

reporting periods is defined as the preceding cost reporting period's target amount increased by the hospital inpatient prospective payment system (IPPS) update factor for that particular cost reporting period.

Covered inpatient hospital services means inpatient hospital services (defined in section 1861(b) of the Act) and includes extended care services furnished under an agreement under section 1883 of the Act.

Section 410A of Public Law 108-173 requires that, "in conducting the demonstration program under this section, the Secretary shall ensure that the aggregate payments made by the Secretary do not exceed the amount which the Secretary would have paid if the demonstration program under this section was not implemented." In order to achieve budget neutrality for this demonstration program in fiscal years (FYs) 2005, 2006, 2007, 2008, 2009, and 2010, we adjusted the national IPPS rates by an amount sufficient to offset the added costs of this demonstration program. We presented an estimate of the amount to offset additional costs due to the demonstration program in FY 2011, including the costs of additional rural community hospitals, in the FY 2011 inpatient prospective payment system/long-term care hospital prospective payment system (IPPS/LTCH PPS) supplemental proposed rule (see the June 2, 2010 **Federal Register** (75 FR 30918)).

B. Participation in the Demonstration

To participate in the demonstration, a hospital must be located in one of the identified States with low-population density and meet the criteria for a rural community hospital. Eligible hospitals that desire to participate in the demonstration must properly submit a timely application. Information about the demonstration and details on how to apply can be found on the CMS Web site: http://www.cms.gov/DemoProjectsEvalRpts/downloads/2004_Rural_Community_Hospital_Demonstration_Program.pdf.

III. Collection of Information Requirements

The information collection requirements contained in this notice are subject to the Paperwork Reduction Act of 1995. As discussed in section II.B. of this notice, a hospital must submit the required information on the cover sheet of the CMS Medicare Waiver Demonstration Application to receive consideration by the technical review panel. The burden associated is the time and effort necessary to complete the Medicare Waiver Application and

submit the information to CMS. The burden associated with this requirement is currently approved under the Office of Management and Budget control number 0938-0880 with an expiration date of November 20, 2010.

Authority: Section 10313 of the Patient Protection and Affordable Care Act (Pub. L. 111-148)

(Catalog of Federal Domestic Assistance Program No. 93.773 Medicare—Hospital Insurance Program; and No. 93.774, Medicare—Supplementary Medical Insurance Program).

Dated: June 22, 2010.

Marilyn Tavenner,

Acting Administrator and Chief Operating Officer, Centers for Medicare & Medicaid Services.

DEPARTMENT OF HOMELAND SECURITY

Transportation Security Administration

[Docket No. TSA-2003-14610]

Intent To Request Renewal From OMB of One Current Public Collection of Information: Security Threat Assessment for Individuals Applying for a Hazardous Materials Endorsement for a Commercial Drivers License

AGENCY: Transportation Security Administration, DHS.

ACTION: 60 day Notice.

SUMMARY: The Transportation Security Administration (TSA) invites public comment on one currently approved Information Collection Request (ICR), Office of Management and Budget (OMB) control number 1652-0027, abstracted below that we will submit to OMB for renewal in compliance with the Paperwork Reduction Act (PRA). The ICR describes the nature of the information collection and its expected burden. The collection involves applicant submission of biometric and biographic information for TSA's security threat assessment in order to obtain the hazardous materials endorsement (HME) on a commercial drivers license (CDL) issued by the U.S. States and the District of Columbia.

DATES: Send your comments by October 29, 2010.

ADDRESSES: Comments may be e-mailed to TSAPRA@dhs.gov or delivered to the TSA PRA Officer, Office of Information Technology (OIT), TSA-11, Transportation Security Administration,

601 South 12th Street, Arlington, VA 20598-6011.

FOR FURTHER INFORMATION CONTACT: Joanna Johnson at the above address, or by telephone (571) 227-3651.

SUPPLEMENTARY INFORMATION:

Comments Invited

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The ICR documentation is available at <http://www.reginfo.gov>. Therefore, in preparation for OMB review and approval of the following information collection, TSA is inviting comments to—

(1) Evaluate whether the proposed information requirement is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including using appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Information Collection Requirement

OMB Control Number 1652-0027; Security Threat Assessment for Individuals Applying for a Hazardous Materials Endorsement for a Commercial Drivers License, 49 CFR part 1572. TSA is requesting renewal of the currently approved ICR with minor changes. This collection supports the implementation of section 1012 of the USA PATRIOT Act (Pub. L. 107-56, 115 Stat. 272, 396, Oct. 26, 2001), which mandates that no State or the District of Columbia may issue a hazardous materials endorsement (HME) on a commercial driver's license (CDL) unless TSA has first determined the driver is not a threat to transportation security. On November 24, 2004, TSA published the final rule in the **Federal Register** (69 FR 68720), codified at 49 CFR part 1572, that describes the procedures, standards, and eligibility criteria for security threat assessments on individuals seeking to obtain, renew, or transfer a HME on a CDL. TSA subsequently amended the rule on January 25, 2007 (72 FR 3492). In order to conduct the security threat assessment, States (or TSA's agent in

States that elect to have TSA perform the collection of information) must collect information in addition to that already collected for the purpose of HME applications, which will occur once approximately every five years. The driver is required to submit an application that includes personal biographic information (for instance, height, weight, eye and hair color, date of birth); information concerning legal status, mental health defects history, and criminal history; as well as fingerprints. TSA is amending the application to collect optional minor additional information, such as U.S. Department of State forms showing birth abroad to U.S. citizens and U.S. passport number. This information helps the applicant prove U.S. citizenship even though the applicant was born abroad. Also, the application will ask the applicant to state whether he is a new applicant, or is applying to renew or transfer the HME. This will enable the program to better understand and forecast driver retention, transfer rate, and drop-rate to help improve customer service, reduce program costs, and provide comparability with other Federal background checks, including the Transportation Workers Identification Credential (TWIC). TSA is removing items concerning military service. In addition, the rule (49 CFR part 1572) requires States to maintain a copy of the driver application for a period of one year.

These changes should reduce the burden on applicants, States, and TSA. By receiving this information during the application process, requests for additional information or documentation will be reduced during the post-adjudication process.

From 2011 through 2013, TSA estimates respondent drivers will spend approximately 2.9 million hours on the application and background check process. TSA estimates an annualized 300,000 respondents will apply for an HME, and that the application and background check process will involve 975,000 annualized hours. TSA estimates the total costs to respondent drivers will be \$80.3 million over the three-year period (\$27 million annualized).

Issued in Arlington, Virginia, on August 19, 2010.

Joanna Johnson,

Paperwork Reduction Act Officer, Office of Information Technology.
