. Reservations are not accepted. To the extent that time permits, members of the public may present oral statements to the Committee. The public may submit written statements at any time before or after the meeting. However, to facilitate the distribution of public presentation materials to the Committee members, the Committee suggests that presenters forward the public presentation materials prior to the meeting to Ms. Springer via e-mail.

The Assistant Secretary for Administration, with the concurrence of the delegate of the General Counsel, formally determined on July 8, 2010, pursuant to section 10(d) of the Federal Advisory Committee Act, as amended (5 U.S.C. app. 2 §§ (10)(d)), that the portion of the meeting dealing with matters the disclosure of portion of the meeting

dealing with matters the disclosure of which would be likely to frustrate significantly implementation of an agency action as described in 5 U.S.C. 552b(c)(9)(B) shall be exempt from the provisions relating to public meetings found in 5 U.S.C. app. 2 §§ 10(a)1 and 10(a)(3). The remaining portions of the meeting will be open to the public. For more information, call Yvette Springer at (202) 482-2813.

Dated: July 13, 2010.

Yvette Springer,

Committee Liaison Officer.

BILLING CODE 3510-JT-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

RIN 0648-XW09

Takes of Marine Mammals Incidental to Specified Activities; Taking Marine Mammals Incidental to Operation and Maintenance of a Liquefied Natural Gas Facility off Massachusetts

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; issuance of an incidental harassment authorization.

SUMMARY: In accordance with the Marine Mammal Protection Act (MMPA) regulations, notification is hereby given that NMFS has issued an Incidental Harassment Authorization (IHA) to Neptune LNG LLC (Neptune) to take marine mammals, by harassment, incidental to port commissioning and operations, including maintenance and repair activities, at its Neptune Deepwater Port.

DATES: Effective July 12, 2010, through July 11, 2011.

ADDRESSES: A copy of the authorization and application may be obtained by writing to Michael Payne, Chief, Permits, Conservation and Education Division, Office of Protected Resources, National Marine Fisheries Service, 1315 East West Highway, Silver Spring, MD 20910, telephoning the contact listed below (see **FOR FURTHER INFORMATION CONTACT**), or visiting the internet at: <http://www.nmfs.noaa.gov/pr/permits/incidental.htm>. Documents cited in this notice may also be viewed, by appointment, during regular business hours, at the aforementioned address.

The Maritime Administration (MARAD) and U.S. Coast Guard (USCG) Final Environmental Impact Statement

(Final EIS) on the Neptune LNG Deepwater Port License Application is available for viewing at <http://www.regulations.gov> by entering the search words "Neptune LNG."

FOR FURTHER INFORMATION CONTACT: Candace Nachman, Office of Protected Resources, NMFS, (301) 713 2289, ext 156.

SUPPLEMENTARY INFORMATION:

Background

Sections 101(a)(5)(A) and (D) of the MMPA (16 U.S.C. 1361 *et seq.*) direct the Secretary of Commerce to allow, upon request, the incidental, but not intentional, taking of small numbers of marine mammals by U.S. citizens who engage in a specified activity (other than commercial fishing) within a specified geographical region if certain findings are made and either regulations are issued or, if the taking is limited to harassment, a notice of a proposed authorization is provided to the public for review.

Authorization for incidental takings shall be granted if NMFS finds that the taking will have a negligible impact on the species or stock(s), will not have an unmitigable adverse impact on the availability of the species or stock(s) for subsistence uses (where relevant), and if the permissible methods of taking and requirements pertaining to the mitigation, monitoring and reporting of such takings are set forth. NMFS has defined "negligible impact" in 50 CFR 216.103 as "...an impact resulting from the specified activity that cannot be reasonably expected to, and is not reasonably likely to, adversely affect the species or stock through effects on annual rates of recruitment or survival."

Section 101(a)(5)(D) of the MMPA established an expedited process by which citizens of the U.S. can apply for an authorization to incidentally take small numbers of marine mammals by harassment. Section 101(a)(5)(D) establishes a 45 day time limit for NMFS review of an application followed by a 30 day public notice and comment period on any proposed authorizations for the incidental harassment of marine mammals. Within 45 days of the close of the comment period, NMFS must either issue or deny the authorization.

Except with respect to certain activities not pertinent here, the MMPA defines "harassment" as:

any act of pursuit, torment, or annoyance which (i) has the potential to injure a marine mammal or marine mammal stock in the wild ["Level A harassment"]; or (ii) has the potential to disturb a marine mammal or marine mammal stock in the wild by causing disruption of behavioral patterns, including,

but not limited to, migration, breathing, nursing, breeding, feeding, or sheltering ["Level B harassment"].

Summary of Request

NMFS received an application on December 14, 2009, from Neptune for the taking, by harassment, of marine mammals incidental to port commissioning and operations, including maintenance and repair activities, at its Neptune Deepwater Port (Port) facility in Massachusetts Bay. NMFS reviewed Neptune's application and identified a number of issues requiring further clarification. After addressing comments from NMFS, Neptune modified its application and submitted a revised application on March 11, 2010.

NMFS issued a 1-year IHA to Neptune in June 2008 for the construction of the Port (73 FR 33400, June 12, 2008), which expired on June 30, 2009. NMFS issued a second 1-year IHA to Neptune for the completion of construction and beginning of Port operations on June 26, 2009 (74 FR 31926, July 6, 2009). This IHA expired on June 30, 2010.

During the period of this third IHA, Neptune intends to commission its second shuttle and regasification vessel (SRV) and conduct limited port operations. There is also a chance that some maintenance and repairs may need to be conducted on the Port facility. The Neptune Port is located approximately 22 mi (35 km) northeast of Boston, Massachusetts, in Federal waters approximately 260 ft (79 m) in depth. The purpose of the Port is the importation of liquefied natural gas (LNG) into the New England region. Take of marine mammals may occur during port operations from thruster use during maneuvering of the SRVs while docking and undocking, occasional weathervaning (turning of a vessel at anchor from one direction to another under the influence of wind or currents) at the Port, and during thruster use of dynamic positioning (DP) maintenance vessels should a major repair be necessary. Neptune has requested an authorization to take 12 marine mammal species by Level B harassment. They are: North Atlantic right whale; humpback whale; fin whale; sei whale; minke whale; long-finned pilot whale; Atlantic white-sided dolphin; harbor porpoise; common dolphin; Risso's dolphin; bottlenose dolphin; and harbor seal. In the 2009 IHA, NMFS also authorized take of killer whales and gray seals. NMFS has determined that it would be appropriate to authorize take, by Level B harassment only, of these
