BILLING CODE 7020-02-P

DEPARTMENT OF LABOR

Employment and Training Administration

Notice of Availability of Funds and Solicitation for Grant Applications (SGA) for Cooperative Agreements Under the Disability Employment Initiative

AGENCY: Employment and Training Administration, U.S. Department of Labor (DOL, the Department, or Labor).

Announcement Type: Notice of Solicitation for Grant Applications (SGA).

Funding Opportunity Number: SGA-DFA-PY-10-01.

Catalog of Federal Domestic Assistance Number (CFDA): 17.207.

Key Dates: The closing date for receipt of applications under this announcement is September 8, 2010. Applications must be received no later than 4 p.m. Eastern Time.

SUMMARY: The Employment and Training Administration (ETA), in coordination with DOL's Office of Disability Employment Policy (ODEP), announces the availability of approximately \$22 million for cooperative agreements to state Workforce Investment Act (WIA) administering entities. The Combined Appropriation Act of 2010, Division D of Public Law 111-117, included \$12 million in funds to ETA and \$12 million to ODEP to develop and implement a plan for improving effective and meaningful participation of persons with disabilities in the workforce. This funding is being used to implement the Disability Employment Initiative (DEI), under which the Department intends to make 6 to 10 grant awards that are designed to: (1) Improve educational, training, and employment opportunities and outcomes of youth and adults with disabilities who are unemployed, underemployed and/or receiving Social Security disability benefits; and (2) help these individuals with disabilities find a path into the middle class through exemplary and model service delivery by the public workforce system. DEI grants will be awarded for a three year period of performance. Grants will be issued as cooperative agreements with the expectation that there will be considerable engagement by ETA and ODEP with states and their local workforce investment areas throughout the life of the Initiative. Extensive technical assistance will be available to grantees and an independent evaluation of the projects will be conducted utilizing quantitative and qualitative data from grantees.

The Appropriation Committee Senate Report 111-66 on H.R. 3292 stated that:

“these funds * * * will improve the accessibility and accountability of the public workforce development system for individuals with disabilities. The Committee further expects these funds to continue promising practices implemented by disability program navigators, including effective deployment of staff in selected States to: improve coordination and collaboration among employment and training and asset development programs carried out at a State and local level, including the Ticket to Work program and build effective community partnerships that leverage public and private resources to better serve individuals with disabilities and improve employment outcomes.”

This solicitation provides background information and describes the application submission requirements, outlines the process that eligible entities must use to apply for funds covered by this solicitation, and outlines the evaluation criteria used as a basis for selecting the grantees.

ADDRESSES: Mailed applications must be addressed to the U.S. Department of Labor, Employment and Training Administration, Division of Federal Assistance, Attention: B. Jai Johnson, Grant Officer, Reference SGA-DFA PY 10-01, 200 Constitution Avenue, NW., Room N-4716, Washington, DC 20210. For complete application and submission information, please refer to Section IV.

Background: Previous DOL grants to improve employment outcomes of individuals with disabilities through systems change in the public workforce system include ETA's Work Incentive Grants, the Disability Program Navigator Initiative, and Employment Service Models such as ODEP's Customized Employment, Workforce Action (Olmstead), the START-UP Initiative, and State Intermediary Youth grants. These DOL grants demonstrated a number of promising practices that are incorporated in this SGA. In addition, numerous other successful employment service models have been developed in Federal, State and local systems.

Systems Change Models. From PY 2000 through 2010, DOL/ETA funded 65 Work Incentive Grants (WIG) and 51 Disability Program Navigator (DPN) Initiative cooperative agreements to states, the District of Columbia, Puerto Rico, Guam and the Virgin Islands to improve services in the One-Stop Career Center system and improve employment outcomes of persons with disabilities. The WIGs were competitively awarded to state and local workforce areas that addressed systemic issues in the workforce system and resulted in the
