The FAA’s authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency’s authority. This proposed rulemaking is promulgated under the authority described in subtitle VII, part A, subpart I, section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This proposed regulation is within the scope of that authority as it would amend Class D and existing Class E airspace and establish Class E airspace designated as surface areas at Patuxent River NAS, Patuxent River, MD.

Lists of Subjects in 14 CFR Part 71

The Proposed Amendment

Accordingly, pursuant to the authority delegated to me, the Federal Aviation Administration proposes to amend 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

1. The authority citation for part 71 continues to read as follows:

§ 71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of Federal Aviation Administration Order 7400.9T, Airspace Designations and Reporting Points, signed August 27, 2009, effective September 15, 2009, is amended as follows:

Paragraph 5000 Class D Airspace.

AEA MD E2 Patuxent River, MD [New]
Patuxent River NAS (Trappnell Field), MD (Lat. 38°17′30″ N., long. 76°24′59″ W.) Patuxent VORTAC (Lat. 38°17′16″ N., long. 76°24′01″ W.) Patuxent River NDB (Lat. 38°17′09″ N., long. 76°24′11″ W.) Chesapeake Ranch Airpark, MD (Lat. 38°21′40″ N., long. 76°24′19″ W.)

That airspace extending upward from the surface within a 4.5-mile radius of Patuxent River NAS, Patuxent River, MD.

Paragraph 6002 Class E Airspace Designated as Surface Areas.

AEA MD E4 Patuxent River, MD [Amended]
Patuxent River NAS (Trappnell Field), MD (Lat. 38°17′30″ N., long. 76°24′59″ W.) Patuxent VORTAC (Lat. 38°17′16″ N., long. 76°24′01″ W.) Patuxent River NDB (Lat. 38°17′09″ N., long. 76°24′11″ W.)

That airspace extending upward from the surface within a 1.8-mile radius each side of the Patuxent VORTAC 045° radial extending from the 4.5-mile radius of Patuxent River NAS to 6.1 miles northeast of the VORTAC; and within 1.8 miles each side of the Patuxent VORTAC 235° radial extending from the 4.5-mile radius to 6.6 miles southeast of the VORTAC; and within 1.8 miles each side of the Patuxent VORTAC 140° radial extending from the 4.5-mile radius to 10.5 miles southeast of the VORTAC; and within a .5-mile radius of Chesapeake Ranch Airpark, excluding that airspace within Restricted Areas R–4005 and R–4007 when active. This Class E airspace area is effective during those times when the Class D airspace is not in effect.

Paragraph 6004 Class E Airspace Areas Designated as an Extension to a Class D Surface Area.

AEA MD E2 Patuxent River, MD [New]
Patuxent River NAS (Trappnell Field), MD (Lat. 38°17′30″ N., long. 76°24′59″ W.) Patuxent VORTAC (Lat. 38°17′16″ N., long. 76°24′01″ W.) Patuxent River NDB (Lat. 38°17′09″ N., long. 76°24′11″ W.) Chesapeake Ranch Airpark, MD (Lat. 38°21′40″ N., long. 76°24′19″ W.)

That airspace extending upward from the surface to and including 2,500 feet MSL within a 4.5-mile radius of Patuxent River NAS (Trappnell Field) and within a .5-mile radius of Chesapeake Ranch Airpark excluding that airspace within Restricted Areas R–4005 and R–4007 when active. This Class D airspace area is effective during the specific dates and times established in advance by a Notice to Airmen. The effective date and time will thereafter be continuously published in the Airport Facility Directory.

Paragraph 6002 Class E Airspace Designated as Surface Areas.

Paragraph 6004 Class E Airspace Areas Designated as an Extension to a Class D Surface Area.

Issued in College Park, Georgia, on July 30, 2010.

Mark D. Ward,
Manager, Operations Support Group, Eastern Service Center, Air Traffic Organization.

14 CFR Part 71

RIN 2120–AA66

Proposed Revocation of Colored Federal Airway G–4; AK

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking (NPRM); withdrawal.

SUMMARY: This action withdraws the notice of proposed rulemaking (NPRM) published in the Federal Register on June 8, 2010 (75 FR 32317). In that action, the FAA proposed to remove Federal Airway Green (G–4) in Alaska. The FAA has determined that the withdrawal is warranted since the proposed action was based on the decommissioning of the Wood River Non-directional Beacon near the town of Dillingham, Alaska, which will now remain in service.

DATES: Effective date 0901 UTC, August 9, 2010. The Director of the Federal Register approves this incorporation by reference action under 1 CFR part 51, subject to the annual revision of FAA Order 7400.9 and publication of conforming amendments.

SUPPLEMENTARY INFORMATION:

History

On June 8, 2010, the FAA published in the Federal Register an NPRM proposing to remove Federal Airway G–4 (75 FR 32317), Docket No. FAA–2010–0453. A review of Alaska airspace revealed that numerous aircraft depend on G–4 to support remote communities, therefore the FAA has determined to withdraw the proposed action.

II. Comments Received
FIA generally supported the proposed regulations but requested that the effective date of the final rule be extended beyond the proposed date of 180 days from the date of publication in the Federal Register to allow FCMs, DCOs, and Depositories sufficient time to negotiate and put in place acknowledgment letters satisfying the proposed Commission regulations and also to allow them an opportunity to work together to develop a standard template acknowledgment letter that would satisfy the proposed regulations. In addition, FIA expressed interest in having its member Depositories work with the Commission on a standardized notice, authentication, and instruction protocol and encouraged the Commission to develop a system for electronic filing of the new acknowledgment letters.

The JAC supported the proposed regulations but requested guidance regarding the circumstances that would necessitate updating acknowledgment letters (e.g., name change of FCM or depository, merger of FCM or depository, addition or deletion of account number) as well as acceptable timeframes for such updating. In addition, the JAC questioned the benefit of requiring submission of acknowledgment letters to the Commission without also requiring documentation necessary for verification. Finally, the JAC requested that the Commission amend Regulation 30.7 to provide relief, similar to that provided under Regulations 1.20 and 1.26, that would exempt DCOs from having to provide acknowledgment

1See 17 CFR 1.3(gj) (defining the term “customer funds”).
2Regulation 1.20(a) does not require a written acknowledgment to be obtained from “a derivatives clearing organization that has adopted and submitted to the Commission rules that provide for the segregation as customer funds, in accordance with all relevant provisions of the Act and the rules and orders promulgated thereunder, of all funds held on behalf of customers.”
3See 17 CFR 1.3(iii) (defining the term “foreign futures or foreign options secured amount”).
474 FR 7838 (February 20, 2000).
