

requirements to ensure that bicycle helmets meet the standard's requirements. Certification regulations implementing the standard require manufacturers, importers, and private labelers of bicycle helmets subject to the standard to: (1) Perform tests to demonstrate that those products meet the requirements of the standard; (2) maintain records of those tests; and (3) affix durable labels to the helmets stating that the helmet complies with the applicable standard. The certification regulations are codified at 16 CFR part 1203, subpart B. On September 2, 2009, the Commission issued a notice of requirements that provides the criteria and process for Commission acceptance of accreditation of third party conformity assessment bodies for testing bicycle helmets that are considered children's products under the Consumer Product Safety Act (74 FR 45428).

The Commission uses the information compiled and maintained by manufacturers, importers, and private labelers of bicycle helmets subject to the standard to help protect the public from risks of injury or death associated with head injury associated with bicycle riding. More specifically, this information helps the Commission determine whether bicycle helmets subject to the standard comply with all applicable requirements. The Commission also uses this information to obtain corrective actions if bicycle helmets fail to comply with the standard in a manner that creates a substantial risk of injury to the public.

In the *Federal Register* of May 18, 2010 (75 FR 27734), the CPSC published a 60-day notice requesting public comment on the proposed collection of information. One comment was received. The commenter did not address the collection of information burdens. Instead, the commenter states that the collection of information should not be approved because it would delay implementation of bicycle helmet safety.

The commenter has misunderstood the purpose of the collection of information. The standard has been in effect since 1999, and continues to be in effect. The collection of information addresses the testing, certification, and recordkeeping requirements that are required to ensure that the standard's requirements are met.

We estimate the burden of this collection of information as follows. Approximately 30 firms manufacture or import bicycle helmets subject to the standard. There are an estimated 200 different models of bicycle helmets currently marketed in the United States.

The Commission staff estimates that the time required to comply with the collection of information requirements is approximately 100 to 150 hours per model per year. The total amount of time estimated for compliance with these requirements for testing, including third-party testing for children's bicycle helmets, certification, and recordkeeping will be 20,000 to 30,000 hours per year (200 models × 100 to 150 hours/model = 20,000 to 30,000 hours). The annualized cost to respondents for the hour burden for collection of information is \$1,138,600 to \$1,707,000 based on 20,000 to 30,000 hours times \$56.93 per hour (based on total compensation of all civilian workers in managerial and professional positions in the United States, September 2009, Bureau of Labor Statistics).

The estimated expenditure to the Federal government is approximately \$83,000 which includes 10 staff months and travel costs expended for examination of the information in records required to be maintained by the standard and implementing regulations.

Dated: August 26, 2010.

a. *Electronic Submission of Applications.*

Applications for grants under the AP Test Fee Program, CFDA Number 84.330B, must be submitted electronically using e-Application, accessible through the Department's e-Grants Web site at: <http://e-grants.ed.gov>.

We will reject your application if you submit it in paper format unless, as described elsewhere in this section, you qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. Further information regarding calculation of the date that is two weeks before the application deadline date is provided later in this section under *Exception to Electronic Submission Requirement*.

While completing your electronic application, you will be entering data online that will be saved into a database. You may not e-mail an electronic copy of a grant application to us.

*Please note the following:*

- You must complete the electronic submission of your grant application by 4:30:00 p.m., Washington, DC time, on the application deadline date.

E-Application will not accept an application for this program after 4:30:00 p.m., Washington, DC time, on the application deadline date.

Therefore, we strongly recommend that you do not wait until the application deadline date to begin the application process.

If you are prevented from electronically submitting your application on the application deadline date because e-Application is unavailable, we will grant you an extension of one business day to enable you to transmit your application electronically, by mail, or by hand delivery. We will grant this extension if—

- You are a registered user of e-Application and you have initiated an electronic application for this competition; and

- (a) E-Application is unavailable for 60 minutes or more between the hours of 8:30 a.m. and 3:30 p.m., Washington, DC time, on the application deadline date; or

- (b) E-Application is unavailable for any period of time between 3:30 p.m. and 4:30:00 p.m., Washington, DC time, on the application deadline date.

*Exception to Electronic Submission Requirement:* You qualify for an exception to the electronic submission requirement, and may submit your application in paper format, if you are unable to submit an application through e-Application because—

- You do not have access to the Internet; or

- You do not have the capacity to upload large documents to e-Application; and

- No later than two weeks before the application deadline date (14 calendar days or, if the fourteenth calendar day before the application deadline date falls on a Federal holiday, the next business day following the Federal holiday), you mail or fax a written statement to the Department, explaining which of the two grounds for an exception prevents you from using the Internet to submit your application. If you mail your written statement to the Department, it must be postmarked no later than two weeks before the application deadline date. If you fax your written statement to the Department, we must receive the faxed statement no later than two weeks before the application deadline date.

Address and mail or fax your statement to: Francisco Ramirez, U.S. Department of Education, 400 Maryland Avenue, SW., Room 3E224, Washington, DC 20202-6200. FAX: (202) 260-8969.

If your application is postmarked after the application deadline date, we will not consider your application.

## **V. Application Review Information**

The Department intends to fund, at some level, all applications that meet the requirements for Approval of Application as described in the application package for this program and that demonstrate need for new or additional funds to pay advanced placement exam fees on behalf of low-

income students for school year 2010–2011.

Also, in determining whether to approve an application for a new award (including the amount of the award) from an applicant with a current grant under this program, the Department will consider the amount of any carryover funds under the existing grant.

#### VI. Award Administration Information

1. *Award Notices:* If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN). We may notify you informally, also.

If your application is not evaluated or not selected for funding, we notify you.

2. *Administrative and National Policy Requirements:* We identify administrative and national policy requirements in the application package and reference these and other requirements in the *Applicable Regulations* section of this notice.

We reference the regulations outlining the terms and conditions of an award in the *Applicable Regulations* section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. *Reporting:* At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to <http://www.ed.gov/fund/grant/apply/appforms/appforms.html>.

4. *Performance Measures:* Under the Government Performance and Results Act of 1993 (GPRA), the Department has developed five performance measures to evaluate the overall effectiveness of the AP Test Fee and Advanced Placement Incentive (API) programs: (1) The number of advanced placement tests taken by low-income public school students nationally; (2) The number of advanced placement tests taken by minority (Hispanic, Black, Native American) public school students nationally; (3) The percentage of advanced placement tests passed (for AP exams, receiving scores of 3–5) by low-income public school students nationally; (4) The number of advanced placement tests passed (for AP exams, receiving scores of 3–5) by low-income public school students nationally; and (5) The cost per passage of an advanced placement test taken by a low-income public school student. The information provided by grantees in their final

performance reports will be one of the sources of data for this measure. Other sources of data include the College Board and IB Americas.
