Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202–205–2000. General information concerning the Commission may also be obtained by accessing its Internet server (<http://www.usitc.gov>). The public record for these reviews may be viewed on the Commission's electronic docket (EDIS) at <http://edis.usitc.gov>.

SUPPLEMENTARY INFORMATION:

Background.—On August 6, 2010, the Commission determined that the domestic interested party group response to its notice of institution (75 FR 23295, May 3, 2010) of the subject five-year reviews was adequate and that the respondent interested party group response was inadequate. The Commission did not find any other circumstances that would warrant conducting full reviews.¹ Accordingly, the Commission determined that it would conduct expedited reviews pursuant to section 751(c)(3) of the Act.

Staff report.—A staff report containing information concerning the subject matter of the reviews will be placed in the nonpublic record on September 16, 2010, and made available to persons on the Administrative Protective Order service list for these reviews. A public version will be issued thereafter, pursuant to section 207.62(d)(4) of the Commission's rules.

Written submissions.—As provided in section 207.62(d) of the Commission's rules, interested parties that are parties to the reviews and that have provided individually adequate responses to the notice of institution,² and any party other than an interested party to the

reviews may file written comments with the Secretary on what determination the Commission should reach in the reviews. Comments are due on or before September 22, 2010, and may not contain new factual information. Any person that is neither a party to the five-year reviews nor an interested party may submit a brief written statement (which shall not contain any new factual information) pertinent to the reviews by September 22, 2010. However, should the Department of Commerce extend the time limit for its completion of the final results of its reviews, the deadline for comments (which may not contain new factual information) on Commerce's final results is three business days after the issuance of Commerce's results. If comments contain business proprietary information (BPI), they must conform with the requirements of sections 201.6, 207.3, and 207.7 of the Commission's rules. The Commission's rules do not authorize filing of submissions with the Secretary by facsimile or electronic means, except to the extent permitted by section 201.8 of the Commission's rules, as amended, 67 FR 68036 (November 8, 2002). Even where electronic filing of a document is permitted, certain documents must also be filed in paper form, as specified in II (C) of the Commission's Handbook on Electronic Filing Procedures, 67 FR 68168, 68173 (November 8, 2002).

In accordance with sections 201.16(c) and 207.3 of the rules, each document filed by a party to the reviews must be served on all other parties to the reviews (as identified by either the public or BPI service list), and a certificate of service must be timely filed. The Secretary will not accept a document for filing without a certificate of service.

Determination.—The Commission has determined to exercise its authority to extend the review period by up to 90 days pursuant to 19 U.S.C. 1675(c)(5)(B).

Authority: These reviews are being conducted under authority of title VII of the Tariff Act of 1930; this notice is published pursuant to section 207.62 of the Commission's rules.

By order of the Commission.

Issued: August 10, 2010.

Marilyn R. Abbott,

Secretary to the Commission.

technology, e.g., permitting electronic submission of responses.

Overview of This Information Collection

(1) Type of Information Collection: Extension with Change of a previously approved collection.

(2) Title of the Form/Collection: SENTRY Early Warning and Response System.

(3) Agency form number, if any, and the applicable component of the Department of Justice sponsoring the collection: Form Number: NDIC Form # N/A.

(4) The 2004 National Synthetic Drugs Action Plan designated NDIC the lead agency for developing an early warning and response system. This instrument is critical for NDIC to detect emerging drug abuse and production trends and thereafter notify law enforcement demand authorities and prepared associated reports.

From February 2009 until March 2010, the SENTRY Synthetic Drug Early Warning System was available only to specifically targeted groups including chemists; education providers (teachers, administrators, school resource officers, or school nurses); law enforcement personnel; treatment providers (physicians specializing in drug abuse issues); medical service personnel (physicians, nurses, emergency medical technicians, medical examiners); and other specific groups such as drug intelligence analysts.

At this juncture, the National Drug Intelligence Center (NDIC) has determined that some SENTRY information may be of interest to members of the general public. As of June 2010, all SENTRY DrugAlert Watches, DrugAlert Warnings, and News and Bulletins have been made accessible to the general public via the NDIC public facing Web site. Additionally, NDIC will make the SENTRY Geographical Information System Map accessible to the general public, with a truncated Information Drop that includes: color-coded substance categories, submission/event details and outcomes (if known), and a general geographical locality of the submission/event.

(5) An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond: It is estimated that approximately 300 respondents will submit a tip requiring approximately 15 minutes. Use of the system is expected to increase significantly.

(6) As estimate of the total public burden (in hours) associated with the collection: There is an estimated 75 total

annual burden hours associated with this collection.
