Alabama Municipal Electric Authority; Notice of Competing Preliminary Permit Application Accepted for Filing and Soliciting Comments and Motions To Intervene

August 2, 2010.

On April 29, 2010, Alabama Municipal Electric Authority filed an application for a preliminary permit pursuant to section 4(f) of the Federal Power Act, proposing to study the feasibility of the George W. Andrews Lock and Dam Hydroelectric Project.

The proposed project would be located at the existing George W. Andrews Lock and Dam on the Chattahoochee River in Hutton County, near the town of Columbia, Alabama. The proposed project would occupy federal lands under the jurisdiction of the U.S. Army Corps of Engineers, Mobile District. The sole purpose of a preliminary permit, if issued, is to grant the permit holder priority to file a license application during the permit term. A preliminary permit does not authorize the permit holder to perform any land disturbing activities or otherwise enter upon lands or waters owned by others without the owners’ express permission.

Persons unable to file electronically should submit an original and 14 copies of the intervention or protest to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

The filings in the above proceedings are accessible in the Commission’s eLibrary system by clicking on the appropriate link in the above list. They are also available for review in the Commission’s Public Reference Room in Washington, DC. There is an eSubscription link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s).
