Finding of No Significant Impact: San Diego-Tijuana Airport Cross Border Facility

SUMMARY: The Department of State announces a finding of no significant impact on the environment for the San Diego-Tijuana Airport Cross Border Facility international pedestrian bridge

project sponsored by Otay-Tijuana Venture, L.L.C. An environmental impact statement will not be prepared.

FOR FURTHER INFORMATION CONTACT: Stewart Tuttle, U.S.-Mexico Border Affairs Coordinator, via e-mail at WHA-BorderAffairs@state.gov; by phone at 202-647-6356; or by mail at Office of Mexican Affairs—Room 3909, Department of State, 2201 C St. NW., Washington, DC 20520. Information about Presidential permits is available on the Internet at <http://www.state.gov/p/wha/rt/permit/>.

SUPPLEMENTARY INFORMATION: The following is the text of the Finding of No Significant Impact:

Introduction

Under Executive Order 11423, as amended, the Secretary of State is authorized to issue Presidential permits for the construction, connection, operation, and maintenance of facilities, including international bridges, at the borders of the United States if she finds them to be in the national interest. In 2009, Otay-Tijuana Venture, LLC (sponsor) applied for a Presidential permit to construct, operate, and maintain the Cross Border Facility (CBF) project, an international pedestrian bridge across the United States-Mexico border linking a passenger facility in the Otay Mesa section of San Diego, California, with a commercial passenger airport terminal in Tijuana, Baja California, Mexico. The Department has determined that construction of the proposed bridge requires a Presidential permit under Executive Order 11423, as amended, because the proposed bridge would pierce the United States-Mexico border.

The sponsor submitted in support of its application a draft environmental assessment (EA) that Helix Environmental Planning, Inc. prepared under the guidance and supervision of the U.S. Department of State (Department), consistent with the National Environment Policy Act (NEPA). The Department circulated the application and draft EA to the relevant federal, state, and local agencies for their review and received comments from some of those agencies. The sponsor responded to all the comments that agencies submitted by expanding and revising the draft EA. The Department also provided public notice of the draft EA in the **Federal Register**, 74 FR 68906 (December 29, 2009), and invited public comment for 45 days. In response to that public notice, the Department received only one anonymous, non-substantive comment.
