SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency’s ability to perform its statutory obligations. The Director, Information Collection Clearance Division, Regulatory Information Management Services, Office of Management, publishes that notice containing proposed information collection requests prior to submission of these requests to OMB. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g. new, revision, extension, or reinstatement; (2) Title; (3) Summary of the need for, and proposed use of, the information; (4) Respondents and frequency of collection; and (5) Reporting and/or Recordkeeping burden. OMB invites public comment.

The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology.

Dated: August 11, 2010.

Darrin A. King,
Director, Information Collection Clearance Division, Regulatory Information Management Services, Office of Management.

Office of Special Education and Rehabilitative Services
Type of Review: Revision.

[Project No. 13714–000]

El Dorado Irrigation District; Notice of Application Accepted for Filing and Soliciting Comments, Motions To Intervene, Protests, Recommendations, and Terms and Conditions

August 10, 2010.

Take notice that the following hydroelectric application has been filed with the Commission and is available for public inspection:

a. Type of Application: Conduit Exemption.
b. Project No.: 13714–000.
c. Date filed: April 19, 2010.
d. Applicant: El Dorado Irrigation District.
e. Name of Project: Tank 7 In-conduit Hydroelectric Project.
f. Location: The proposed Tank 7 In-conduit Hydroelectric Project would be located on the Pleasant Oak main pipeline at the Tank 7 storage tank in El Dorado County, California. The land on which all the project structures are located is owned by the applicant.
h. Applicant Contact: Mr. Brian Deason, El Dorado Irrigation District, 9050, 2890 Mosquito Road, Placerville, CA 95672, phone (530) 622–4512.
i. FERC Contact: Robert Bell, (202) 502–6062, Robert.bell@ferc.gov.

j. Status of Environmental Analysis: This application is ready for environmental analysis at this time, and the Commission is requesting comments, reply comments, recommendations, terms and conditions, and prescriptions.
k. Deadline for filing responsive documents: Due to the small size of the proposed project, as well as the resource agency consultation letters filed with the application, the 60-day timeframe specified in 18 CFR 4.43(h) for filing all comments, motions to intervene, protests, recommendations, terms and conditions, and prescriptions is shortened to 30 days from the issuance date of this notice. All reply comments filed in response to comments submitted by any resource agency, Indian tribe, or person, must be filed with the Commission within 45 days from the issuance date of this notice. Comments, protests, and interventions may be filed electronically via the Internet in lieu of paper; see 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission’s web
site under the “e-Filing” link. The Commission strongly encourages electronic filings.

The Commission’s Rules of Practice and Procedure require all intervenors filing documents with the Commission to serve a copy of that document on each person in the official service list for the project. Further, if an intervenor files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency.

1. Description of Project: The proposed Tank 7 In-conduit Hydroelectric Project consists of: (1) A proposed 24-inch-diameter intake pipeline; (2) a proposed powerhouse containing three proposed generating units with a total installed capacity of 590 kilowatts, (3) a proposed 24-inch-diameter discharge pipeline; and (4) appurtenant facilities. The applicant estimates the project would have an average annual generation of 1.75 gigawatt-hours. This filing is available for review and reproduction at the Commission in this proceeding, in the Public Reference Room, Room 2A, 888 First Street, NE., Washington, DC 20426. The filing may also be viewed on the web at http://www.ferc.gov using the “eLibrary” link. Enter the docket number, here P–13714, in the docket number field to access the document. For assistance, call toll-free 1–866–208–3676 or e-mail FERCOnlineSupport@ferc.gov. A copy is also available for review and reproduction at the address in item h above.

n. Development Application—Any qualified applicant desiring to file a competing application must submit to the Commission, on or before the specified deadline date for the particular application, a competing development application, or a notice of intent to file such an application. Submission of a timely notice of intent allows an interested person to file the competing development application no later than 120 days after the specified deadline date for the particular application. Applications for preliminary permits will not be accepted in response to this notice.

o. Notice of Intent—A notice of intent must specify the exact name, business address, and telephone number of the prospective applicant, and must include an unequivocal statement of intent to submit a competing development application. A notice of intent must be served on the applicant(s) named in this proceeding.

p. Protests or Motions to Intervene—Anyone may submit a protest or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, 385.211, and 385.214. In determining the appropriate action to take, the Commission will consider all protests filed, but only those who file a motion to intervene in accordance with the Commission’s Rules may become a party to the proceeding. Any protests or motions to intervene must be received on or before the specified deadline date for the particular application.

q. All filings must (1) bear in all capital letters the title “PROTEST”, “MOTION TO INTERVENE”, “NOTICE OF INTENT TO FILE COMPETING APPLICATION”, “COMPETING APPLICATION”, “COMMENTS”, “REPLY COMMENTS,” “RECOMMENDATIONS,” “TERMS AND CONDITIONS,” or “PRESCRIPTIONS;” (2) be submitted on or before the specified deadline date for the particular application; and (4) otherwise comply with the requirements of 18 CFR 385.2001 through 385.2005. All comments, recommendations, terms and conditions or prescriptions must set forth their evidentiary basis and otherwise comply with the requirements of 18 CFR 4.34(b). Agencies may obtain copies of the application directly from the applicant. Any of these documents must be filed by providing the original and seven copies to: The Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426. An additional copy must be sent to Director, Division of Hydropower Administration and Compliance, Office of Energy Projects, Federal Energy Regulatory Commission, at the above address. A copy of any protest or motion to intervene must be served upon each representative of the applicant specified in the particular application. A copy of all other filings in reference to this application must be accompanied by proof of service on all persons listed in the service list prepared by the Commission in this proceeding, in accordance with 18 CFR 4.34(b) and 385.2010.

r. Waiver of Pre-filing Consultation: In a letter dated April 1, 2010, the applicant requested the agencies’ support to waive the Commission’s consultation requirements under 18 CFR 4.38(c). The U.S. Fish and Wildlife Service, in response to the request, recommended that a habitat assessment be completed to assess the actual potential for federally listed species to occur within the project area. No other comments were received. Therefore, we intent to accept the consultation that has occurred on this project during the pre-filing period and we intend to waive pre-filing consultation under section 4.38(c), which requires, among other things, conducting studies requested by resource agencies, and distributing and consulting on a draft exemption application.

Kimberly D. Bose,
Secretary.
