SECURITIES AND EXCHANGE COMMISSION

Self-Regulatory Organizations: NASDAQ OMX PHLX, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Amendment to Rule 862 Relating to, Among Other Things, Eliminate Broker Discretionary Voting for All Elections of Directors, Except for Companies Registered Under the Investment Company Act of 1940

August 26, 2010.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"), 1 and Rule 19b–4 2 thereunder, notice is hereby given that on August 18, 2010, NASDAQ OMX PHLX, Inc. ("PHLX" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Exchange filed the proposal as a "non-controversial" proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act 3 and Rule 19b–4(f)(6) thereunder. 4 The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange, pursuant to Section 19(b)(1) of the Act 5 and Rule 19b–4 thereunder, 6 proposes to amend PHLX Rule 862 (Proxies at Direction of Owner) to comport with the Chicago Board Options Exchange ("CBOE") Rule 31.85(b) and the New York Stock Exchange ("NYSE") Rule 452 to eliminate broker discretionary voting for all elections of directors at shareholder meetings, whether contested or not, except for companies registered under the Investment Company Act of 1940 (the "1940 Act"), 7 to amend PHLX Rule 862 to preclude broker discretionary voting on a matter that materially amends an investment advisory contract with an investment company, and to define that a material amendment to an investment advisory contract would include any proposal to obtain shareholder approval of an investment company’s investment advisory contract with a new investment advisor. In addition, including the changes noted above, this proposal reorganizes the broker voting rules to specifically include 20 instances where member organizations may not vote without customer instructions, while retaining the prohibition that the member organization may not vote without instructions from the customer on matters that may substantially affect the rights and privileges of the stockholders. This proposal also clarifies proxy procedures and proxy record retention. The text of the proposed rule change is available on the Exchange’s Web site at http://www.nasdaqtrader.com/micro.aspx?id=PHLXRulefilings, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

PHLX Rule 862 provides instructions on how the proxies are voted. The purpose of the proposed rule change is to amend PHLX Rule 862(2) to comport with CBOE Rule 31.85(b) and NYSE Rule 452 to eliminate broker discretionary voting for all elections of directors at shareholder meetings, whether contested or not, except for companies registered under the Investment Company Act of 1940 (the “1940 Act”), to amend PHLX Rule 862 to preclude broker discretionary voting on a matter that materially amends an investment advisory contract with an investment company, and to define that a material amendment to an investment advisory contract would include any proposal to obtain shareholder approval of an investment company’s investment advisory contract with a new investment advisor. In addition, including the changes noted above, this proposal reorganizes the broker voting rules to specifically include 20 instances where member organizations may not vote without customer instructions, while retaining the prohibition that the member organization may not vote without instructions from the customer on matters that may substantially affect the rights and privileges of the stockholders. This proposal also clarifies proxy procedures and proxy record retention. The proposed amendment does not materially change the proxy rules with the exception of the changes made in this filing. Amending PHLX Rule 862 to comport with CBOE Rule 31.85 (b) and NYSE Rule 452 provides consistency among the exchanges to eliminate disparities regarding proxy voting. The Exchange proposes this amendment in response to a request by the Securities and Exchange Commission (the “Commission”) that self-regulatory organizations have uniform proxy rules regarding broker discretionary voting. 8 As a result, PHLX believes the broker discretionary voting amendments will have little impact on the market participants since the changes are in line with the rules of the other self-regulatory organizations as defined within the meaning of Section 3(a)(26)
