BILLING CODE 4140–01–P

The United States Preventive Services Task Force (USPSTF) is an independent expert panel, first established in 1984 under the auspices of the U.S. Public Health Service. Under AHRQ’s authorizing legislation, see 42 U.S.C. 299b–4(a)(1), the Director of AHRQ is responsible for convening the USPSTF, which is to be composed of individuals with appropriate expertise. The mission of the Task Force is to review the scientific evidence related to the effectiveness, and appropriateness of clinical preventive services for the purpose of developing recommendations for the health care community. Current Task Force recommendations and associated evidence reviews are available at http://www.preventiveservices.ahrq.gov.

Basic Topic Nomination Requirements

Nominations must be no more than 500 words in length and must include the information listed below. Nominations may include supporting documentation; reference lists and other supporting documents are not counted against the 500 word limit, but should not exceed ten pages.

Required Information

1. Name of topic.
2. Rationale for consideration by the USPSTF, describing:
   a. Characterization as primary or secondary prevention topic (screening, counseling or preventive medication).
   b. Primary care relevance (applicable clinical preventive service must be provided by a primary care provider and or initiated in the primary care setting which can be defined as family practice, internal medicine, pediatrics or obstetrics/gynecology).
   c. Public health importance (burden of disease/suffering, potential of preventive service to reduce burden, including effective interventions).
   d. Potential impact of USPSTF’s review of the topic, i.e., change in clinical practice, research focus, etc.

DATES: Topic nominations should be submitted by August 27, 2010 in order to be considered for 2010–2012. AHRQ will not reply to submissions in response to the request for nominations, but will consider all topic nominations during the selection process. If a topic is selected for review by the USPSTF, the nominator will be notified by AHRQ.

ADDRESSES: Please submit nominations to: Gloria Washington, ATTN: USPSTF Topic Nominations, Center for Primary Care, Prevention & Clinical Partnerships, Agency for Healthcare Research and Quality 540 Gaither Road, Room 6117, Rockville, MD 20850. SUPPLEMENTARY INFORMATION:

Background

Under Title IX of the Public Health Service Act, AHRQ is charged with enhancing the quality, appropriateness and effectiveness of health care services and access to such services. AHRQ accomplishes these goals through scientific research and promotion of improvements in clinical practice, including prevention of diseases and other health conditions. 42 U.S.C. 299(b).

The United States Preventive Services Task Force (USPSTF) is an independent expert panel, first established in 1984 under the auspices of the U.S. Public Health Service. Under AHRQ’s authorizing legislation, see 42 U.S.C. 299b–4(a)(1), the Director of AHRQ is responsible for convening the USPSTF, which is to be composed of individuals with appropriate expertise. The mission of the Task Force is to review the scientific evidence related to the effectiveness, and appropriateness of clinical preventive services for the purpose of developing recommendations for the health care community. Current Task Force recommendations and associated evidence reviews are available at http://www.preventiveservices.ahrq.gov.

Topic Nomination Solicitation

The purpose of this solicitation for new topics by AHRQ and the USPSTF is to create a balanced portfolio of relevant topics for the current Task Force library. Balance in the library is sought on the basis of populations, types of services (screening, counseling, preventive medications) and disease types (cancer; heart and vascular disease; injury and violence-related disorders; infectious diseases; mental disorders and substance abuse; metabolic, nutritional and endocrine diseases; musculoskeletal conditions; obstetric and gynecological conditions; pediatric disorders; and, vision and hearing disorders). Selection of suggested topics will be made on the basis of the qualifications of nominations as outlined above (see basic topic nomination requirements).
