

permits necessary in order to handle such solid waste; or (2) obtain a land-use exemption from the Board for any permits that it is unable to obtain from the state or local government.

ABC & D certifies that its projected annual revenues as a result of the transaction will not exceed those that would qualify it as a Class III rail carrier, and further certifies that its projected annual revenues will not exceed \$5 million.

The transaction is expected to be consummated on August 27, 2010, the effective date of the exemption (30 days after the exemption was filed).

If the verified notice contains false or misleading information, the exemption is void *ab initio*. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the effectiveness of the exemption. Petitions for stay must be filed no later than August 20, 2010 (at least 7 days before the exemption becomes effective).

An original and 10 copies of all pleadings, referring to Docket No. FD 35397, must be filed with the Surface Transportation Board, 395 E Street, SW., Washington, DC 20423-0001. In addition, a copy of each pleading must be served on Leonard M. Singer, Office of Leonard M. Singer, 101 Arch Street, Ninth Floor, Boston, MA 02110.

Board decisions and notices are available on our Web site at <http://www.stb.dot.gov>.

Decided: August 9, 2010.

By the Board, Rachel D. Campbell, Director, Office of Proceedings.

Thomas Bolle, Office of Governmental, International and Public Affairs, RTG-20, Research and Innovative Technology Administration, Telephone Number (202) 366-0665, Fax Number (202) 366-1134 EMAIL—distracteddriving@dot.gov.

SUPPLEMENTARY INFORMATION:

Background

The Summit will build on the momentum from last year's summit

bringing together senior transportation officials, elected officials, safety advocates, law enforcement representatives, private sector representatives and academics to address a range of issues related to reducing accidents through enforcement, public awareness and education. Authoritative speakers from around the nation will lead interactive panel discussions on a number of key topics including the extent and impact of distracted driving, current research, regulations and best practices.

The U.S. Department of Transportation is committed to providing equal access to this Summit. Based on limited seating and to accommodate the strong interest outside the Washington area, the Summit will be available live by Webcast and members of the public will be given the opportunity to submit questions or comments online for each individual panel discussion. The Department has also created a Web site to provide information and updates on the Summit as details become available: <http://www.distracted.gov/2010summit/>. If you need alternative formats or services because of a disability, please contact Thomas Bolle with your specific request by September 13, 2010.

Exhibit Space for this year's Summit will be handled separately by the National Organizations for Youth Safety. Thus, anyone who wishes to request exhibit space for the Summit should contact the National Organizations for Youth Safety directly. Questions pertaining to exhibit space should be directed to Nicole Graziosi by phone at 571-377-0903 or by e-mail at ngraziosi@noys.org.

Issued in Washington, DC, on August 6, 2010.

BILLING CODE 4910-13-P

DEPARTMENT OF TRANSPORTATION

Federal Railroad Administration

Petition for Waiver of Compliance

Pursuant to title 49 Code of Federal Regulations (CFR) part 235 and 49 U.S.C. 20502(a), the following railroad

has petitioned the Federal Railroad Administration (FRA) seeking approval for the discontinuance or modification of the signal system or relief from the requirements of 49 CFR part 236, as detailed below.

Docket Number FRA-1998-4821

Applicant: Mr. Timothy R. Luhm, Canadian National, Manager S&C, 17641 South Ashland Avenue, Homewood, Illinois 60430.

The Canadian National (CN) seeks an extension for an additional 5 years of a waiver on the former Duluth, Missabe and Iron Range Railway Company (DMIR) that permits the railroad to utilize wheel counters to detect trains over the spans of their steel deck bridges. This waiver was granted by FRA on January 29, 2001, was renewed on April 25, 2006, and will currently expire on April 25, 2011. In addition to the extension, CN requests that the allowable maximum authorized speed over the subject bridges be increased from 25 miles per hour (mph) to 40 mph.

The Applicant's justification for the request is that during the past 10 years in which the wheel counters have been in service on the DMIR, no incidents have occurred at the location of the wheel counter devices. Any failures in the wheel counter devices have been failsafe, resulting in train operations at restricted speed. During the past 10 years, no broken rails occurred on the bridges where such systems are installed. As for the increase in maximum authorized speed from 25 to 40 mph, CN states that train handling will be improved and safety enhanced due to less frequent speed transitions. In addition, steel-deck bridges on the DMIR in signaled territory that have traditional signal system trap circuits are not restricted in maximum authorized speed.

Any interested party desiring to protest the granting of an application shall set forth specifically the grounds upon which the protest is made, and include a concise statement of the interest of the party in the proceeding. Additionally, one copy of the protest shall be furnished to the applicant at the address listed above.

FRA expects to be able to determine these matters without an oral hearing. However, if a specific request for an oral hearing is accompanied by a showing that the party is unable to adequately present his or her position by written statements, an application may be set for public hearing.

All communications concerning this proceeding should be identified by Docket Number FRA-1998-4821 and

may be submitted by one of the following methods:

- Web site: <http://www.regulations.gov> Follow the instructions for submitting comments on the DOT electronic site;
- Fax: 202-493-2251;
- Mail: Docket Management Facility, U.S. Department of Transportation, 1200 New Jersey Avenue, SE., West Building Ground Floor, Room W12-140, Washington, DC 20590; or
- Hand Delivery: Room W12-140 of the U.S. Department of Transportation West Building Ground Floor, 1200 New Jersey Avenue, SE., Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

Communications received within 30 days of the date of this notice will be considered by FRA before final action is taken. Comments received after that date will be considered as far as practicable. All written communications concerning these proceedings are available for examination during regular business hours (9 a.m.–5 p.m.) at the above facility. All documents in the public docket are also available for inspection and copying on the Internet at the docket facility's Web site at <http://www.regulations.gov>.

FRA wishes to inform all potential commenters that anyone is able to search the electronic form of all comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, etc.). You may review DOT's complete Privacy Act Statement in the **Federal Register** published on April 11, 2000 (65 FR 19477) or at <http://www.dot.gov/privacy.html>.

Issued in Washington, DC, on August 9, 2010.
