

under the Federal Advisory Committee Act (FACA), a charter has been filed with the Committee Management Secretariat in the General Services Administration (GSA), the appropriate committees in the Senate and U.S. House of Representatives, and the Library of Congress to establish the Advisory Board as a non-discretionary Federal advisory committee. The charter was filed on June 29, 2010.

Objectives and Scope of Activities

The purpose of the Negotiated Rulemaking Committee on Designation of MUPs and HPSAs is to provide advice and make recommendations to the Secretary of Health and Human Services, through the Administrator, Health Resources and Services Administration, with respect to developing a new rule containing a revised methodology, criteria and process for such designations.

Membership and Designation

The Committee shall be limited to 25 members, unless it is determined that a greater number of members is necessary for the functioning of the Committee or to achieve balanced membership, including the one Government employee representing HRSA/DHHS. A neutral facilitator, approved by the Committee, shall act as Chair. Members shall be chosen for their ability to represent the various interests that will be significantly affected by the rule, and/or for technical expertise related to indicators and methodologies potentially useful in defining medical underservice and health professions shortage. Members shall be invited to serve for the duration of the Committee.

Administrative Management and Support

HRSA will provide funding and administrative support for the Negotiated Rulemaking Committee to the extent permitted by law within existing appropriations. Management and oversight for support services provided to the Negotiated Rulemaking Committee will be provided by the Bureau of Health Professions, HRSA.
