SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this Action Apply to Me?

This action is directed to the public in general. Although this action may be of particular interest to persons who produce or use pesticides, the Agency has not attempted to describe all the specific entities that may be affected by this action. If you have any questions regarding the information in this notice,

consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

B. What Should I Consider as I Prepare My Comments for EPA?

1. *Submitting CBI.* Do not submit this information to EPA through [regulations.gov](http://www.regulations.gov) or e-mail. Clearly mark the part or all of the information that you claim to be CBI. For CBI information in a disk or CD-ROM that you mail to EPA, mark the outside of the disk or CD-ROM as CBI and then identify electronically within the disk or CD-ROM the specific information that is claimed as CBI. In addition to one complete version of the comment that includes information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket. Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

2. *Tips for preparing your comments.* When submitting comments, remember to:

- i. Identify the document by docket ID number and other identifying information (subject heading, **Federal Register** date and page number).
- ii. Follow directions. The Agency may ask you to respond to specific questions or organize comments by referencing a Code of Federal Regulations (CFR) part or section number.
- iii. Explain why you agree or disagree, suggest alternatives and substitute language for your requested changes.
- iv. Describe any assumptions and provide any technical information and/or data that you used.
- v. If you estimate potential costs or burdens, explain how you arrived at your estimate in sufficient detail to allow for it to be reproduced.
- vi. Provide specific examples to illustrate your concerns and suggest alternatives.
- vii. Explain your views as clearly as possible, avoiding the use of profanity or personal threats.
- viii. Make sure to submit your comments by the comment period deadline identified.

II. What Action is the Agency Taking?

This notice announces receipt by the Agency of an application from the registrant to cancel a technical grade active ingredient pesticide product registered under section 3 or 24(c) of FIFRA. This registration is listed by registration number, product and chemical name in Table 1 of this unit.

TABLE 1.—REGISTRATION WITH PENDING REQUEST FOR CANCELLATION

Registration No.	Product Name	Chemical Name
70127-4	Beetleball Technical	4-Allyl Anisole (Estragole)

Unless this request is withdrawn by the registrant within 30 days of publication of this notice, orders will be issued canceling this registration. Users of this pesticide or anyone else desiring the retention of this registration should contact the registrant directly during this 30-day period.

Table 2 of this unit includes the name and address of record for the registrant listed in Table 1 of this unit by the EPA company number.

TABLE 2.—REGISTRANT REQUESTING VOLUNTARY CANCELLATION

EPA Company No.	Company Name and Address
70127	Novozymes Biologicals, Inc. 5400 Corporate Circle Salem, Virginia 24153

III. What is the Agency's Authority for Taking this Action?

Section 6(f)(1) of FIFRA provides that a registrant of a pesticide product may at any time request that any of its pesticide registrations be canceled. FIFRA further provides that, before acting on the request, EPA must publish a notice of receipt of request in the **Federal Register**. Thereafter, the Administrator may approve the request.

IV. Procedures for Withdrawal of Request

Registrants who choose to withdraw a request for cancellation must submit withdrawal in writing to the person listed under **FOR FURTHER INFORMATION CONTACT**, postmarked before September 17, 2010. This written withdrawal of the request for cancellation will apply only to the applicable FIFRA section 6(f)(1) request listed in this notice. If the product has been subject to a previous cancellation action, the effective date of cancellation and all other provisions of any earlier cancellation action are controlling. The withdrawal request must also include a commitment to pay any reregistration fees due, and to fulfill any applicable unsatisfied data requirements.

V. Provisions for Disposition of Existing Stocks

Existing stocks are those stocks of registered pesticide products currently

in the United States and were packaged, labeled, and released for shipment prior to the effective date of the cancellation action. EPA's existing stocks policy (56 FR 29362) provides that: "If a registrant requests to voluntarily cancel a registration where the Agency has identified no particular risk concerns, the registrant has complied with all applicable conditions of reregistration, conditional registration, and data call ins, and the registration is not subject to the Registration Standard, Label Improvement Program, or reregistration decision. The Agency will generally permit a registrant to sell or distribute existing stocks for 1 year after the cancellation request was received. Persons other than registrants will generally be allowed to sell, distribute, or use existing stocks until such stocks are exhausted."

Upon cancellation of the pesticide identified in Table 1 of Unit II., EPA anticipates allowing sale, distribution, and use as described in this unit. Exception to this general policy will be made in specific cases when more stringent restrictions on sale, distribution, or use of the products or their ingredients have already been imposed, as in a special review action, or where the Agency has identified significant potential risk concerns associated with a particular chemical.
