

DEPARTMENT OF COMMERCE**International Trade Administration**

[A-580-839]

Certain Polyester Staple Fiber from Korea: Rescission of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: August 9, 2010.

FOR FURTHER INFORMATION CONTACT: Seth Isenberg or Patricia Tran, AD/CVD Operations, Office 1, Import Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone (202) 482-0588 and (202) 482-1503, respectively.

SUPPLEMENTARY INFORMATION:**Background**

On May 3, 2010, the U.S. Department of Commerce ("Department") issued a notice of opportunity to request an administrative review of this order for the period of review May 1, 2009, through April 30, 2010. See *Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation; Opportunity To Request Administrative Review*, 75 FR 23236-37 (May 3, 2010). On May 27, 2010, in accordance with 19 CFR 351.213(b), the Department received a timely request from DAK Americas LLC, and Invista, S.a.r.l (collectively, "Petitioners") to conduct an administrative review of Huvis Corporation ("Huvis"), and Woongjin Chemical Co., Ltd. ("Woongjin"). On May 28, 2010, the Department also received an administrative review request from Huvis.

On June 30, 2010, the Department published the notice of initiation of this antidumping duty administrative review, covering Huvis and Woongjin. See *Initiation of Antidumping and Countervailing Duty Administrative Reviews and Requests for Revocation in Part*, 75 FR 37759 (June 30, 2010).

Scope of the Order

Polyester staple fiber ("PSF") covered by the scope of the order is defined as synthetic staple fibers, not carded, combed or otherwise processed for spinning, of polyesters measuring 3.3 decitex (3 denier, inclusive) or more in diameter. This merchandise is cut to lengths varying from one inch (25 mm) to five inches (127 mm). The merchandise subject to the order may be coated, usually with a silicon, or other finish, or not coated. PSF is generally

used as stuffing in sleeping bags, mattresses, ski jackets, comforters, cushions, pillows, and furniture. Merchandise of less than 3.3 decitex (less than 3 denier) currently classifiable in the Harmonized Tariff Schedule of the United States ("HTSUS") at subheading 5503.20.00.25 is specifically excluded from the order. Also, specifically excluded from the order are polyester staple fibers of 10 to 18 denier that are cut to lengths of 6 to 8 inches (fibers used in the manufacture of carpeting). In addition, low-melt PSF is excluded from the order. Low-melt PSF is defined as a bi-component fiber with an outer sheath that melts at a significantly lower temperature than its inner core.

The merchandise subject to the order is currently classifiable in the HTSUS at subheadings 5503.20.00.45 and 5503.20.00.65. The HTSUS subheadings are provided for convenience and customs purposes only; the written description of the merchandise covered by the scope of the order is dispositive.

Rescission of Antidumping Administrative Review

Pursuant to 19 CFR 351.213(d)(1), the Secretary will rescind an administrative review, in whole or in part, if the party who requested the administrative review withdraws the request within 90 days of the date of publication of the notice of initiation of the requested administrative review. On June 30, 2010, Petitioners withdrew their request for an administrative review of Huvis. On July 1, 2010, Huvis also withdrew its request for an administrative review.

On July 19, 2010, Petitioners withdrew their request for an administrative review of Woongjin. Because Petitioners withdrew its request for an administrative review of Huvis and Woongjin within the 90-day period, and Huvis withdrew their request within this time period as well, the Department is rescinding this administrative review in full in accordance with 19 CFR 351.213(d)(1).

Assessment Instructions

The Department will instruct U.S. Customs and Border Protection ("CBP") to assess antidumping duties at the cash deposit rate in effect on the date of entry, for entries during the period May 1, 2009 through April 30, 2010. The Department intends to issue appropriate assessment instructions to CBP 15 days after publication of this notice of rescission of administrative review.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility

under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and subsequent assessment of double antidumping duties.

Notification Regarding Administrative Protective Order

This notice serves as a final reminder to parties subject to administrative protective order ("APO") of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

This notice is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Tariff Act of 1930, as amended, and 19 CFR 351.213(d)(4).

Dated: July 29, 2010.

Edward C. Yang,

Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

DEPARTMENT OF DEFENSE

Office of the Secretary

Federal Advisory Committee; Department of Defense Wage Committee

AGENCY: Department of Defense (DoD).

ACTION: Notice of closed meeting.

SUMMARY: Pursuant to the provisions of section 10 of Public Law 92-463, the Federal Advisory Committee Act, notice is hereby given that a closed meeting of the Department of Defense Wage Committee will be held on September 7, 2010, in Rosslyn, VA.

DATES: The meeting will be held on Tuesday, September 7, 2010, at 10 a.m.

ADDRESSES: The meeting will be held at 1400 Key Boulevard, Level A, Room A101, Rosslyn, VA 22209.

FOR FURTHER INFORMATION CONTACT: Additional information concerning the meeting may be obtained by writing to the Chairman, Department of Defense Wage Committee, 4000 Defense Pentagon, Washington, DC 20301-4000.

SUPPLEMENTARY INFORMATION: Under the provisions of section 10(d) of Public Law 92-463, the Department of Defense has determined that the meeting meets the criteria to close meetings to the public because the matters to be considered are related to internal rules and practices of the Department of Defense and the detailed wage data to be considered were obtained from officials of private establishments with a guarantee that the data will be held in confidence. However, members of the public who may wish to do so are invited to submit material in writing to the chairman (*see FOR FURTHER INFORMATION CONTACT*) concerning matters believed to be deserving of the Committee's attention.

Dated: August 4, 2010.

Mitchell S. Bryman,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

DEPARTMENT OF DEFENSE

Department of the Army; Corps of Engineers

Availability of the Draft Joint Environmental Impact Statement/ Environmental Impact Report for the San Clemente Shoreline Feasibility Study in San Clemente, CA

AGENCY: Department of the Army, U.S. Army Corps of Engineers, DoD.

ACTION: Notice of Availability.

SUMMARY: The U.S. Army Corps of Engineers (USACE), Los Angeles District, and the City of San Clemente are issuing this notice to announce the availability for public review and comment of a Draft Joint Environmental Impact Statement/Environmental Impact Report (Draft EIS/EIR) for the San Clemente Shoreline Feasibility Study. The purpose of the San Clemente Shoreline Feasibility Study (Project) is to provide shore protection through nourishment of the beach at the Pier. Developing and maintaining the beach is needed to prevent the severe beach erosion that results from winter storms and to prevent damage to adjacent beachfront structures, including the heavily used rail line that runs along the beach through the City. The City of San Clemente is located along the coast of southern California about 60 miles (100 kilometers) south of Los Angeles at the southern end of Orange County near the border of San Diego County. The study area is encompassed within the City of San Clemente and extends approximately 3,412 ft (1,040 m) from Linda Lane to T Street. The Proposed Project consists of dredging material from offshore Oceanside, then hauling and placing it at San Clemente Beach. The proposed Project is a 50 foot (15 m) resultant beach width. Beach fill would be 3,412 ft (1,040 m) long with a +17 ft (+5.2 m) crest elevation. The dredge volume is estimated to be approximately 251,130 cubic yards (192,000 m³). Construction is anticipated to begin in 2012.

DATES: The Draft EIS/EIR will be available for public review for 45 calendar days from August 9, 2010, through September 23, 2010. Submit comments on or before September 23, 2010.

FOR FURTHER INFORMATION CONTACT: Mr. Thomas W. Keeney, Project Ecologist, Planning Division, Environmental Resources Branch, U.S. Army Corps of Engineers, Los Angeles District, P.O. Box 532711, Los Angeles, CA 90053-2325, at (213) 452-3875 or at Thomas.W.Keeney@usace.army.mil. Written comments are to be provided to Mr. Keeney.

SUPPLEMENTARY INFORMATION: Issues that were found not to be significant for the proposed Project included land use and policy. Issues that were found to be less than significant without the need for mitigation measures were geology and topography, noise, transportation, aesthetics, and public health and safety. The construction and long-term maintenance of the proposed Project
