1. **Introduction**

1.1 **Background**

The United States Department of Transportation (DOT) established the Office of Small and Disadvantaged Business Utilization (OSDBU) in accordance with Public Law 95–507, an amendment to the Small Business Act and the Small Business Investment Act of 1958.

The mission of OSDBU at DOT is to ensure that the small and disadvantaged business policies and goals of the Secretary of Transportation are developed and implemented in a fair, efficient and effective manner to serve small and disadvantaged businesses throughout the country. The OSDBU also administers the provisions of Title 49, Section 332, the Minority Resource Center (MRC) which includes the duties of advocacy, outreach and financial services on behalf of small and disadvantaged business and those certified under CFR 49 parts 23 and or 26 as Disadvantaged Business Enterprises (DBE) and the development of programs to encourage, stimulate, promote and assist small businesses to become better prepared to compete for, obtain and manage transportation-related contracts, and subcontracts.

The Regional Partnerships Division of OSDBU, through the SBTRC program allows OSDBU to partner with local organizations to offer a comprehensive delivery system of business training, technical assistance and dissemination of information, targeted towards small business transportation enterprises in their regions.

1.2 **Program Description and Goals**

The national SBTRC program utilizes Cooperative Agreements with chambers of commerce, trade associations, educational institutions and business-centered community based organizations to establish SBTRCs to provide business training, technical assistance and information to DOT grantees and recipients, prime contractors and subcontractors. In order to be effective and serve their target audience, the SBTRCs must be active in the local transportation community in order to identify and communicate opportunities and provide the required technical assistance. SBTRCs must already have, or demonstrate the ability to establish working relationships with the state and local transportation agencies and technical assistance agencies (i.e., The U.S. Department of Commerce’s Minority Business Development Centers (MBDCs), Small Business Development Centers (SBDCs), Procurement Technical Assistance Centers (PTACs), SCORE and State DOT highway supportive services contractors in their region. Utilizing these relationships and their own expertise, the SBTRCs are involved in activities such as information dissemination, small business counseling, and technical assistance with small businesses currently doing business with public and private entities in the transportation industry.

Effective outreach is critical to the success of the SBTRC program. In order for their outreach efforts to be effective, SBTRCs must be familiar with DOT’s Operating Administrations, its funding sources, and how funding is awarded to DOT grantees, recipients, contractors, subcontractors, and its financial assistance programs. SBTRCs must outreach to the regional small business transportation community to disseminate information and distribute DOT-published marketing materials, such as STLP Program Information, Bonding Assistance information, SBTRC brochures and literature, Procurement Forecasts; Contracting with DOT booklets, and any other materials or resources that DOT or OSDBU may develop for this purpose. To maximize outreach, the SBTRC may be called upon to participate in regional and national conferences and seminars. Quantities of DOT publications for on-hand inventory and dissemination at conferences and seminars will be available upon request from the OSDBU office.
1.3 Description of Competition

The purpose of this RFP is to solicit proposals from transportation-related trade associations, chambers of commerce, community based entities, colleges and universities, community colleges, and any other qualifying transportation-related non-profit organizations with the desire and ability to partner with OSDBU to establish and maintain an SBTRC.

It is OSDBU’s intent to award Cooperative Agreement to one organization in each of the designated geographical area(s), from herein referred to as “region(s)”, competed in this solicitation. However, if warranted, OSDBU reserves the option to make multiple awards to selected partners. Proposals submitted for a region must contain a plan to service the entire region, not just the SBTRC state or local geographical area. The region’s SBTRC headquarters must be established in the designated state set forth below. Submitted proposals must also contain justification for the establishment of the SBTRC headquarters in a particular city within the designated state.

SBTRC Region(s) Competed in This Solicitation:

Gulf Region: Texas, Headquarters, Louisiana, Oklahoma, New Mexico.

Great Lakes Region: Illinois, Headquarters; Michigan, Indiana, Wisconsin.

Mid-Atlantic Region: Pennsylvania, Headquarters; Ohio, Maryland, District of Columbia, Delaware.

Program requirements and selection criteria, set forth in Sections 2 and 4 respectively, indicate, the OSDBU intends for the SBTRC to be multidimensional; that is, the selected organizations must have the capacity to effectively access and provide supportive services to the broad range of small businesses within the respective geographical region. To this end, the SBTRC must be able to demonstrate that they currently have established relationships within the geographic region with whom they may coordinate and establish effective networks with DOT grant recipients and local/regional technical assistance agencies to maximize resources.

Cooperative agreement awards will be distributed to the region(s) as follows:

Gulf Region—Up to $143,000 per year
Great Lakes Region—Up to $187,000 per year
Mid-Atlantic Region—Up to $183,000 per year

Cooperative agreement awards by region are based upon an analysis of DBEs, Certified Small Businesses, and U.S. DOT transportation dollars in each region.

It is OSDBU’s intent to maximize the benefits received by the small business transportation community through the SBTRC. Funding may be utilized to reimburse an on-site Project Director up to 100% of salary plus fringe benefits, an on-site Executive Director up to 50% of salary plus fringe benefits, the cost of designated SBTRC space, other direct costs, and all other general administrative expenses. Selected SBTRC partners will be expected to provide in-kind administrative support. Submitted proposals must contain an alternative funding source with which the SBTRC will fund administrative support costs. Preference will be given to proposals containing in-kind contributions for the Project Director, the Executive Director, cost of designated SBTRC space, other direct costs, and all other general administrative expenses.

1.4 Duration of Agreements

Cooperative agreements will be awarded for a period of 12 months (one year) with options for two (2) additional one year periods. OSDBU will notify the SBTRC of our intention to exercise an option year or not to exercise an option year 30 days in advance of expiration of the current year.
