LEGAL SERVICES CORPORATION

Request for Comments—LSC Budget Request for FY 2012

AGENCY: Legal Services Corporation.

ACTION: Request for Comments—LSC Budget Request for FY 2012.

SUMMARY: The Legal Services Corporation is beginning the process of developing its FY 2012 budget request to Congress and is soliciting suggestions as to what the request should be.

DATES: Written comments must be received on or before September 10, 2010.

ADDRESSES: Written comments may be submitted by mail, fax or e-mail to David L. Richardson, Treasurer, Legal Services Corporation, 3333 K St., NW., Washington, DC 20007; 202–295–1630 phone; 202–337–6834 (fax); david.richardson@lsc.gov.

FOR FURTHER INFORMATION CONTACT: David L. Richardson, Treasurer, Legal Services Corporation, 3333 K St., NW., Washington, DC 20007; 202–295–1510 (phone); 202–337–6834 (fax); david.richardson@lsc.gov.

SUPPLEMENTARY INFORMATION: The Legal Services Corporation’s (LSC) mission is to promote equal access to justice in our Nation and to provide for high-quality civil legal assistance to low income persons. LSC submits an annual budget request directly to Congress and receives an annual direct appropriation to carry out its mission. For the current fiscal year (FY 2011), LSC received an appropriation of $420,000,000 of which $394,400,000 was for basic field programs and required independent audits; $4,200,000 was for the Office of Inspector General; $17,000,000 was for management and grants oversight; $3,400,000 was for technology initiative grants; and $1,000,000 was for loan repayment assistance; Consolidated Appropriations Act, 2010, Public Law 111–117 123 Stat. 3034 (December 16, 2009).

As part of its annual budget and appropriation process, LSC notifies the Office of Management and Budget (OMB) in September as to what the LSC budget request to Congress will be for the next fiscal year. Accordingly, LSC is currently in the process of formulating its FY 2012 budget request. The Finance Committee of the LSC Board of Directors will meet on September 21, 2010 to develop a recommendation to make to the full Board.

LSC invites public comment on what its FY 2012 budget request should be. Interested parties may submit comments to LSC by September 13, 2010. More information about LSC can be found at LSC’s Web site: http://www.lsc.gov.

Dated: August 30, 2010.
Patricia D. Batie,
Corporate Secretary.

BILLING CODE 7500–01–P

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

Notice of Permit Applications Received Under the Antarctic Conservation Act of 1978 (Pub. L. 95–541)

AGENCY: National Science Foundation.

ACTION: Notice of Permit Modification Received under the Antarctic Conservation Act of 1978, Public Law 95–541.

SUMMARY: The National Science Foundation (NSF) is required to publish a notice of requests to modify permits issued to conduct activities regulated under the Antarctic Conservation Act of 1978. NSF has published regulations under the Antarctic Conservation Act at Title 45 Part 670 of the Code of Federal Regulations. This is the required notice of a requested permit modification.

DATES: Interested parties are invited to submit written data, comments, or views with respect to this permit application by October 7, 2010. Permit applications may be inspected by interested parties at the Permit Office, Room 755, Directorate, NASA Headquarters, Washington, DC 20546. Additional information about LSC can be found at http://www.lsc.gov.

SUPPLEMENTARY INFORMATION: The agenda for the meeting includes the following topics:

—Astronomy & Astrophysics Decadal Survey report.
—Cost Containment.
—Program & Subcommittee Updates.
—Open domain publishing pilot program.

It is imperative that the meeting be held on this date to accommodate the scheduling priorities of the key participants.

P. Diane Rausch. Advisory Committee Management Officer, National Aeronautics and Space Administration and Space Administration.

BILLING CODE 7510–13–P
directed by the Antarctic Conservation Act of 1978 (Pub. L. 95–541), as amended by the Antarctic Science, Tourism and Conservation Act of 1996, has developed regulations for the establishment of a permit system for various activities in Antarctica and designation of certain animals and certain geographic areas requiring special protection. The regulations establish such a permit system to designate Antarctic Specially Protected Areas. 

Description of Permit Modification Requested: The Foundation issued a permit (2010–010) to Dr. Daniel P. Costa on January 5, 2010. The issued permit allows the applicant to census, tag, weigh, measure, and collect blood and tissue samples, and instrument mammals (Weddell, Crabeater, Ross, Leopard and Southern Elephant seals). The studies of these animals will help in understanding how they respond to temperature fluctuations and how their foraging behavior and habitat utilization varies over large spatial and temporal scales. The applicant requests a modification to his permit to administer 40–60 gr of 0–18 labeled water and to attach a small drag inducing device along with the ARGOS telemetry tag, a TDR and an accelerometer tag. The 0–18 water is a stable isotope and should have no adverse affect on the animal. This procedure will help to understand the foraging energy expenditure from isotopic turnover.

Location: Ross Sea and McMurdo Sound.

Dated: October 1, 2010 to December 31, 2012.

Nadene G. Kennedy,
Permit Officer, Office of Polar Programs.

BILLING CODE 7555–01–P

NUCLEAR REGULATORY COMMISSION

[ NRC–2010–0290]

Biweekly Notice; Applications and Amendments to Facility Operating Licenses Involving No Significant Hazards Considerations

I. Background

Pursuant to section 189a,(2) of the Atomic Energy Act of 1954, as amended (the Act), the U.S. Nuclear Regulatory Commission (the Commission or NRC) is publishing this regular biweekly notice. The Act requires the Commission to publish notice of any amendments issued, or proposed to be issued and grants the Commission the authority to issue and make immediately effective any amendment to an operating license upon a determination by the Commission that such amendment involves no significant hazards consideration, notwithstanding the pendency before the Commission of a request for a hearing from any person.

This biweekly notice includes all notices of amendments issued, or proposed to be issued from August 25, 2010, to September 8, 2010. The last biweekly notice was published on August 24, 2010 (75 FR 52039).

Notice of Consideration of Issuance of Amendments to Facility Operating Licenses, Proposed No Significant Hazards Consideration Determination, and Opportunity for a Hearing

The Commission has made a proposed determination that the following amendment requests involve no significant hazards consideration. Under the Commission’s regulations in Title 10 of the Code of Federal Regulations (10 CFR), Section 50.92, this means that operation of the facility in accordance with the proposed amendment would not (1) involve a significant increase in the probability or consequences of an accident previously evaluated; or (2) create the possibility of a new or different kind of accident from any accident previously evaluated; or (3) involve a significant reduction in a margin of safety. The basis for this proposed determination for each amendment request is shown below.

The Commission is seeking public comments on this proposed determination. Any comments received within 30 days after the date of publication of this notice will be considered in making any final determination.

Normally, the Commission will not issue the amendment until the expiration of 60 days after the date of publication of this notice. The Commission may issue the license amendment before expiration of the 60-day period provided that its final determination is that the amendment involves no significant hazards consideration. In addition, the Commission may issue the amendment prior to the expiration of the 30-day comment period should circumstances change during the 30-day comment period such that failure to act in a timely way would result, for example in derating or shutdown of the facility. Should the Commission take action prior to the expiration of either the comment period or the notice period, it will publish in the Federal Register a notice of issuance. Should the Commission make a final No Significant Hazards Consideration Determination, any hearing will take place after issuance. The Commission expects that the need to take this action will occur very infrequently.

Written comments may be submitted by mail to the Chief, Rules, Announcements and Directives Branch (RADB), TBW–05–B01M, Division of Administrative Services, Office of Administration, U.S. Nuclear Regulatory Commission, Washington, DC 20555–0001, and should cite the publication date and page number of this Federal Register notice. Written comments may also be faxed to the RADB at 301–492–3446. Documents may be examined, and/or copied for a fee, at the NRC’s Public Document Room (PDR), located at One White Flint North, Public File Area O1F21, 11555 Rockville Pike (first floor), Rockville, Maryland.

Within 60 days after the date of publication of this notice, any person(s) whose interest may be affected by this action may file a request for a hearing and a petition to intervene with respect to issuance of the amendment to the subject facility operating license. Requests for a hearing and a petition for leave to intervene shall be filed in accordance with the Commission’s “Rules of Practice for Domestic Licensing Proceedings” in 10 CFR Part 2. Interested person(s) should consult a current copy of 10 CFR 2.309, which is available at the Commission’s PDR, located at One White Flint North, Public File Area O1F21, 11555 Rockville Pike (first floor), Rockville, Maryland. Publicly available records will be accessible from the Agencywide Documents Access and Management System’s (ADAMS) Public Electronic Reading Room on the Internet at the NRC Web site, http://www.nrc.gov/reading-rm/doc-collections/cfr/. If a request for a hearing or petition for leave to intervene is filed by the above date, the Commission or a presiding officer designated by the Commission or by the Chief Administrative Judge of the Atomic Safety and Licensing Board Panel, will rule on the request and/or petition; and the Secretary or the Chief Administrative Judge of the Atomic Safety and Licensing Board will issue a notice of a hearing or an appropriate order.

As required by 10 CFR 2.309, a petition for leave to intervene shall set forth with particularity the interest of the petitioner in the proceeding, and how that interest may be affected by the results of the proceeding. The petition should specifically explain the reasons why intervention should be permitted with particular reference to the following general requirements: (1) The
