Regulations Governing Agencies for Issue of United States Savings Bonds; Offering of United States Savings Bonds, Series EE; Regulations Governing Definitive United States Savings Bonds, Series EE and HH; Offering of United States Savings Bonds, Series I

ACTION: Final rule.

SUMMARY: Treasury is discontinuing the issuance of definitive (paper) savings bonds through payroll savings plans.

DATES: Effective Date: The amendments to 31 CFR 351.47 and 31 CFR 359.35 are effective on October 1, 2010; all other amendments are effective on January 1, 2011.

SUPPLEMENTARY INFORMATION: United States Savings Bonds are non-marketable Treasury securities which have been sold continuously since March 1935. Savings bonds were introduced as a means of encouraging broad public participation in government financing by making Treasury securities available in small denominations specially tailored to the small investor. Today, savings bonds continue to be an important savings and investment tool for individuals, and Treasury is committed to offering savings bonds to the public as efficiently as possible.

In order to reduce costs, to increase the reliability and security of transactions by moving from paper to electronic, and to minimize the Treasury’s impact on the environment, Treasury is discontinuing the issuance of definitive (paper) savings bonds through payroll savings plans. Treasury will eliminate the option to purchase paper savings bonds through payroll deductions for United States government employees on October 1, 2010, and for all other employees on January 1, 2011. This policy covers only paper savings bonds purchased through payroll sales; individuals will still be able to purchase paper savings bonds at financial institutions for themselves and as gifts. Payroll savers will be encouraged to continue their purchases through TreasuryDirect®, a web-based system that allows investors to buy and hold electronic savings bonds. Transitioning employees to electronic payroll purchases saves employers administrative costs and allows employees to manage their own savings bond accounts.

Procedural Requirements
Executive Order 12866. This rule is not a significant regulatory action pursuant to Executive Order 12866.

Administrative Procedure Act (APA). Because this rule relates to United States securities, which are contracts between Treasury and the owner of the security, this rule falls within the contract exception to the APA, 5 U.S.C. 553(a)(2). As a result, the notice, public comment, and delayed effective date provisions of the APA are inapplicable to this rule.

Regulatory Flexibility Act. The provisions of the Regulatory Flexibility Act, 5 U.S.C. 601 et seq., do not apply to this rule because, pursuant to 5 U.S.C. 553(a)(2), it is not required to be issued with notice and opportunity for public comment.

Paperwork Reduction Act (PRA).
There is no new collection of information contained in this final rule that would be subject to the PRA, 44 U.S.C. 3501 et seq. Under the PRA, an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid Office of Management and Budget control number. The Office of Management and Budget already has approved all collections of information in 31 CFR Part 353 (OMB No. 1535–0009, 1535–0023, 1535–0063) and Part 359 (OMB No. 1535–0111).

Congressional Review Act (CRA). This rule is not a major rule pursuant to the CRA, 5 U.S.C. 801 et seq., because it is a minor amendment that is expected to decrease costs for taxpayers and for employers; therefore, this rule is not expected to lead to any of the results listed in 5 U.S.C. 804(2). This rule may take immediate effect after we submit a copy of it to Congress and the Comptroller General.

SUPPLEMENTARY INFORMATION: The Wilmington Family YMCA on behalf of the NCDOT requested a temporary deviation from the current operating regulations of the S.R. 74 Bridge across the Atlantic Intracoastal Waterway (AIWW), mile 283.1, at Wrightsville Beach and the Isabel S. Holmes Bridge across the Northeast Cape Fear River, mile 1.0, at Wilmington. The current operating schedules for the aforementioned bridges are set out in 33 CFR 117.821(a) (4) and 33 CFR 117.829(a) respectively. The requested deviation is to accommodate the Third Annual Beach2Battleship Iron and Half-Iron distance Triathlons scheduled for Saturday, November 13, 2010.

The S.R. 74 Bridge at Wrightsville Beach is a lift drawbridge with a vertical clearance of 20 feet above mean high water (MHW) in the closed position. The Isabel S. Holmes Bridge at Wilmington is a lift drawbridge with a vertical clearance of 40 feet above MHW in the closed position. Vessels that can pass under the bridge in the closed-to-navigation position can do so at any time. The bridge will not be able to open for emergencies.

The Coast Guard will inform the users of the waterways through our Local and Broadcast Notices to Mariners of the two bridge closures so that vessels can arrange their transits to minimize any impact caused by the temporary deviation. There are no alternate routes available to vessel traffic.

To facilitate the races, the drawbridges will be maintained in the closed-to-navigation position on November 13, 2010, at the following times: From 7 a.m. to 10:30 a.m. for the S.R. 74 Bridge and from 12 p.m. to 11:59 p.m. for the Isabel S. Holmes Bridge.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the designated time period. This deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: August 12, 2010.

Chief, Bridge Administration Branch, Fifth Coast Guard District.
