Draft Environmental Impact Statement on Nabesna Off-Road Vehicle Management Plan, Wrangell-St. Elias National Park and Preserve

AGENCY: National Park Service, Interior.

ACTION: Notice of Availability of the Draft Environmental Impact Statement, Nabesna Off-Road Vehicle Management Plan, Wrangell-St. Elias National Park and Preserve.

SUMMARY: Pursuant to the National Environmental Policy Act (NEPA) of 1969, 42 U.S.C. 4332(2)(C) the National Park Service (NPS) announces the availability of a Draft Environmental Impact Statement (DEIS) on Off-Road Vehicle Management in the Nabesna District of Wrangell-St. Elias National Park and Preserve. The DEIS evaluates the environmental impacts of a preferred alternative and three action alternatives for management of off-road vehicles in the Nabesna District. The purpose is to consider opportunities for appropriate and reasonable access to wilderness and backcountry recreational activities, which also accommodates subsistence and access to inholdings while protecting scenic quality, fish and wildlife habitat, and other park resource values. A no action alternative is also evaluated. This notice announces the public comment period, the locations of public meetings, and solicits comments on the DEIS. This DEIS also provides notice of a proposed technical correction to the wilderness eligibility assessment which was approved in the 1986 Wrangell-St. Elias National Park and Preserve General Management Plan. Public comment on the revised wilderness eligibility map for the Nabesna District is specifically requested.

DATES: The NPS will accept comments on the DEIS for 90 days following publication by the Environmental Protection Agency (EPA) of the Notice of Availability of the Draft Environmental Impact Statement. After the EPA Notice of Availability is published, the NPS will schedule public meetings during the comment period. Dates, times and locations of these meetings will be announced in press releases, local media and on the NPS Planning, Environment and Public Comment (PEPC) Web site for the project at <http://parkplanning.nps.gov/wrst>.

ADDRESSES: Copies of the DEIS will be available for public review at <http://parkplanning.nps.gov/wrst>. Hard copies are available at park headquarters, or may be requested from Meg Jensen, Superintendent, Wrangell-St. Elias National Park and Preserve, P.O. Box 439, Copper Center, Alaska 99573.

SUPPLEMENTARY INFORMATION: This DEIS evaluates the impacts of a range of alternatives for managing off-road vehicles (ORVs) for recreational and subsistence use in the Nabesna District of Wrangell-St. Elias National Park and Preserve. The nine trails under evaluation were in existence at the time the 13.2 million acre park and preserve was established in 1980. The use of
