DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Project No. 13565-000-VT]

Charlie Hotchkin and Claire Fay; Notice of Availability of Environmental Assessment

July 13, 2010.

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's regulations, 18 CFR part 380 (Order No. 486, 52 F.R. 47879), the Office of Energy Projects has reviewed the application for a small hydro (5 megawatts or less) exemption from licensing for the Alder Brook Mini-Hydro Project, to be located on Alder Brook, near the town of Richford, Franklin County, Vermont, and has prepared an Environmental Assessment (EA). In the EA, Commission staff analyzes the potential environmental effects of the project and concludes that issuing an exemption for the project, with appropriate environmental measures, would not constitute a major federal action significantly affecting the quality of the human environment.

A copy of the EA is on file with the Commission and is available for public inspection. The EA may also be viewed on the Commission's Web site at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll-free at 1-866-208-3676, or for TTY, (202) 502-8659. For further information, contact Michael Spencer at (202) 502-6093.

Kimberly D. Bose,

Secretary.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Amended Notice of Intent to Modify the Scope of the Surplus Plutonium Disposition Supplemental Environmental Impact Statement and Conduct Additional Public Scoping

AGENCY: U.S. Department of Energy, National Nuclear Security Administration.

ACTION: Amended Notice of Intent.

SUMMARY: The U.S. Department of Energy (DOE) announces its intent to modify the scope of the *Surplus Plutonium Disposition Supplemental Environmental Impact Statement* (SPD Supplemental EIS, DOE/EIS-0283-S2) and to conduct additional public scoping. DOE issued its Notice of Intent¹ (NOI) to prepare the SPD Supplemental EIS on March 28, 2007 (72 FR 14543). DOE now intends to revise the scope of the SPD Supplemental EIS to refine the quantity and types of surplus weapons-usable plutonium material, evaluate additional alternatives, and no longer consider in detail one alternative identified in the NOI (ceramic can-in-canister immobilization). Also, DOE had identified a glass can-in-canister immobilization approach as its preferred alternative in the NOI; DOE will continue to evaluate that alternative but currently does not have a preferred alternative.

DOE now proposes to analyze a new alternative to install the capability in K-Area at the Savannah River Site (SRS) to, among other things, disassemble nuclear weapons pits (a weapons component) and convert the plutonium metal to an oxide form for fabrication into mixed uranium-plutonium oxide (MOX) reactor fuel in the Mixed Oxide Fuel Fabrication Facility (MFFF); under this alternative, DOE would not build the Pit Disassembly and Conversion Facility (PDCF), which DOE previously decided to construct. This K-Area project also would provide capabilities needed to prepare plutonium for other disposition alternatives evaluated in the SPD Supplemental EIS and to support the ongoing plutonium storage mission in K-Area. DOE also proposes to evaluate a new alternative to dispose of some surplus non-pit plutonium as transuranic waste at the Waste Isolation Pilot Plant (WIPP) in New Mexico, provided the plutonium would meet the criteria for such disposal. In addition, DOE will analyze the potential

environmental impacts of using MOX fuel in up to five reactors owned by the Tennessee Valley Authority (TVA) at the Sequoyah (near Soddy-Daisy, TN) and Browns Ferry (near Decatur and Athens, AL) nuclear stations. TVA will be a cooperating agency with DOE for preparation and review of the sections of the SPD Supplemental EIS that address operation of TVA reactors.

DATES: DOE invites Federal agencies, state and local governments, Native American tribes, industry, other organizations, and members of the public to submit comments to assist in identifying environmental issues and in determining the scope of the SPD Supplemental EIS. The public scoping period will end on September 17, 2010. DOE will consider all comments received or postmarked by September 17, 2010. Comments received after that date will be considered to the extent practicable. Also, DOE asks that Federal, state, and local agencies that desire to be designated cooperating agencies on the SPD Supplemental EIS contact the National Environmental Policy Act (NEPA) Document Manager at the addresses listed under **ADDRESSES** by the end of the scoping period. DOE will hold five public scoping meetings:

- August 3, 2010 (5:30 p.m. to 8 p.m.) at Calhoun Community College, Decatur Campus, Aerospace Building, 6250 Highway 31 North, Tanner, AL 35671
- August 5, 2010 (5:30 p.m. to 8 p.m.) at Chattanooga Convention Center, 1150 Carter Street, Chattanooga, TN 37402
- August 17, 2010 (5:30 p.m. to 8 p.m.) at North Augusta Municipal Center, 100 Georgia Avenue, North Augusta, SC 29841
- August 24, 2010 (5:30 p.m. to 8 p.m.) at Best Western Stevens Inn, 1829 S. Canal Street, Carlsbad, NM 88220
- August 26, 2010 (5:30 p.m. to 8 p.m.) at Courtyard by Marriott Santa Fe, 3347 Cerrillos Road, Santa Fe, NM 87507

ADDRESSES: Please direct written comments on the scope of the SPD Supplemental EIS to Ms. Sachiko McAlhany, SPD Supplemental EIS NEPA Document Manager, U.S. Department of Energy, P.O. Box 2324, Germantown, MD 20874-2324. You may also send comments on the scope of the SPD Supplemental EIS via e-mail to spd_supplementaleis@saic.com, or via the Web site, <http://www.spdsupplementaleis.com>; or by toll-free fax to 877-865-0277. DOE will give equal weight to written, e-mail, fax, and oral comments. Questions regarding the scoping process and requests to be placed on the distribution list for this Supplemental EIS should be directed to

¹The NOI identified the title of the document as the *Supplemental Environmental Impact Statement for Surplus Plutonium Disposition at the Savannah River Site*.
