Final Results of Expedited Sunset Review: Heavy Iron Construction Castings from Brazil

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On May 3, 2010, the Department of Commerce (“the Department”) initiated the third sunset review of the countervailing duty order (“CVD”) on heavy iron construction castings from Brazil pursuant to section 751(c) of the Tariff Act of 1930, as amended (“the Act”). On the basis of a notice of intent to participate and an adequate substantive response filed on behalf of the domestic interested parties and an inadequate response from respondent interested parties (in this case, no response), the Department conducted an expedited sunset review of the CVD order pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(B). As a result of this sunset review, the Department finds that revocation of the CVD order would be likely to lead to continuation or recurrence of a countervailable subsidy

at the level indicated in the “Final Results of Review” section of this notice.

EFFECTIVE DATE: September 8, 2010.

FOR FURTHER INFORMATION CONTACT: Christopher Hargett or David Goldberger, AD/CVD Enforcement, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-4161 or (202) 482-4136, respectively.

SUPPLEMENTARY INFORMATION:

Background

On May 3, 2010, the Department initiated the third sunset review of the CVD order on iron construction castings from Brazil pursuant to section 751(c) of the Act. *See Initiation of Five-year (“Sunset”) Reviews*, 75 FR 23240 (May 3, 2010). The Department received a notice of intent to participate from the following domestic interested parties: East Jordan Iron Works, Inc., Neenah Foundry Company, and U.S. Foundry & Manufacturing Co. (collectively, “domestic interested parties”), within the deadline specified in 19 CFR 351.218(d)(1)(i). The domestic interested parties claimed interested party status under section 771(9)(C) of the Act, as domestic producers engaged

in the production of subject merchandise in the United States.

The Department received an adequate substantive response collectively from the domestic interested parties within the 30-day deadline specified in 19 CFR 351.218(d)(3)(i). However, the Department did not receive a substantive response from any government or respondent interested party to this proceeding. As a result, pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C)(2), the Department conducted an expedited review of the CVD order.

Scope of the Order

The merchandise subject to the CVD order consists of certain heavy iron construction castings from Brazil. The merchandise is defined as manhole covers, rings and frames; catch basin grates and frames; and cleanout covers and frames used for drainage or access purposes for public utility, water and sanitary systems. The merchandise is currently classified under Harmonized Tariff Schedule (“HTS”) item number 7325.10.00.

The HTS item number subject to the CVD order is provided for convenience and customs purposes. The written product description remains dispositive.
