

The Request has been assigned Docket No. MC2010–32.

The Postal Service contemporaneously filed a contract related to the proposed new product pursuant to 39 U.S.C. 3632(b)(3) and 39 CFR 3015.5. The contract has been assigned Docket No. CP2010–77.

Request. In support of its Request, the Postal Service filed six attachments as follows:

- Attachment A—a redacted copy of the Governor’s Decision No. 09–6, originally filed in Docket No. MC2009–25, authorizing certain Priority Mail contracts;
- Attachment B—a redacted copy of the contract;
- Attachment C—a proposed change in the Mail Classification Schedule competitive product list;
- Attachment D—a Statement of Supporting Justification as required by 39 CFR 3020.32;
- Attachment E—a certification of compliance with 39 U.S.C. 3633(a); and
- Attachment F—an application for non-public treatment of materials to maintain redacted portions of the contract and supporting document under seal.

In the Statement of Supporting Justification, Brian G. Denny, Acting Manager, Sales and Communications, asserts that the service to be provided under the contract will cover its attributable costs, make a positive contribution to institutional costs, and increase contribution toward the requisite 5.5 percent of the Postal Service’s total institutional costs. *Id.*, Attachment D. Thus, Mr. Denny contends there will be no issue of subsidization of competitive products by market dominant products as a result of this contract. *Id.*

Related contract. A redacted version of the specific Priority Mail Contract 27 is included with the Request. The contract will become effective on the day that the Commission provides all necessary regulatory approvals. It is terminable upon 30 days notice by a party, but could continue for 3 years. The Postal Service represents that the contract is consistent with 39 U.S.C. 3633(a). *See id.*, Attachment D. The Postal Service will provide the shipper with Priority Mail packaging for eligible Priority Mail items mailed by the shipper.

The Postal Service filed much of the supporting materials, including the specific Priority Mail Contract 27, under seal. It maintains that the contract and related financial information, including the customer’s name and the accompanying analyses that provide prices, terms, conditions, cost data, and

financial projections should remain under seal. *See* Attachment F. It also requests that the Commission order that the duration of such treatment of all customer-identifying information be extended indefinitely, instead of ending after 10 years. *Id.* at 7.

II. Notice of Filings

The Commission establishes Docket Nos. MC2010–32 and CP2010–77 for consideration of the Request pertaining to the proposed Priority Mail Contract 27 product and the related contract, respectively. In keeping with practice, these dockets are addressed on a consolidated basis for purposes of this order; however, future filings should be made in the specific docket in which issues being addressed pertain.

Interested persons may submit comments on whether the Postal Service’s filings in the captioned dockets are consistent with the policies of 39 U.S.C. 3632, 3633, or 3642 and 39 CFR part 3015 and 39 CFR 3020, subpart B. Comments are due no later than July 30, 2010. The public portions of these filings can be accessed via the Commission’s Web site (<http://www.prc.gov>).

The Commission appoints Paul L. Harrington to serve as Public Representative in these dockets.

III. Ordering Paragraphs

It is ordered:

1. The Commission establishes Docket Nos. MC2010–32 and CP2010–77 for consideration of the matter raised in each docket.

2. Pursuant to 39 U.S.C. 505, Paul L. Harrington is appointed to serve as officer of the Commission (Public Representative) to represent the interests of the general public in these proceedings.

3. Comments by interested persons in these proceedings are due no later than July 30, 2010.

4. The Secretary shall arrange for publication of this order in the **Federal Register**.

By the Commission.

Shoshana M. Grove,
Secretary.

THE PRESIDIO TRUST

Proposed Use Limit of Battery Caulfield Road and Request for Comments

AGENCY: The Presidio Trust.

ACTION: Notice.

SUMMARY: The Presidio Trust (Trust) is considering two approaches to limit vehicular use of a portion of Battery Caulfield Road in the Presidio of San Francisco (Presidio): (1) Limitation of vehicular use during weekday peak AM and PM hours, 7 to 9 a.m. and 5 to 7 p.m., as well as on weekends (Alternative 1); or (2) limitation of vehicular use at all times (Alternative 2). The proposed limitation on vehicular use is intended to reduce the amount of cut-through traffic to maintain public health and safety, to protect environmental values, to protect natural resources, and to avoid conflict among visitor uses. By restricting the use of Battery Caulfield Road, the Trust also intends to reduce the amount of traffic through the 14th and 15th Avenue gates. Under both Alternative 1 and Alternative 2, designated vehicles (*e.g.*, emergency vehicles, PresidiGo shuttles and designated Presidio residents and tenants) will continue to have unrestricted access to Battery Caulfield Road, and access by pedestrians and bicyclists will remain unrestricted. The Trust invites comments on both of these proposed limits of public use.

Located in the Public Health Service Hospital (PHSH) District at the southern end of the Presidio, Battery Caulfield Road is not a major thoroughfare within the Presidio, but rather it is a narrow roadway connecting the upper and lower plateaus of the PHSH District (District). Battery Caulfield Road was built by the Army in 1984 to facilitate internal circulation, not to accommodate through-traffic. The road passes through sensitive wildlife areas and native plant communities, and recreational use of the area has increased with the expansion of the Presidio’s trails and bikeways. Of the total daily traffic through the 15th Avenue gate, an estimated 350–550 cars use Battery Caulfield Road as a cut-through route, *i.e.*, travel from an origin outside the Presidio to a destination outside the Presidio.

SUPPLEMENTARY INFORMATION: Under 36 CFR 1001.5, the Board of Directors of the Trust (Board) may impose public use limits or close all or a portion of the area administered by the Trust to all public use or to a specific use or activity, given a determination that such action is necessary to maintain public health and safety, to protect environmental or scenic values, to protect natural or cultural resources, or to avoid conflict among visitor use activities. In its April 2007 Record of Decision for the development of the District, the Board identified its intent to restrict use of Battery Caulfield

Road—"The Trust will undertake measures to discourage traffic not destined for the [District] from passing through the area, including considering restrictions on Battery Caulfield road to allow passage by [District] traffic only and will institute traffic-calming techniques to slow traffic through the district." (p. 11, PHS Record of Decision.)

By Resolution 08-5 adopted on November 13, 2007, the Board determined that limiting vehicular use of Battery Caulfield Road is necessary to maintain public health and safety, to protect environmental values, to protect natural resources, and to avoid conflict among visitor uses, and authorized the Trust Executive Director to implement Alternative 2. As 36 CFR 1001.5(c) encourages the achievement of public use limits by less restrictive measures where possible, subsequent to the adoption of Resolution 08-5 Trust staff revisited the approach to achieve the desired traffic limitation on Battery Caulfield Road, and have determined that it may possibly be met by Alternative 1, a closure that is limited to weekday peak hours and to weekends.

Under Alternative 1, northbound motor vehicle access on Battery Caulfield Road will be restricted beginning approximately at the northern edge of the parking lot at the District lower plateau. Advance warning signage within the District, within the park as a whole, and within the immediate areas of the City (subject to consent by the City of San Francisco) will notify drivers of the restrictions. Southbound traffic will be restricted at the intersection of Battery Caulfield Road and Washington Boulevard. Access by pedestrians and bicyclists will not be restricted, and the anticipated reduction in traffic is expected to improve conditions for these park users. If the Trust determines that Alternative 1 is insufficient to reduce the cut-through traffic adequately, then the Trust will implement Alternative 2.

Comments: Address all written comments about Alternative 1, Alternative 2, or both to: The Planning Department, The Presidio Trust, 34 Graham Street, P.O. Box 29052, San Francisco, CA 94129-0052. Comments must be received by the Trust no later than September 1, 2010. All written comments submitted to the Trust will be

considered, and this proposed use limit may be modified accordingly. The final decision of the Trust will be published in the **Federal Register**.

If individuals submitting comments request that their address or other contact information be withheld from public disclosure, it will be honored to the extent allowable by law. Such requests must be stated prominently at the beginning of the comments. The Trust will make available for public inspection all submissions from organizations or businesses and from persons identifying themselves as representatives or officials of organizations and businesses. Anonymous comments may not be considered.
