

New Shipper Status

No party has contested the *bona fide* nature of Zhejiang Tianyi's sale(s) during the POR. Therefore, for these final results we find, as in the *Preliminary Results*, that the new shipper sale made by Zhejiang Tianyi was made on a *bona fide* basis.

Surrogate Country

Since the *Preliminary Results*, no interested party has commented on the selection of the Philippines as the surrogate country. Therefore, we continue to determine that the Philippines is the appropriate surrogate country for the final results of this NSR.

Separate Rates

The Department found in the *Preliminary Results* that Zhejiang Tianyi demonstrated a lack of *de jure* and *de facto* government control with respect to its export activities, and preliminarily determined that it was eligible for a separate rate.²² No information has been placed on the record of this segment of the proceeding since the *Preliminary Results* to contradict our preliminary separate-rate determination. Therefore, for the final results, we continue to determine that Zhejiang Tianyi is eligible for a separate rate.

Final Results of the New Shipper Review

The Department has determined that the following final dumping margin exists for the period January 1, 2009, through June 30, 2009:

Exporter	Weighted-average margin (percent)
Zhejiang Tianyi Scientific & Educational Equipment Co., Ltd. ..	0

Assessment

The Department will determine, and U.S. Customs and Border Protection ("CBP") shall assess, antidumping duties on all appropriate entries pursuant to 19 CFR 351.212(b). For importers/customers of the respondent where the respondent did not report entered values, we have calculated importer/customer-specific antidumping duty assessment amounts based on the ratio of the total amount of antidumping duties calculated for the examined sales of subject merchandise to the total quantity of subject merchandise sold in those transactions. For importers/customers of the respondent where the respondent reported entered values, we

have calculated an *ad valorem* rate for that importer/customer by dividing the total amount of antidumping duties calculated in the examined sales of subject merchandise by the total entered value of those transactions. The Department intends to issue assessment instructions to CBP 15 days after the date of publication of these final results of NSR. Where an importer specific *ad valorem* rate is *de minimis*, the Department will order CBP to liquidate appropriate entries without regard to antidumping duties.

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of these final results of NSR for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided for by section 751(a)(2)(C) of the Act: 1) for the exporter/producer listed above, the cash deposit rate will be the rate shown for these companies; 2) for previously investigated or reviewed PRC and non-PRC exporters not listed above that have separate rates, the cash deposit rate will continue to be the exporter-specific rate or combination rate published for the most recent period; 3) for all PRC exporters of subject merchandise which have not been found to be entitled to a separate rate, the cash deposit rate will be the PRC-wide rate of 216.01 percent; and 4) for all non-PRC exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the PRC exporters that supplied that non-PRC exporter. These deposit requirements shall remain in effect until further notice.

Notification of Interested Parties

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of the antidumping duties occurred and the subsequent assessment of double antidumping duties.

This notice also serves as a reminder to parties subject to administrative protective order ("APO") of their responsibility concerning the return or destruction of proprietary information disclosed under the APO in accordance with 19 CFR 351.305(a)(3), which

continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

We are issuing and publishing these final results and notice in accordance with sections 751(a)(2)(B), 751(a)(2)(C), and 777(i) of the Act and 19 CFR 351.214(h) and 19 CFR 351.221(b)(5).

Dated: July 23, 2010.

Ronald K. Lorentzen,
Deputy Assistant Secretary for Import Administration.

Certain Welded Carbon Steel Standard Pipe from Turkey: Final Results of Countervailing Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On April 1, 2010, the Department of Commerce (the Department) published in the **Federal Register** its preliminary results of administrative review of the countervailing duty (CVD) order on certain welded carbon steel standard pipe from Turkey for the January 1, 2008, through December 31, 2008, period of review (POR). See *Certain Welded Carbon Steel Standard Pipe From Turkey: Preliminary Results of Countervailing Duty Administrative Review*, 75 FR 16439 (April 1, 2010) (*Preliminary Results*). The Department preliminarily found that the following producers/exporters of subject merchandise covered by this review had

²² See *Preliminary Results*, 75 FR at 9583.

de minimis net subsidy rates for the POR: (1) Borusan Group, Borusan Mannesmann Boru Sanayi ve Ticaret A.S. (BMB), and Borusan Istikbal Ticaret T.A.S. (Istikbal) (collectively, Borusan); and (2) Tosyali dis Ticaret A.S. (Tosyali) and Toscelik Profil ve Sac Endustrisi A.S. (Toscelik Profil), (collectively, Toscelik).¹ We did not receive any comments on our *Preliminary Results*, and we have made no revisions.

This administrative review is now completed in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act). The final net subsidy rate for Borusan and Toscelik is listed below in the “Final Results of Review” section.

EFFECTIVE DATE: July 29, 2010.

FOR FURTHER INFORMATION CONTACT: Kristen Johnson, AD/CVD Operations, Office 3, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482-4793.

SUPPLEMENTARY INFORMATION:

Background

On March 7, 1986, the Department published in the **Federal Register** the CVD order on certain welded carbon steel pipe and tube products from Turkey. See *Countervailing Duty Order: Certain Welded Carbon Steel Pipe and Tube Products From Turkey*, 51 FR 7984 (March 7, 1986). On April 1, 2010, the Department published in the **Federal Register** the preliminary results for this review. See *Preliminary Results*, 75 FR 16439. On June 23 and 24, 2010, the Department verified the questionnaire responses submitted by Borusan. See Memorandum to Melissa Skinner, Director, AD/CVD Operations, Office 3, from the Team, regarding “Verification of the Questionnaire Responses Submitted by the Borusan Group,” (July 7, 2010).² The verification report was released to interested parties on July 8, 2010. See Memorandum to the File from Kristen Johnson, Trade Analyst, AD/CVD Operations, Office 3, regarding “Case and Rebuttal Briefs Schedule,” (July 9, 2010). In the *Preliminary Results*, we invited interested parties to submit case briefs commenting on the

preliminary results or to request a hearing. We did not hold a hearing in this review, as one was not requested, and did not receive any case briefs. We, therefore, have made no revisions to the preliminary results.

Scope of Order

The products covered by this order are certain welded carbon steel pipe and tube with an outside diameter of 0.375 inch or more, but not over 16 inches, of any wall thickness (pipe and tube) from Turkey. These products are currently provided for under the Harmonized Tariff Schedule of the United States (HTSUS) as item numbers 7306.30.10, 7306.30.50, and 7306.90.10. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the merchandise is dispositive.

Final Results of Review

As noted above, the Department received no comments concerning the preliminary results. Therefore, consistent with the *Preliminary Results*, we continue to find that Borusan and Toscelik had *de minimis* net countervailable subsidy rates for the POR. In accordance with section 751(a)(1)(A) of the Act, we calculated a total net countervailable subsidy rate of 0.12 percent *ad valorem* for Borusan and 0.09 percent for Toscelik. Pursuant to 19 CFR 351.106(c), these calculated rates are *de minimis*.

As there have been no changes to or comments on the preliminary results, we are not attaching a decision memorandum to this **Federal Register** notice. For further details of the programs included in this proceeding, see *Preliminary Results*.

Assessment Rates/Cash Deposits

The Department intends to issue assessment instructions to U.S. Customs and Border Protection (CBP) 15 days after the date of publication of these final results, to liquidate shipments of subject merchandise by Borusan and Toscelik entered, or withdrawn from warehouse, for consumption on or after January 1, 2008, through December 31, 2008, without regard to countervailing duties because a *de minimis* subsidy rate was calculated for each company. We will also instruct CBP not to collect cash deposits of estimated countervailing duties on shipments of the subject merchandise by Borusan and Toscelik entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results of this review.

For all non-reviewed companies, we will instruct CBP to continue to collect

cash deposits at the most recent company-specific or country-wide rate applicable to the company. Accordingly, the cash deposit rates that will be applied to companies covered by this order, but not examined in this review, are those established in the most recently completed administrative proceeding for each company. These rates shall apply to all non-reviewed companies until a review of a company assigned these rates is requested.

Return or Destruction of Proprietary Information

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: July 23, 2010.

Ronald K. Lorentzen,
Deputy Assistant Secretary for Import Administration.

Folding Metal Tables and Chairs From the People's Republic of China: Initiation of New Shipper Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

DATES: *Effective Date:* July 29, 2010.

SUMMARY: The Department of Commerce (the “Department”) has determined that a request for a new shipper review of the antidumping duty order on folding metal tables and chairs (“FMTCs”) from the People's Republic of China (“PRC”), received on June 30, 2010, meets the statutory and regulatory requirements for initiation. The period of review (“POR”) of this new shipper review is June 1, 2009, through May 31, 2010.
